

LEGO Robotics Camp

Are you interested in learning basic programming, engineering, and design in a fun way? If so, the ALA robotics team is hosting the perfect summer camp for you! Join now to get a head start on your STEM experience.

Who For:

4th grade and Up

When:

June 16th-June 27th
Monday-Friday
8-10 am

What:

Basic LEGO engineering, block programming, and Computer Aided Design.

Where:

ALA Queen Creek High School's Cafeteria

Cost: \$150

Website for Enrollment:

<https://www.alaschools.org/lego-robotics-camp>

What's New: This year, we have incorporated a new 3D modeling software into the curriculum of the camp. This means YOU will be able to take home your own 3D printed trinkets that YOU design on the computer using the TinkerCAD Software.

Student Lead:

Lead by Varsity robotics team with the help From Mr. Doig.

This class will allow you to expand your knowledge of STEM and robotics using Lego Mindstorm Kits.

If you are looking to get ahead in these areas, this class could be just for you!!!
