SHREVEPORT

TITLE IX

Title IX of the Education Amendments of 1972 prohibits sex-based harassment and discrimination in educational institutions and programs that receive federal funds. LSU Health Shreveport (LSUHS) is committed to providing a learning and working environment that promotes integrity, civility, and mutual respect in an environment free of power-based violence (which includes dating/domestic violence, sex discrimination, sexual assault, sexual harassment, stalking, and retaliation).

UNDERSTANDING CONSENT

Consent is the affirmative and voluntary agreement to engage in a specific sexual activity during a sexual encounter. Consent cannot be given by any individual who is mentally or physically incapacitated (either through the effect of drugs, alcohol, or for any other reason) or under threat, coercion, or force. The absence of “no” or the existence of current/prior sexual activity or a relationship does not indicate consent.

BYSTANDER INTERVENTION

LSU Health Shreveport encourages its community members to interrupt and challenge situations that normalize potential power-based violence. The four Ds of bystander intervention provide guidance to safely de-escalate inappropriate and harmful situations.

✓ DIRECT

Identify the inappropriate behavior.
Separate the parties involved.

✓ DISTRACT

Change the topic or location.
Show a video on your phone.

✓ DELEGATE

Notify an advisor, supervisor, or law enforcement.
Ask someone with more authority for help.

✓ DELAY

Observe the parties to see if you can help.
Gather additional information if you are unsure.

KNOW YOUR TITLE IX

I. Policies

LSU Permanent Memorandum 73 and LSUHS Administrative Directives are in place to provide information regarding power-based violence prevention and education efforts and provide transparency on how LSUHS responds to allegations of prohibited conduct.

II. Mandatory Reporters

LSUHS faculty and staff (excluding confidential resources) must report all incidents of power-based violence to the Title IX Coordinator.

III. Confidential Resources

Students and employees may communicate with confidential resources about power-based violence without instituting notice under Title IX. Confidential resources may help facilitate supportive measures and assist with reporting to Title IX and/or law enforcement, if desired.

IV. Supportive Measures

Parties may request, or LSUHS may recommend, supportive measures to restore or preserve access to LSUHS's programs/activities and/or to prevent continued power-based violence. Supportive measures are available whether or not a formal complaint is filed.

V. Formal Complaint Process

LSUHS will conduct a thorough, prompt, and impartial investigation of formal complaints, prevent the reoccurrence of prohibited conduct, implement available remedies, and discipline individuals found responsible for violating relevant policies.

VI. Party's Rights

After receiving a formal complaint, the complainant and respondent will be notified of their rights and options.

VII. Privacy

Information will be kept private and shared on a need-to-know basis to properly investigate the complaint. The complainant and respondent have the right to review and comment on all evidence prior to a resolution.

VIII. Jurisdiction

The policies cover conduct occurring on-campus, in the online learning environment, and off-campus when LSUHS is sponsoring the event, a student/employee is representing LSUHS, or the conduct affects the safety or well-being of the LSUHS community.

IX. Retaliation

LSUHS will take immediate action to prevent and remedy retaliation against anyone who experiences power-based violence, reports it, participates in an investigation, or opposes conduct they believe violated policies.
