

International School of Indiana

UPPER SCHOOL

Technology Requirements

2025-2026 School Year

Grade 6 to Grade 12

2025-2026 School Year Supply List

Upper School Technology Requirements

Computer:

ISI students are asked to purchase the laptop of their choice that runs one of the following operating systems that meets or exceeds the following minimum requirements:

- **Mac OS**

- macOS 15 Sequoia or macOS 14 Sonoma
- 13" (or larger) screen
- 8GB (or more) RAM
- 256GB (or more) internal storage
- A video adapter that includes an HDMI port

- **Microsoft Windows**

- Windows 10, Windows 11, or Windows 12 (upon release)
- 13" (or larger) screen
- 8GB (or more) RAM
- 256GB (or more) internal storage
- If the laptop does not have an HDMI port, a video adapter like this one will be needed.

- **ChromeBook**

- 2024 or newer model ChromeBooks
- 12" (or larger) screen
- 8GB (or more) RAM
- 64GB (or more) internal storage
- If the device does not have an HDMI port, a video adapter like this one will be needed.
- Aluminum body Chromebooks provide the most durability and typically last longer than plastic model Chromebooks.

Note: Devices that run mobile operating systems, like tablets, do not meet ISI requirements and can only be used as supplemental tools.

Other Technology Supplies:

- (2) LABELED computer chargers – one for home and one for school
- Headphones

Software

ISI students are asked to install the Chrome Browser on their purchased technology.

Note: ISI instructors may occasionally direct students to install class-specific Apps, PDF viewers/editors, browser extensions, or software.

Families are encouraged to inquire about any educational and/or student discounts that may be available regardless of the device, manufacturer, or place of purchase.

If you have any questions upon review, contact our Information Technology Team at sihelpdesk@isind.org and use the subject line: Technology Requirements Question.
