ABOUT PARENT RECOGNITION NIGHT

Parent Recognition Night began in 2017 as a night to honor our hardworking and dedicated family volunteers in the Hayward Unified School District (HUSD). Every year, it has grown and gotten stronger. We initially began by recognizing our Parent Ambassadors along with some fabulous Hayward Promise Neighborhood (HPN) parent advocates. We realized family engagement at the site levels and in our district-wide committees was going unnoticed. This year, we will be honoring over 60 parents and family members that have been working tirelessly in support of their children's education.

Our families continue to show us the strength and resilience that makes Hayward unique. Our diverse culture and innovative thinking is why, in the midst of adversity, HUSD thrives!
