

American Lakes TK-8 School: Promoting Community 2025 - 2026

Proud Home of the Eagles

WHY AMERICAN LAKES SCHOOL?

American Lakes School is a close-knit PK–8 community dedicated to student success. As an IB PYP school, it fosters inquiry-based learning and global-mindedness. The school has a strong wellness team, including two social workers, a school psychologist, and a psychologist intern, to support students' well-being. Recognized with PBIS Bronze status, American Lakes School promotes positive behavior through its PBIS framework, reinforcing our three personal standards: Show respect, Make Good Decisions, and Solve Problems. The school takes pride in its committed, caring, and exemplary staff, who are dedicated to supporting students academically and socially, preparing them for high school, college, and future careers.

IS AMERICAN LAKES RIGHT FOR MY STUDENT?

American Lakes School works collectively to achieve NUSD’s vision to provide an engaging and safe learning community where all students will demonstrate responsibility, achieve academic and social-emotional growth, embrace diversity, and be prepared to make decisions about their college and career success. Along with our rigorous academic and social-emotional supports mentioned above, we also have a variety of opportunities for students to connect to campus through our LEAP Academy (after-school program), After School Intervention (tutoring), Athletics (4th - 8th grades), Student Council (5th - 6th grade), Leadership (middle school) and Green Team. Parents are also encouraged to get involved through the School Site Council (SSC) and the English Learner Advisory Committee (ELAC) and are encouraged to become volunteers on campus!

HOW DOES MY STUDENT BECOME AN EAGLE?
