# ELIGIBILITY & ENROLLMENT

## Who May Enroll

### SLCUSD Retirees

- SLCUSD provides retirees under age 65, and their eligible dependents, the same medical and vision benefit options as active employees.

### Dependents

- Your legally married spouse
- Your registered domestic partner (as defined by the state of California)
- Your children, stepchildren or children of your registered domestic partner to age 26, regardless of marital or student status
- Any children for whom you are required to provide coverage under a Qualified Medical Child Support Order
- Your unmarried children, step-children or children of your registered domestic partner of any age, if they are incapable of self-care due to a physical or mental disability

Your spouse/domestic partner and children can be enrolled in our Medical and Vision plans.

### Required Information

At enrollment you are required to enter the Social Security Number for all covered dependents. Health Care Reform law requires the district to report this information to the IRS each year to show that you and your dependents have coverage. This information will be securely submitted to the IRS and will remain confidential.

## Required Enrollment Documentation

To enroll your spouse, domestic-partner or dependents, you will need to provide completed enrollment forms and the following supporting documents, as applicable, within thirty (30) calendar days of your date of hire:

- 1040 Tax Form (most recent year), showing joint filing with spouse. Otherwise, an Affidavit of Marriage is required
- Marriage Certificate (only for new marriages within one year)
- Birth Certificate (for children)
- Declaration of Domestic Partnership issued by the State of California

## When You May Enroll

- Each year, during open enrollment (mid-May to mid-June).
- Within 30 days of a qualifying event as defined by the IRS.

# ELIGIBILITY & ENROLLMENT

## Changes to Enrollment

### Open Enrollment

During our annual open enrollment period, you may make new benefit elections for the following October 1 effective date.

### Qualifying Event

Once you make your benefit elections, you cannot change them throughout the year unless you experience a qualifying event as defined by the IRS.

Examples include, but are not limited to:

- Marriage, divorce, legal separation, or annulment
- Birth, adoption, or death of a child or spouse
- Qualified Medical Child Support Order (QMCSO)
- Change in your dependent's eligibility status
- Loss of coverage from another health plan
- Change in your residence or workplace (if your benefit options change)
- Loss of coverage through Medicaid or Children's Health Insurance Program (CHIP)
- Eligibility for a federal or state premium assistance program under Medicare, Medicaid, or CHIP

Coverage for a new dependent is not automatic. If you experience a qualifying event, you have **30 days** to update your coverage. Please contact the Human Resources Department immediately following a qualifying event to complete the appropriate election forms as needed. If you do not update your coverage within **30 days** of the qualifying event, you must wait until the next annual open enrollment period to update your coverage.

## What Coverage is Available?

- Medical and vision benefit options for retirees are the same as for SLCUSD active employees. As a retiree, you can continue medical and vision with tiered rates (i.e. single, two-party, and family) or you can choose to opt out of either or both of these benefits.
- Dental is offered directly through MetLife.

### IMPORTANT

SISC does not allow retirees to waive coverage and re-enroll at a later date. If you do not enroll in a plan now, you will lose coverage eligibility indefinitely. This policy also applies to your dependents. If you do not enroll your spouse or your dependents now, they cannot be added at a future date or during a future open enrollment. This is designated by the carriers. It is your responsibility to enroll yourself and your dependents by submitting a enrollment form and any required documentation as proof of dependent status.

# ELIGIBILITY & ENROLLMENT

## Paying For Your Coverage

- Retirees who have worked full time in the district for ten (10) full years or more qualify for district subsidized health care premiums.
- Retirees who have worked part time for ten (10) full years or more qualify for prorated district contributions until the age of 65.
- Retirees who have worked less than 10 full years may continue enrollment at their own expense.

## District Contribution

- **The current district contribution for a full-time classified employee is \$6,000.** The balance of the cost of the plan (beyond \$6,000) is then split between the district and the retiree 50/50.
- **The current district contribution for a full-time certificated employee is \$5,000.** The balance of the cost of the plan (beyond \$5,000) is then split between the district and the retiree 50/50.
- The district contribution for employees working less than full-time is calculated based on the employee's average FTE over the ten years of service. This benefit will continue until you reach the age of 65.
- Premiums will be made by automatic withdrawal from the retiree's bank account on the 5th of each month to pay for that month's coverage. For example, a withdrawal on October 5 will be payment for October.

## Retirees Over Age 65

When retirees turn 65, there is no more District contribution. At this time, you can remain on insurance through SISC direct billing. SISC offers a Medicare supplemental plan called Companion Care. A letter will be sent to you prior to your turning age 65 with current cost information and instructions.

For more information about Medicare options, we recommend talking with HICAP (Health Insurance Counseling and Advocacy Program) at [800-434-0222](tel:800-434-0222).

## Important Medicare Guidelines

**Retirees and their spouses/domestic partners that are age 65 or older are required to provide proof of Medicare Parts A and B.** A copy of the Medicare card for the retiree and the spouse/domestic partner must be sent to SISC prior to the first of the month in which they turn 65 (or the first of the prior month if the birthdate falls on the first of the month), or when first enrolled in a SISC plan. Retirees must have continuous enrollment in Medicare while enrolled in a SISC retiree plan. Your benefits will remain with Anthem Blue Cross or and Medicare will continue to be the primary insurance for those enrolled that are age 65 or older.

Retirees and covered dependents should contact Social Security three months in advance of their 65th birthday or retirement, and provide the district proof of Medicare Parts A and B enrollment to avoid surcharges. This non-refundable surcharge will be passed along to the retiree for failure to comply with requirements to provide proof of Medicare Part A and/or B enrollment card. As a courtesy, SISC will notify employees turning age 65 by mailing a letter to them. This letter will have an explanation on Medicare and when they must enroll.

If proof of Medicare is not provided to SISC, a non-refundable penalty surcharge will be applied to the monthly premium. The surcharge will be applied the first of the month in which the member turns 65 until the Medicare card is produced.

2025-2026 Missing Medicare Surcharge	
Missing Part A	\$700
Missing Part B	\$700
Missing Parts A and B	\$1,400

# MEDICAL BENEFITS

## Medical Plan Descriptions

SLCUSD offers five medical plans to choose from. All five of these plans are Anthem Blue Cross PPO plans.

### Anthem Blue Cross PPO Plans

The Anthem Blue Cross Preferred Provider Organization (PPO) plans allow you to direct your own care. You are not limited to the physicians within the network and you may self-refer to specialists. If you receive care from a physician who is a member of the PPO network, a greater percentage of the entire cost will be paid by the insurance plan. You may also obtain services using a non-network provider; however, you will be responsible for the difference between the covered amount and the actual charges and you may be responsible for filing claims.

### Pharmacy Benefits

Navitus Health Solutions is the Pharmacy Benefits Manager (PBM) for our Medical plans. You are urged to use generic drugs when they are available. If you or your physician requests a brand name drug when a generic equivalent is available, you will pay the generic copay plus the difference in cost between the brand name drug and the generic drug. In addition, the difference in cost between the brand name drug and generic drug will not count toward your annual out-of-pocket maximum.

### Costco Retail Pharmacy & Mail Order Program

Costco makes it easy for you to receive a 90 day supply of your long-term or maintenance medications. In addition, when you use the Costco pharmacy, your generic medications will be free of charge. Visit any Costco retail location or use the mail order feature and benefit by having your prescriptions delivered to your door, saving you a trip to the pharmacy. Here's how it works:

- Take your prescription to any Costco pharmacy. You do not need to be a Costco member.
- Present your insurance card to the pharmacist.
- Get your generic medications (excluding some narcotic plan medications and some cough medications) for free. You will pay \$35 for a 30 day supply of brand name drugs or \$90 for a 90 day supply of brand name drugs.

### What Makes the Health Plans Different from Each Other

All SLCUSD health plans cover the same medical services. What makes them different from each other is how much they cost.

- You either pay a **higher premium** that is taken out of your pay warrant and **pay less out-of-pocket** when you access covered health services, **OR**
- You pay a **lower premium** that is taken out of your pay warrant and **pay more out of pocket** when you access covered health services.

The health plan highlights on page 6 show out-of-pocket costs for covered health care services.

### Using Out-of-Network Providers Costs You More Out-of-Pocket

If you obtain services from an out-of-network provider, your coinsurance percentage is based on Reasonable and Customary (R&C) Fees as determined by Anthem Blue Cross.

Any out-of-network charges above the allowed coinsurance amounts are called **balance billing**. If you access care from out-of-network providers, balance billing charges are your responsibility and do not apply to the annual out-of-pocket maximum.

For more detailed information, please refer to the plan

# IMPORTANT INFORMATION

## Annual Notices

ERISA and various other state and federal laws require that employers provide disclosure and annual notices to their plan participants. SLCUSD distributes annual notices to new-hires, and each year during open enrollment. You may also request a copy by contacting the Human Resources Department.

- Medicare Part D Notice of Creditable Coverage
- HIPAA Notice of Privacy Practices
- Women's Health and Cancer Rights Act (WHCRA)
- Newborns' and Mothers' Health Protection Act
- Special Enrollment Rights
- Medicaid & Children's Health Insurance Program
- Summary of Benefits and Coverage (SBC)

## The Affordable Care Act (ACA) and You

The Affordable Care Act (ACA)'s penalty for not having health coverage (known as the individual mandate) has been eliminated. However, if you are a taxpayer in California, Massachusetts, New Jersey, Rhode Island, Vermont, or the District of Columbia, you will be required to have health coverage (unless you qualify for an exemption) or pay the penalty for the 2025 tax year – these states have an individual mandate requirement.

You may consider these options below to satisfy this requirement:

- Enroll in a medical plan offered by SLCUSD or another group medical plan meeting the requirements for minimum essential coverage;
- Purchase coverage through a health insurance marketplace;
- Enroll in coverage through a government-sponsored program if eligible.

If you choose to purchase coverage through the marketplace, because SLCUSD's medical plans are considered affordable and meet minimum value under the Affordable Care Act, you may not be eligible for a subsidy, and you may not see lower premiums or out-of-pocket costs through the marketplace. In addition, employer contributions to your medical benefits will be lost, and your portion of medical premiums will no longer be paid via payroll deductions on a pre-tax basis.

## Summary of Benefits and Coverage (SBC)

Health insurance issuers and group health plans are required to provide you with an easy-to-understand summary about your health plan's benefits and coverage, referred to as a Summary of Benefits and Coverage (SBC). This guide is designed to help you understand the medical plan options offered to you by SLCUSD. Please refer to the SBCs and carrier contracts provided by our health plan carriers for additional plan details. The SBCs are available from Human Resources
