2025 Annual Parent Involvement Survey for Georgia Families Raising a Student with a Disability

Georgia Department of Education, (GaDOE)
Division for Special Education
In Partnership with Parent to Parent of Georgia (P2P)

Please complete the online survey to make your voice heard.

Why are you being asked to complete a Statewide Survey?

In order for *all* students to graduate prepared to achieve a lifetime of success, families need to be an important part of the school team. It is critical that the GaDOE assist local school systems in partnering with families to raise the achievement rate for students with disabilities. Completing this survey will assist in achieving this goal.

Who is being surveyed?

The GaDOE is surveying parents of students with disabilities throughout Georgia.

What will be done with the information collected?

GaDOE Division of Special Education will work collaboratively with Parent to Parent of Georgia (P2P), the statewide Parent Training Information Center, to identify needs in family involvement within the state and local districts based on statewide survey results.

Who will see your answers?

Individual answers are kept confidential. Each response will be coded by a number – not a name.

How do you complete the survey?

You may complete the survey online in English and Spanish at

<https://survey.gadoe.org/SPEDParentSurvey>

or www.p2pga.org or www.parentmentors.org.

**Click link or Scan QR to
complete survey**

Why do you want to know my child's ethnicity and disability?

Geographic area, ethnicity, and disability group data are collected to ensure the results are valid and reflect the overall demographics of the state. Be sure to indicate ethnicity as requested.

Who do you contact for help with completing the survey?
