Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Additional Targeted Support and Improvement

Homeless/Multi-Racial Students

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Our Vision at Rohr:

Each day the Rohr community provides a safe and nurturing learning community for each individual child to grow and flourish. All educators model, instruct, and provide rigorous instruction to all students in all content areas.

Our Mission at Rohr:

The Rohr community is committed to creating a challenging and nurturing environment where all students are valued, loved, and respected. Through the cooperative efforts of staff, students evolve into innovative thinkers, socially responsible citizens, and lifelong learners who positively influence the world around them.

At Rohr, we live by our ROARing expectations of being respectful and kind, owning our choices, always being safe, and being responsible. Living by these expectations has allowed us to provide a positive school culture inside and outside the classroom.

Fred H. Rohr Elementary School fully embraces the Chula Vista Elementary School District's Strategic Goals (Literacy, Equity, Collaboration, Technology, and a Safe Environment) in all it does. As a result, the school community is continuously

collecting and analyzing student work and data, prioritizing needs, setting goals and making collaborative decisions. Professional development and the priorities addressed in the school plan were determined by school staff as well as our School Site Council, ELAC, and assessment results of student achievement.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

This past year due to the COVID Pandemic, Hanover Survey data was not made available therefore data from previous years was considered.

The Hanover Survey completed in the Spring of 2019 showed widespread satisfaction on the part of students, staff, and parents with the work of the Rohr Elementary staff. Nevertheless, there are areas that need our attention for improvement and the most significant issue for each group is listed here:

Students: Students have difficulty explaining their feelings and being included by others.

Parents: More variety and differentiation with GATE instruction and the need for more counseling services for our students.

Staff: Teachers desire more feedback from classroom walkthroughs.

Teachers were asked to reflect on the student's needs and data; some of the suggestions were

1. To provide staff with a refresher training on Restorative Practices,
2. Embedding a few minutes of social interaction for students, due to the lack of socialization with the pandemic
3. Seek to hire a counselor to support students with the transition of distance learning and its return

Parents were interested in providing more after-school activities related to visual and performing arts paid for through school funds.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Currently, leadership performs classroom observations on a daily basis. The principal performs several types of observations, including informal walkthroughs and formal observations. The goal of feedback from leadership is to provide support and feedback for improvement in instruction to meet all students needs. Written as well as oral feedback is given to teachers regarding teaching strategies, room environment, virtual setting, differentiation, procedures and routines, learning intentions, success criteria, student engagement, and student learning behaviors.

Our school-wide focus is improving student outcomes through small-group instruction. Our focus for our Professional Learning Cycle is small-group instruction during Designated English Language Development (D-ELD) instruction. Teachers will also have opportunities to learn from their colleagues by conducting peer visits and learning walks for the purpose of professional growth through our Professional Learning Cycle. The use of teacher collaboration time to monitor, measure, and modify instructional plans to ensure high quality instruction.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Previous years data from District Local Measures, ELPAC, and school-wide assessments in reading and math are used to inform and differentiate instruction to improve student achievement. Formative assessments are also used to inform teaching practice and provide students with personalized support. Our district-wide assessments of Smarty Ants, Achieve 3000 Level Set, and iReady math diagnostics provide recent data to monitor student progress. Rohr's site assessments include Fountas & Pinnell Benchmark Reading Assessment, Benchmark Education reading comprehension tests & Daily Oral Reading Record (ORR), the Reading Foundational Skills Assessment (RFSA) to measure foundational literacy skills, and Go Math chapter assessments.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Data from Local Measures, Level Set, Fountas and Pinnell Running Record, district math assessments, common writing assessments, and Benchmark Education quarterly assessments are used to monitor student progress and inform instruction to improve student outcomes. Teacher collaboration time and professional development meetings are scheduled to provide teachers with time to discuss the data results. Student monitoring templates are utilized to help guide the discussions. The school-wide assessment calendar allows for common language for all staff when having data discussions to support students.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

Principal, 16 preschool-6th grade regular classroom teachers (general education and special day class), 3 part-time VAPA teachers, 3 preschool teachers, 1 full time Resource Specialist Support, 1 Language/Speech/Hearing Specialist, 1 full-time Social Worker/Counselor and 1 full-time Psychologist. Additional support staff include 1.5 Impact Reading teachers, 1 full-time social-worker, 1 full-time IA Behavior Specialist, and 1 full-time South Bay Community Services (SBCS) therapist. Our classified staff consists of 11 Instructional Assistants who support the scholars who are multilingual learners/special needs students, 5 Student Attendants, 1 part-time occupational therapist, 1 part-time Nurse, a School Secretary, Attendance/Health Secretary, 1 English Learner Instructional Aide, a Library Media Technician, 2 custodians, 3 Child Nutrition workers, and 3 noon duty supervisors. One of Rohr's Instructional Assistants supports with kindergarten to 2nd grade reading intervention and 3rd to 6th grade math intervention. Our 1.5 Impact Reading teachers support 3rd-6th grade struggling readers.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Credentialed teachers have professional development 3-6 times per quarter aligned with our school-wide foci. All classrooms are equipped with instructional materials that match the grade level including combination grades. Teachers can access a variety of small group leveled reading materials in the center room of their building pods and in our site book room. Access to professional development resources is available through online shared folders as well as through the CVESD Intranet Portal where district-wide Professional Development is available.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is aligned with our school-wide academic focus, district academic focus, as well as a social and emotional focus.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

At Rohr our Instructional Leadership Team is active in supporting the school wide focus. Our partnership with Benchmark Education, Sadlier, and McGraw Hill allows us access to collaborate with consultants on our literacy curriculum. Site-based learning sessions are provided to teachers to support our online reading programs. In addition, access to District Professional Development is in a shared Intranet Portal where live and pre-recorded professional learning is available.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Our teachers collaborate by grade level for 4 hours approximately once every two weeks when on campus. During 1/3 of this time, the Principal meets with teams to analyze data, plan lessons, and look at student work. Teachers plan yearly curriculum maps that include examining standards, determining lesson progressions toward meeting the standard, and creating cohesive standards-based lessons. When on campus, upper grade teachers are provided additional time to support with larger class sizes.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Curriculum and instruction are aligned with the District focus as well as school foci. The materials and PD available supports these foci.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

All classrooms include a 2 hour and 45 minute literacy block, which includes all parts of a balanced literacy block. Math is taught in a 60-90 minute block of time. Teachers provide a daily schedule to designate times for each content areas. We have a total of 50 modified days a year; modified days are used for Professional Development, teacher planning and collaboration, and Parent-Teacher Conferences.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Teachers plan out quarterly curriculum maps that include examining standards, determining lesson progressions toward meeting the standard, and creating cohesive standards-based lessons. Clear learning intentions and success criteria are articulated to progress toward the standards in reading and writing. Quarterly analysis of data and examining student writing guide classroom instruction.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All classrooms are equipped with instructional materials that match the grade level including combination grades. Teachers have access to all core district-adopted and state-approved grade level curriculum along with additional resources such as Smarty-Ants, Achieve3000, iReady, RazKids, Accelerated Reader, Mystery Science, and District Created Materials/Pacing guides. There is also a leveled book room with texts for all K-6 students.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All teachers and students have access to standards-aligned instructional materials. Guided Reading and small group instruction allow for differentiation and intervention.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

The following services are provided in our regular program to assist with underperforming students:

- *The Fountas & Pinnell Comprehensive Phonics, Spelling, and Word Study Guide, Second Edition
- *Sadlier Phonics
- *Balanced Literacy
- *Guided Reading
- *SIPPS Reading Intervention Program
- *Wilda Storm Writing/Vocabulary Development Strategies
- *Small Group Instruction Literacy and Math
- *Academic Collaborative Conversations
- *Three Reads in Math
- *Equal Shares Math Problems
- *Math Number Talks
- *Data Analysis
- *SST Process
- *RazKids

Evidence-based educational practices to raise student achievement

At Rohr, we use the implement the following evidence-based educational practices to raise student achievement:

- *Balanced Literacy
- *Guided Reading
- *SIPPS Reading Intervention Program
- *Wilda Storm Writing/Vocabulary Development Strategies
- *Small Group Instruction Literacy and Math
- *Academic Collaborative Conversations
- *Three Reads in Math
- *Equal Shares Math Problems
- *Math Number Talks
- *Data Analysis
- *Impact Reading Teacher (3-6)
- *Reading Intervention Instructor (K-2)

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

- *Reading/Math Intervention Instructor (K-2)
- *English Learner Instructional Assistant
- *District Social Worker Intern
- *District Parent Liaison
- *Family Resource Center
- *After-school tutoring for 12 weeks provided by District
- *South Bay Community Services Therapist & Parent Engagement Liaison
- *School Counselor

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

The engagement of parents in supporting student achievement is vital to a school's success. Parents participate through the SSC (School Site Council), ELAC (English Learner Advisory Council), and PTA (Parent Teacher Association). Weekly communication is provided through email, phone calls, and Class Dojo. On a quarterly basis, Principal and Counselor facilitate coffee chats. On an ongoing basis, Rohr provides parents/guardians with site-based workshops facilitated by community partners and site staff.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

The following are financed via site funds to support underperforming students:

- *English Learner Instructional Aide
- *Reading/Math Intervention Aide
- *Benchmark Education Consultants
- *Sadlier Education Consultants
- *McGraw Hill Consultant
- *Computer Technician
- *School Counselor/Social Worker
- *Instructional Aide Behavior Specialist
- *School Psychologist
- *Instructional Resources and Supplies
- *Teacher Planning Time
- *Online Learning Programs and Licenses
- *Additional technology devices to support 1:1 devices for students

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Input for our SPSA was gathered on the following dates:
Rohr Staff: 5/5/23 (Staff Professional Development); 5/8/23 (Staff Communication)
SSC/ELAC: 4/20/23 & 5/12/23 (All community members invited)
School Community: 5/8/23 (All community members invited)

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

- Increased support, professional development and resources needed to support multilingual learners with developing proficiency in English
- Increased support, professional development and resources needed to support all scholars with becoming grade-level readers.
- Increased support, professional development and resources needed to support all scholars with becoming grade-level mathematicians.

Grade 4	52	67	53
Grade 5	40	79	67
Grade 6	40	100	64
Total Enrollment	278	532	355

Conclusions based on this data:

1. Student enrollment has declined over the past 3 years by approximately 20-30 students.
2. Our student subgroup of Caucasians and Hispanic/Latinos are declining, while Asian and Filipino has remained consistent.
3. Grade-Level cohorts of students fluctuate by 1-4 students from year to year.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23

Fluent English Proficient (FEP)	40	94	53	14.40%	17.7%	14.9%
Reclassified Fluent English Proficient (RFEP)	8			7.0%		

Conclusions based on this data:

1. Close to half of our students speak English as a second language.
2. Our number of reclassified students has decreased.
3. Our English Learner population decreased the last 2 years, due in part to the reclassification of students.

2. Written Language is our students lowest performing strand.
3. in 2018-19, our 4th grade students have the most developed English skills.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
532	68.6	37.0	Students whose well being is the responsibility of a court.
Total Number of Students enrolled in Fred H. Rohr Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	197	37.0
Foster Youth		
Homeless	5	0.9
Socioeconomically Disadvantaged	365	68.6
Students with Disabilities	87	16.4

Enrollment by Race/Ethnicity

African American	14	2.6
American Indian	1	0.2
Asian	12	2.3
Filipino	38	7.1
Hispanic	419	78.8
Two or More Races	24	4.5
Pacific Islander		
White	23	4.3

Conclusions based on this data:

- 1. SED students make up most of our school population.
- 2. SWD are a significant portion of our population.
- 3. The Hispanic ethnicity is our largest demographic group.

School and Student Performance Data

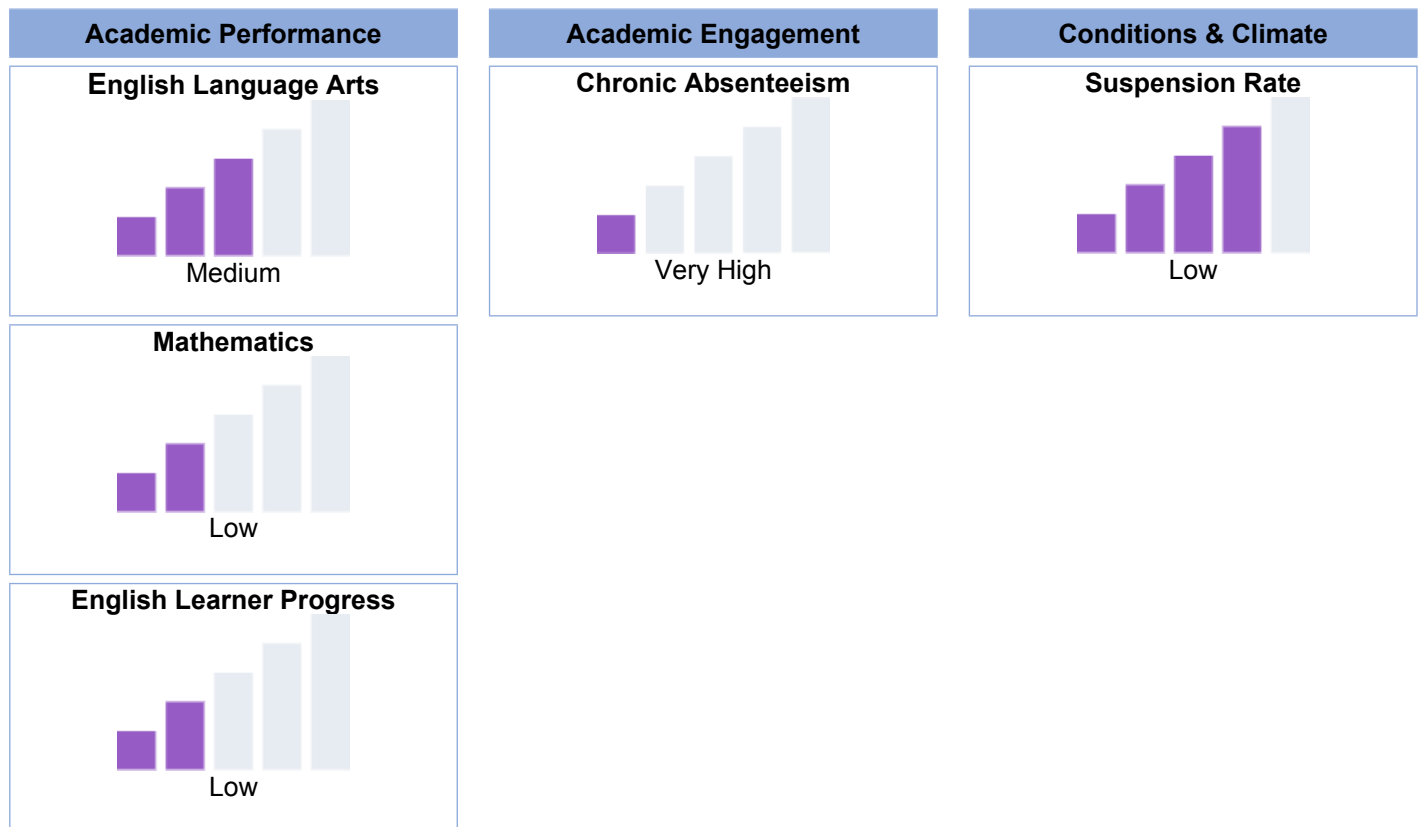

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

1. Our overall academic achievement needs to increase.
2. Our suspension rate has improved and we need to continue to focus on improving school climate.
3. We need to provide additional interventions for chronic absenteeism.

Conclusions based on this data:

1. Our students with disabilities increased significantly and moved into yellow.
2. All student groups maintained or increased in ELA.
3. RFEP students perform well, but growth was minimal.

LEA/LCAP Goal

Goal 1

Goal 1

By June 2024, 40% of Kindergarten-2nd students will demonstrate grade-level proficiency on the Smarty Ants Levelset end-of-year assessment.

By June 2024, 21% of 2nd-6th students will demonstrate grade-level proficiency on the Achieve3000 Levelset end-of-year assessment.

Identified Need

Overall, there is a need for students in all subgroups to grow in the area of foundational reading skills and reading comprehension. This is identified by District Testing- Smarty Ants (K-2) and Achieve3000 (2-6)

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Smarty Ants Reading-All	30%	40% (34/85)
Smarty Ants Reading-English Learners	25%	36% (16/44)
Smarty Ants Reading-Students with Disabilities	4%	39% (9/23)
Smarty Ants Reading-Socioeconomically Disadvantaged	28%	42% (34/80)

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

There are additional Tier 2 and Tier 3 supports in place this year with the addition of support staff. The additional hours of the English Learner Instructional Aide, the Impact Teacher, and the K-2/3-6 instructional aides will allow support for all students in Kindergarten-6th grade.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Our budget has grown to include a K-2 instructional aide. The purpose of the K-2 instructional aide to provide additional support with foundational literacy development. We continue to have the support of the Impact Teacher position and the additional English Learner Instructional Aide are utilized with district funding.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

A major change from the previous year is the Tier 1 support provided to students in all grades K-6. Previously, we had 1 intervention instructional aide support all grade levels with additional small group instruction. In addition, there is a full-time Impact Teacher (3rd-6th) and part-time English Language instructional Aide to support with the development of reading foundational skills for students in kindergarten-2nd grade.

Goal 3

By June 2024, 83% of students identified as an overall Level 4 on the ELPAC will be reclassified as Fluent English Proficient.
By June 2024, 56% of students will make annual progress towards English Language Proficiency (increase at least one ELPAC level and/or maintain an ELPAC level 4).

Identified Need

Based on the 2022-2023 Summative ELPAC, the reading/writing domains have been identified as an area of need for our K-2 English Learners and the listening/speaking domains have been identified as an area of need for our 3-6 English Learners.

Additionally, (Smarty Ants, Level Set, iReady, CAASPP) data has also identified that our (ARLTELS, LTELs, ELPAC 1, 2, etc.) English Learners would benefit from a continued focus on literacy development (foundational skills/reading comprehension).

Qualitative data to include teacher feedback and student observation data has also determined that we need to continue providing targeted support to English Learners via Designated ELD.

LEA/LCAP Goal

Goal 4

By June 2024, the percentage of students Chronically Absent at Rohr Elementary (in-person) will decrease from 26% to 13%.
Current CVESD local data for the in person campus is 26% (71 out of 272 students).
The CDE Dashboard reflects a 37.7% chronic absenteeism rate because the data includes Innovation Academy students (616 students). Innovation Academy students have transitioned to in person instruction and the local data provides a better picture of our in person Rohr campus student population.

Identified Need

Chronic Absenteeism is closely monitored at Rohr and continue to make efforts to support our students/families with improving their attendance.
Chronic attendance issues will be addressed immediately and revisited regularly.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Goal setting on attendance has been highly effective for students with chronic absences.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The use of LCAP funds to provide incentives for students has been effective, especially with the annual perfect attendance incentives at the end of the year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject Conditions and Climate- Suspension Rate

LEA/LCAP Goal

Goal 1

Goal 5

By June 2024, the percentage of students who are suspended at Rohr will decrease from 1% to 0%.

Identified Need

At Rohr, we would like to continue to ensure that student suspension rates stay as low as possible while maintaining a safe school environment by providing alternative means of discipline and positive reinforcers for expected behaviors.

As of May 2023, Rohr has ATSI status with regard to suspending homeless youth/multiracial students at a higher rate than other students in our school population.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 2 Classroom Teachers
- 3 Other School Staff
- 6 Parent or Community Members

Name of Members	Role
Mayra C. Reyes	Principal
Kirsten Martin (Secretary)	Classroom Teacher
Blanca Sicairos Diaz	Parent or Community Member
Vidave Vasquez Garcia	Parent or Community Member
Monika De La Torre	Other School Staff
Robin Jones	Other School Staff
Michael Alvarez-Tostado	Parent or Community Member
Ericka Carrillo	Other School Staff
Monica Urias (Parliamentarian)	Parent or Community Member
Emilio Urias (Vice Chair)	Parent or Community Member
Anika Ito	Classroom Teacher
Linda Rodriguez	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 9/5/23.

Attested:

Principal, Mayra C. Reyes on 9/21/23
SSC Chairperson, Emilio Urias on 9/21/23

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
