

DISTRICT SECONDARY PHONE CONTACT

In the event that district's primary phone system experiences a technological issue, the school district maintains three emergency contact numbers in case the main phone number (570-853-4921) is out of service. The emergency contact numbers are as follows:

Elementary Office	570-853-3092
High School Office	570-853-3918
Administration Office	570-853-3768

These phone lines also serve as fax lines and will only be answered by district personnel if the district's primary phone system is out of service.

Thank you,

John Rushefski
Superintendent of Schools
