# Help **Child Find** Locate Children with Disabilities

## What Is **Child Find**?

Child Find is a statewide effort by the Alabama State Department of Education and the Department of Rehabilitation Services to locate, identify, and evaluate children with disabilities from birth to age 21.

## How Does **Child Find** Work?

Early Intervention and Special Education Services work closely with community service agencies, parents, and local school systems to locate children with disabilities. A toll-free number is provided for parents or other persons interested in information about referring a child from birth to age 21.

## Why Is **Child Find** Important?

It helps the child, the family, and the provider to plan appropriate services and link families to services for students meeting eligibility requirements in the following disability areas:

- |                           |                                  |
|---------------------------|----------------------------------|
| ■ Hearing Impairment      | ■ Speech and Language Impairment |
| ■ Deaf-Blindness          | ■ Visual Impairment              |
| ■ Intellectual Disability | ■ Specific Learning Disabilities |
| ■ Multiple Disabilities   | ■ Autism                         |
| ■ Orthopedic Impairment   | ■ Traumatic Brain Injury         |
| ■ Other Health Impairment | ■ Developmental Delay            |
| ■ Emotional Disability    |                                  |

For more information about **Child Find**,  
contact your local school system, local  
coordinating council, or call
