General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

School Description

Originally a one-room schoolhouse, Sunnyside Elementary School is a historic school located in Bonita, within the boundary of the 49 schools of the Chula Vista Elementary School District. The school serves students in transitional kindergarten through sixth grade as well as several special day classes for students with special needs. The current building structure was built in 1959 but has been extensively modernized during the summer of 2019. The school has followed a traditional calendar during 2019-20, due to modernization. Sunnyside is a "community" school and is proud of its historic, "small town" feel.

Sunnyside Elementary has 21 classrooms, a library, a child care room (YMCA), an auditorium and an administration building. The school serves a population of approximately 450 students and maintains a variety of backgrounds, languages, and ethnicities with respect to the students and families it serves. Sunnyside students promote to Bonita Vista Middle School in the Sweetwater Union High School District.

Sunnyside Elementary continues to fully implement Common Core State Standards, with a focus on improving reading ability, implementing speaking and listening standards, and aligning mathematics instruction with research-based practices. In alignment with the District's mission to close the achievement gap through high impact language development strategies, the teaching staff is committed to improving self-efficacy for all students by enhancing instructional routines using success criteria and feedback. General education classrooms and special day class classrooms alike receive weekly professional development and bi-weekly collaboration time in order to achieve equity for all students.

Sunnyside Elementary is fortunate to have a very supportive and active Parent Teacher Organization. Each year, this group of parents continues to make a significant contribution to our school and it's mission. Besides supporting technology, the PTO also supports experiences, events and assemblies for students in all grade levels. This has enabled the school to purchase school-issued laptops for each teacher and replace outdated technology in classrooms around the school.

Sunnyside Elementary is a "Cal-Well" school and has placed a great emphasis on improving the social-emotional situations of its students. Sunnyside has implemented Positive Behavior Supports and Interventions (PBIS). The school utilizes the Harmony curriculum and restorative circles are implemented throughout the school. We have a school counselor that supports both students with social-emotional learning.

2021-22 School Overview

Before-and-after school clubs and programs at Sunnyside include the Sunnyside Bulldog Band, Mathletes, Extended Day, Student Council, YMCA Licensed Childcare, and DASH.

Sunnyside Vision Statement

Our motto, "Bright Futures Begin at Sunnyside," supports our vision that each of our students does indeed have a bright future and that when all staff, parents and community work together on behalf of the children, we form a powerful alliance that will enable each child to reach his or her potential. To achieve our vision we are committed to ensuring that all students are provided a dynamic, well-balanced education in a nurturing, accepting, child-centered, environment where learning is viewed as a worthwhile, life-long adventure.

Sunnyside Mission

The staff of Sunnyside School endeavors to provide students an instructional program and a learning environment which will promote:

- Mastery of skills needed to be college and career ready
- Effective interpersonal and communication skills.
- Creativity and an appreciation for the arts.
- Responsibility and self-discipline.
- Motivation for lifelong learning.
- Acceptance and appreciation of others.
- Knowledge of physical and emotional well being.
- Technology Literate

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Chula Vista Elementary School District follows the State's curriculum cycle to adopt updated, high quality textbooks and related materials. The evaluation and adoption of textbooks and instructional materials is based on recommendations by committees of our District's school staffs and community members.

Students are provided with an adequate supply of Board-approved textbooks for all subject areas. The reading/language arts and mathematics curricula are aligned with California Common Core Standards.. All of our students have access to textbooks and supportive instructional materials in all core subjects, which are in good condition. Core materials are available in both English and Spanish. An inventory of books is warehoused centrally for growth needs at the schools.

The District's vision is to prepare students to succeed in the 21st Century and is committed to providing students with 21st century tools, and the necessary infrastructure to support said tools. The District also invested in software applications to assist with formative and summative assessments, literacy skills, mathematics and language acquisition. In addition, teachers are integrating technology tools to facilitate day to day tasks such as attendance, report cards and electronic communication.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Contact person: Principal Delia Arancibia
Phone Number: (619) 479-0571

Sunnyside School has an active School Site Council, English Learner Advisory Council, and Parent Teacher Organization which sponsors many projects for the benefit of our children and school community. Pastries with the Principal is an opportunity for parents to learn more about programs and events at Sunnyside. Research shows a high correlation between parent involvement and effective schools. We encourage parents to visit and become active in our school.

Please call 619-479-0571 if you wish to become involved in school activities or if you desire information as to how you may be able to assist the children. Spanish translation is available.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Sunnyside School is located in a quiet neighborhood on the edge of a rural community, surrounded by former horse ranches. Sunnyside has secure perimeter fences that are locked to ensure student safety during the school day. The fences provide a single entry and exit point for the school during the school day allowing us to account for all who come (and leave) the school. The School Site Council approved the Sunnyside's School Safety and Emergency Preparedness Plan on November 17, 2021.

Particular time and effort has been spent on plans and preparations for a safe reopening for students during the COVID-19 pandemic. Student safety and well-being is promoted by activities including emergency and earthquake preparedness drills, bus evacuation drills, lock-down drills, playground supervision, drug and alcohol abuse prevention education programs, and a School Safety Patrol. The school parking lot was expanded during the 2019 Summer Modernization and adequately meets the needs of our community. Staff recognize students who demonstrate these traits through recognition assemblies. Rewards for appropriate student behavior, and consistent and fair consequences for inappropriate behavior are being applied by staff and administration.

2020-21 Types of Services Funded

Sunnyside Elementary School funds one Instructional Assistant to assist students who need additional support in literacy development. Teachers regularly meet with students who are not performing at grade level to provide additional assistance. Sunnyside additionally hosts several before-and-after school extended day programs to provide students with additional support.

Additionally, Sunnyside utilizes a number of educational technology programs including:

Accelerated Reader
Smarty Ants
Achieve3000
iReady Math

Through all of these interventions, Sunnyside is seeking to use its funds in the best way possible to help all students succeed academically.

Professional Development

The improvement of teaching and learning on campus is of vital importance to strengthening the Sunnyside educational community. Professional development takes place in the form of staff presentations, teacher collaboration, peer observations, and collaborative time for teams to implement learning. This learning occurs within our school and within our district cohort of schools.

The principal and staff instructional leadership team works collaboratively to plan and provide professional development during staff meetings and during weekly grade level collaboration. Across all content areas, making learning visible through the use of success criteria, student self-assessment, and teacher clarity have been focuses on staff.

The academic focus for English Language Arts is that all students will show measurable growth in grade level text with purpose, understanding, and comprehension through the use of high impact reading strategies.

Mathematics professional development has focused on having students represent concepts in a variety of ways, and also to be able to explain their thinking orally and in writing. Teachers take time to analyze student work, identify common misconceptions, and plan next steps for instruction.

Sunnyside Staff is also focused on ensuring that all English Learners continue to make progress to become proficient in English. Staff have participated in several professional development sessions that support the implementation and teaching of Designated ELD. Integrated ELD continues to be taught across all content areas.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
