

Working Offline with your Chromebook

Chromebooks have the ability to work offline. Once online they sync all the students files that are in Google Drive only. **Chieftain Gym parking lot has school wifi 24/7**

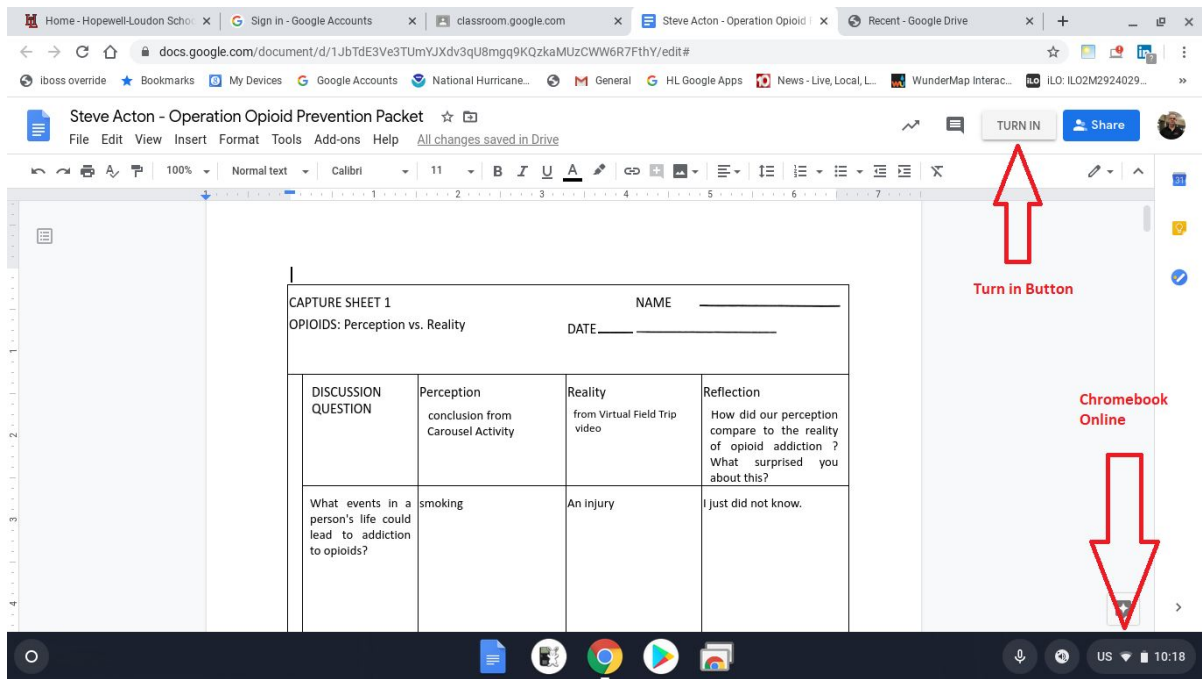

1. If the assignment is on Google Classroom they will need to be online then open the document then go to File - Make available offline.

2. Now you can go to your Google Drive and work on the assignment until you can get back on WIFI.

- In order to turn in assignment you will need to get back on WIFI somewhere then open assignment and then click turn in button.

If you can't use your phone as a Hotspot, here is a listing of free WIFI locations.
