

Make Your Future!

Free Summer Manufacturing Tours

Interested in robotics, manufacturing, or skilled trades? Want to become an engineer, machinist, metalworker, or programmer?

GCAMP is excited to host transformational summer tours for students (ages 12+) interested in STEM careers within manufacturing and industry.

- Explore the educational pathways that align with high wage industry careers
- Go “behind the scenes” to see how some of the products we use every day are made
- Interact directly with engineers, plant operators, and other industry professionals

Parents, teachers, and counselors encouraged to attend. Limited spots available. Registration required.

Don't miss out on this unique opportunity to explore your future career path!

Community Consolidated School District 15 neither recommends nor endorses the programs or organizations posted on this page. Distribution of informational material is for the convenience of District 15 students and families and does not imply endorsement by the district.
