    - We will only be offering one catalogue.
- **Additional comments**
    - Sports equipment for classrooms. Wyatt sent a site but everything is really expensive. On Amazon it was way cheaper. They were thinking 2 bags per grade level plus an additional 4 which is 12 bags total. It will be around $512.00 to have 12 basketballs, 12 frisbees, 12 tetherballs, 12 volleyballs, 12 soccer balls. Does not include a bag. There would be 2 ball pumps per bag. We might add jump ropes and possibly a four square ball.
        - Lauren made a motion to spend up to $2000.00 to buy playground equipment to buy at least 12 bags and balls. We can decide where they will be stored later on. DeAnna seconded. Motion passes.
