Shawnee Mission School District
RFP 25-007 – Food Service Equipment – Three-Door Reach-In Freezers
May 16, 2025

Addendum No. 1

Clarification of School Visit Recommendation:

This District is issuing a clarification regarding the school visit recommendation found on page 5 of the ITB, Attachment A: **"All bidders should visit the schools to verify conditions and to ensure equipment being bid will fit the location."**

To clarify, while the District recommends that bidders visit the schools to verify conditions and to ensure that the equipment being bid will fit in the desired locations, the District is not requiring bidders to do so. However, the winning bidder is responsible for ensuring that their final provided freezer units will fit in the desired locations, at the prices quoted in the bid, with no additional charges allowed for any needed substitutions or modifications.
