

SUBJECT: REIMBURSEMENT FOR MEALS/REFRESHMENTS**Travel Outside of District/Emergency Meetings**

School District officials and employees are entitled to reimbursement for necessary expenses incurred in the performance of their official duties. However, it is the position of the New York State Comptroller's Office that meals of public officers and employees generally should not be reimbursed or paid by the municipal entity unless the officer or employee is traveling outside his/her regular work area on official business for an extended period of time, or where events prevent them from taking off during mealtime for food consumption because of a pressing need to complete business. All requests for reimbursement must document who attended the meetings and how the meetings fit these conditions.

Staff/Board Meetings and District Events

However, the Board of Education recognizes that at certain times it may be appropriate to provide meals and/or refreshments at District meetings and/or events which are being held for an educational purpose. Prior approval of the Superintendent/designee must be obtained for food and beverages provided at meetings or activities which will be charged to the District.

Examples of authorized categories of expenditures include but are not limited to refreshments for staff on teacher orientation day at the beginning of each year, staff recognition day, refreshments for Superintendent's Conference Day, community/District meetings, assessment day grading of tests, receptions for volunteers, and other meetings at which District business is conducted.

Any such expenditures must be appropriately documented with an itemized receipt and information showing the date and purpose of the meeting, food served, who attended the meetings and why the attendees needed food and/or refreshments to conduct School District business. These requirements must be met for meals/refreshments provided by the school lunch fund or local vendors, charged to District credit cards and/or reimbursed to a School District official.

In no case will the costs for meals exceed the current Federal per diem meal rates for the geographic area.
