Dear Eastchester Community Members,

As we prepare for the district's annual budget vote, there are a few things that are important to note about the proposed budget for the 2025-2026 school year and how we will continue to build upon the strides that have been made over the last several years.

First, the budget treats you, the taxpayer, respectfully and fairly. Our tax levy increase not only stays below the New York State tax cap, but, at 2.37%, our tax levy increase remains below the consumer price index, currently at 2.95%. The average Eastchester resident whose home is assessed at \$8,588 will pay an additional \$302 next year, a 2% increase over the current year.

Second, next year's \$110,914,498 investment in our children stands at the "sweet spot" of 48 school districts reporting through Westchester Putnam School Boards Association, 2025 (WPSBA). Eastchester's top quartile 4.9% increased investment in K-12 curriculum and new programs comes with a 2.4 % tax rate increase that stands near the lowest quartile of those same WPSBA school districts. We are taxing low but spending high on our children.

Third, our improved student performance these past three years, when combined with innovative programs, such as Foreign Language for Elementary Students (FLES), Accelerated Learning Program (ALP), increased student participation in more rigorous Grade 8 Algebra/Earth Science Regent courses and more high schoolers enrolling in our expanding Advanced Placement course options, speaks volumes to Eastchester now ranking amongst the top performing Westchester school districts.

Fourth, this budget supports a major shift in resources away from central administration and into the five Eastchester schools. This year we had 2.4 literacy coaches helping to improve student

performance in ELA, reading and writing.

Next year we will have three full-time literacy coaches at each elementary campus.

This year, we had no Math/STEM coaches visiting classrooms, modeling lessons, helping improve lesson plans and curriculum. Next year we will have three full-time Math/STEM coaches at each elementary campus.

This year, we had no subject area chairs at the middle school. Next year, we will have five Grades 6-8 Chairs in ELA, Math, Science, Social Studies and Special Education, giving our middle schoolers the same advantages that our 9-12 students currently enjoy.

This year, we did not have Advanced Placement Seminar, Research, and Art courses for high schoolers. Next year, we will not only offer those additional opportunities, but we will have two additional special educators to make certain our AP courses remain accessible to more students.

Last year, Waverly did not have a school counselor nor did Anne Hutch and Greenvale enjoy specialized reading teachers trained in Wilson or Orton-Gillingham. Next year, Waverly will have its own full-time school counselor, and both Anne Hutch and Greenvale will each have one specialized reading teacher.

Lastly, over 800 of our Eastchester Eagle athletes will benefit from the District funding new Freshman Boys Basketball and JV Girls Flag Football teams, as well as supporting a middle school strength-and-conditioning coach. Additionally, all assistant varsity coaches will see a well deserved 80% salary increase to \$4,637 per sport, per season.

In K-12 technology, our high school students will benefit from a new Maker Space Lab for STEM and full 3-D printing. We are investing nearly \$400,000 of General and Capital funds for

improvement projects that will include a new Student Information System (SIS);, a new Artificial Intelligence platform for K-12 students and teachers;; and completion of Apple's coding curriculum, supported by iPads and available to all at Anne Hutchinson, Greenvale and Eastchester Middle School.

Yes, it's a lot! But our children and taxpayers deserve no less than the best!

Sincerely,

Ronald D. Valenti, Ph.D.

School Administrator Salary Disclosure Form

Form Due May 12, 2025

2025-2026 Salary Threshold = \$174,000

In response to legislative efforts to encourage greater cost sharing in service provision and local government administration, we now provide a section for districts that share administrative staff to highlight these efforts for the upcoming school year. Each sharing district should identify in the form the other district(s) with which they will be sharing administrative staff for school year 2025-2026.

If you will be sharing a Superintendent, list the other district (or districts) in the text box. If you will be sharing other administrative staff required to be reported, please send an email to EMSCMGTS@nysed.gov indicating the title of the staff persons(s) as well as the other district(s) involved in the cost-sharing.

*The salaries, benefits and other compensation reported in the form should reflect only the financial support or commitment that your district will be making. They should **not** reflect the total amounts budgeted to be paid by all participating districts over the school year.*

Report Estimated Salaries in the Budget for the 2025-2026 School Year

Data used to generate the Home Languages, English Language Learners Breakdown, and the English Language Learners Programs tables differs from the rest of the report. Students included in the Home Languages, English Language Learners Breakdown, and the English Language Learners Programs were those students who were identified as ELL during the school year. The rest of the report includes students who were ELL as of BEDS day.

EASTCHESTER UFSD - STUDENT DIGITAL RESOURCES

Annually, school districts and charter schools are required to conduct a survey concerning student digital resources and Internet access in their homes. Required by Commissioner's Regulation 155.17, the Student Digital Resources and Access data provides information about student access to devices and internet at their place of residence. It is imperative that districts, BOCES, charter schools, and the New York State Education Department maintain an updated, accurate, complete picture of the digital access status for each individual student. The data will help identify specific needs and target resources. The data should also be used at local level for instructional and programmatic decision-making.

Information is reported to the State Education Department through the Student Information Repository System (SIRS). The count of enrolled includes students enrolled at any time during the school year in that location. The following data points are collected by school districts by surveying students' households.

SCHOOL PROVIDED DEVICE

Data are based on the number of responses to this question.

Indication of whether the school or district issued the student a dedicated school- or district-owned device for the student's use during the school year.

1. DID THE SCHOOL DISTRICT ISSUE YOUR CHILD A DEDICATED SCHOOL OR DISTRICT-OWNED DEVICE FOR THEIR USE DURING THE SCHOOL YEAR?

EASTCHESTER UFSD - NEW YORK STATE REPORT CARD [2023 - 24]

The New York State Report Card is an important part of the Board of Regents' effort to create educational equity and raise learning standards for all students. Knowledge gained from the report card on a school's or district's strengths and weaknesses can be used to improve instruction and services to students. The report card provides information to the public on school/district staff, students, and measures of school and district performance as required by the Every Student Succeeds Act (ESSA). Fundamentally, ESSA is about creating a set of interlocking strategies to promote educational equity by providing support to districts and schools as they work to ensure that every student succeeds. New York State is committed to ensuring that all students succeed and thrive in school no matter who they are, where they live, where they go to school, or where they come from.

2024-25 ACCOUNTABILITY STATUS AND SUPPORT MODEL BASED ON 2023-24 DATA

For information about how 2024-25 accountability statuses and support models were determined, see Understanding the New York State Accountability System under the Every Student Succeeds Act (ESSA) for 2024-25 Accountability Statuses Based on 2023-24 Results.

EASTCHESTER UFSD GRADUATION RATE DATA 4 YEAR OUTCOME AS OF AUGUST 2024

Graduation Rate Data are reported for a 9th grade cohort, as of the 4th year of high school - August. The "Filter this data" function, below, provides the ability to display Graduation Rate Data of high school as of the 4th year - June, the 5th year - June and August, and the 6th year - June and August. For school years prior to 2018-19, 5th year - August and 6th year - August are not available.

Data is reported by educational institutions to the State Education Department throughout the school year and available for verification by districts until the close of the state data warehouse in August. District superintendents certify data is accurate in September. For the most updated information, please contact the school district.

Complete information on the types of diploma credentials, which can be earned and the criteria for each, see: [Diploma Requirements](#).

EASTCHESTER UFSD GRADUATION PATHWAYS DATA 2024

The Board of Regents approved regulations establishing multiple, comparably rigorous assessment pathways to graduation for all students. These regulations recognize the importance of engaging students' interests in rigorous and relevant academic programs in the Arts; Languages other than English (LOTE)/Biliteracy; Career and Technical Education (CTE); Humanities; Science, Technology, Engineering and Mathematics (STEM); Civic Readiness (CIVIC) and Career Developmental Occupational Studies (CDOS). The revised regulation allows students to use a passing score on an approved pathway assessment or successful completion of program requirements for the CDOS credential toward meeting the assessment requirements for graduation.

Complete information on the types of diploma credentials which can be earned and the criteria for each.

Additional information on Graduation Pathways can be found on the Curriculum and Instruction site.
