MURRIETA VALLEY
UNIFIED SCHOOL DISTRICT

MEASURE BB
CITIZENS' OVERSIGHT COMMITTEE

Minutes of April 26, 2021

The Measure BB Citizens' Oversight Committee met at 6:00 p.m. on Monday, April 26, 2021 at the Riverside Unified School District office located at 41870 McAlby Court, Murrieta, CA 92562.

Committee Members Present: Mac Byers, Paul Parker, Ashley Sanchez, William Seidlitz, Angela Villanueva, Cyndi Waller, Patricia Watson

Committee Members Absent: Elena Flores, Wendy Newton, Mark Rieber

District Staff Present: Bill Olien, Deputy Superintendent, Business & Operations
Lori Noorigian, Director, Facilities
Erica Reyes, Deputy Superintendent's Secretary, Business & Operations

PRELIMINARY

1. **Call to Order**: Mac Byers called the meeting to order at 6:04 p.m.

2. **Roll Call:** A quorum was established with three members absent.

3. **Approval of Agenda:** Motion by Patricia Watson / Second by Angela Villanueva. Motion passed by the following vote:

Yes	Mac Byers	Yes	Ashley Sanchez
Absent	Elena Flores	Yes	William Seidlitz
Absent	Wendy Newton	Yes	Angela Villanueva
Yes	Paul Parker	Yes	Cyndi Waller
Absent	Mark Rieber	Yes	Patricia Watson

4. **Approval of Minutes: December 14, 2020:** Motion by Patricia Watson / Second by Mac Byers. Motion passed by the following vote:

Yes	Mac Byers	Yes	Ashley Sanchez
Absent	Elena Flores	Yes	William Seidlitz
Absent	Wendy Newton	Yes	Angela Villanueva
Yes	Paul Parker	Yes	Cyndi Waller
Absent	Mark Rieber	Yes	Patricia Watson

PUBLIC COMMENTS

None

GENERAL ITEMS

1. **Welcome new members – Purpose of Committee:** Bill Olien welcomed new members. New members introduced themselves and provided short bios.

2. **Update:** Bill Olien reviewed and updated the committee on completed and scheduled capital projects (presentation attached).

3. **Expenditure Report:** Bill Olien updated the Committee on expenditures to date (report attached).

4. **Committee Roles:** Bill Olien discussed the role of committee members. It was requested to be an agenda item during the next scheduled meeting.

5. **Approval of EideBailly Audit Report:** Motion by Patricia Watson / Second by Mac Byers. Motion passed by the following vote:

Yes	Mac Byers	Yes	Ashley Sanchez
Absent	Elena Flores	Yes	William Seidlitz
Absent	Wendy Newton	Yes	Angela Villanueva
Yes	Paul Parker	Yes	Cyndi Waller
Absent	Mark Rieber	Yes	Patricia Watson

5. **Next Meeting:** Motion to hold the next meeting on July 12, 2021 at 6:00pm by Cyndi Waller / Second by Ashley Sanchez. Motion passed by the following vote:

Yes	Mac Byers	Yes	Ashley Sanchez
Absent	Elena Flores	Yes	William Seidlitz
Absent	Wendy Newton	Yes	Angela Villanueva
Yes	Paul Parker	Yes	Cyndi Waller
Absent	Mark Rieber	Yes	Patricia Watson

Meeting to be held at the Murrieta Mesa High School. Meeting location to be determined.

6. Meeting adjourned at 7:29p.m.

Reviewed and Approved:

_____

Mac Byers
Citizens' Oversight Committee Chairperson

Measure BB Oversight Committee

April 26, 2021

Role of Committee

- To review all expenditures to ensure they fall within the intention of the voters and adhere to the language of the project list
- Reminder: The committee is subject to the Brown Act. This means no discussion or decision on items outside the meetings not put on an agenda (even between 2 committee members)
  - Exception: Information updates from the District or questions to the District from individual members

Independent Auditor's Report

Governing Board and
Citizens Oversight Committee
Murrieta Valley Unified School District
Murrieta, California

Report on the Financial Statements
We have audited the accompanying financial statements of the Murrieta Valley Unified School District's (the District), Building Fund (Measure BB), as of and for the year ended June 30, 2020, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of financial statements, whether due to error or fraud. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Building Fund (Measure BB) of Murrieta Valley Unified School District as of June 30, 2020, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter
As discussed in Note 1, the financial statements of the Building Fund specific to Measure BB are intended to present the financial position and the changes in financial position attributable to the transactions of that Fund. They do not purport to, and do not, present fairly the financial position of Murrieta Valley Unified School District as of June 30, 2020, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by *Government Auditing Standards*
In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2020, on our consideration of Murrieta Valley Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Murrieta Valley Unified School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Murrieta Valley Unified School District's internal control over financial reporting and compliance.

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the Murrieta Valley Unified School District's (the District) Building Fund (Measure BB) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA). The Murrieta Valley Unified School District Building Fund accounts for financial transactions in accordance with the policies and procedures of the California School Accounting Manual.

Financial Reporting Entity

The financial statements include only the Building Fund of the Murrieta Valley Unified School District used to account for Measure BB projects. This Fund was established to account for the expenditures of general obligation bonds issued under Measure BB. These financial statements are not intended to present fairly the financial position and results of operations of the Murrieta Valley Unified School District in compliance with accounting principles generally accepted in the United States of America.

Fund Accounting

The operations of the Building Fund are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of Accounting

The Building Fund is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget no later than July 1 in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid, and all outstanding encumbrances lapse at June 30.

Fund Balance - Building Fund (Measure BB)

As of June 30, 2020, the fund balance is classified as follows:

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Spending Order Policy

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Note 2 - Investments

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State: U.S. Treasury instrument; registered State warrants or treasury notes: securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreement; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security, and collateralized mortgage obligations.

Investment in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statement at amounts based upon the District's pro-rata share of the fairly value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the Riverside County Treasury Investment Pool. The District maintains a Building Fund (Measure BB) investment of $10,917,527 with the Riverside County Treasury Investment Pool, with an average maturity of 409 days.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investments in the Riverside County Treasury Investment Pool is rated Aaa-bf by Moody's Investor Service and AAAf/S1 by Fitch Ratings.

Note 3 - Fair Value Measurements

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the Riverside County Treasury Investment Pool and/or Local Agency Investment Funds/State Investment Pools are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at $1.00 net asset value per share. The County Treasury Investment Pool has a daily redemption frequency period and a one-day redemption notice period.

The District's fair value measurements are as follows at June 30, 2020:

Investment Type	Reported Amount	Uncategorized
Riverside County Investment Pool	$ 10,917,527	$ 10,917,527

Note 4 - Accounts Receivable

Accounts receivable at June 30, 2020, consisted of the following:

Interest	$ 33,648

Note 5 - Interfund Transactions

Interfund Receivables/Payables (Due To/Due From)

Interfund receivable and payable balances arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund receivable and payable balances at June 30, 2020, between governmental funds are as follows:

The balance of $1,000,025 is due to the Building Fund from the General Fund for reimbursement of costs.

Note 6 - Accounts Payable

Accounts payable at June 30, 2020, consisted of the following:

Capital outlay	$ 615,655
Vendor payables	153,931
	$ 769,586

Note 7 - Commitments and Contingencies

As of June 30, 2020, the Building Fund (Measure BB) had the following commitments with respect to unfinished projects:

Measure BB Projects	Remaining Construction Commitment	Expected Date of Completion
HVAC replacement	$ 751,878	October 2021
Roof replacement	546,340	October 2021
Murrieta Mesa High School	400,000	August 2021
Total	$ 1,698,218	

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2020.

Independent Auditor's Report
June 30, 2020

Murrieta Valley Unified School District

CPAs & BUSINESS ADVISORS

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Governing Board and
Citizens Oversight Committee
Murrieta Valley Unified School District
Murrieta, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Murrieta Valley Unified School District (the District) Building Fund (Measure BB) as of and for the year ended June 30, 2020, and the related notes of the financial statements, and have issued our report thereon dated November 17, 2020.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Building Fund specific to Measure BB are intended to present the financial position and the changes in financial position attributable to the transactions of that Fund. They do not purport to, and do not, present fairly the financial position of Murrieta Valley Unified School District as of June 30, 2020, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Murrieta Valley Unified School District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of Murrieta Valley Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Murrieta Valley Unified School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's Building Fund (Measure BB) financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Murrieta Valley Unified School District's Building Fund (Measure BB) financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CPAs & BUSINESS ADVISORS

Independent Auditor's Report on Performance

Governing Board and
Citizens Oversight Committee
Murrieta Valley Unified School District
Murrieta, California

We were engaged to conduct a performance audit of the Murrieta Valley Unified School District (the District) Building Fund (Measure BB) for the year ended June 30, 2020.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit was limited to the objectives listed within the report which includes determining the District's compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution and Appendix A contained in the *2019-2020 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* issued by the California Education Audit Appeals Panel. Management is responsible for the District's compliance with those requirements.

In planning and performing our performance audit, we obtained an understanding of the District's internal control in order to determine if the internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution, but not for the purpose of expressing an opinion of the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The results of our tests indicated that the District expended Building Fund (Measure BB) funds only for the specific projects approved by the voters, in accordance with Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution.

This report is intended solely for the information and use of the District, and is not intended to be and should not be used by anyone other than this specified party

Eide Bailly LLP

Authority for Issuance

The general obligation bonds associated with Measure BB were issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California *Education Code*, and other applicable provisions of law. The bonds are authorized to be issued by a resolution adopted by the Board of Supervisors of the County on June 16, 2015 (the Resolution), pursuant to a request of the District made by a resolution adopted by the Board of Education of the District on May 28, 2015.

The District received authorization from an election held on November 4, 2014, to issue bonds of the District in an aggregate principal amount not to exceed $98,000,000 to finance specific construction and renovation projects approved by eligible voters within the District. The proposition required approval by at least 55% of the votes cast by eligible voters within the District.

Purpose of Issuance

The net proceeds of the Bonds and any other series of general obligation bonds issued under the Authorization will be used for the purpose specified in the District bond proposition submitted at the Election, which include acquire and construct a new elementary school and related facilities, repair, renovate and upgrade buildings and infrastructure, including plumbing, lighting, electrical and drainage systems, and acquire, install and upgrade technology equipment, infrastructure and fixtures. The Bonds would not be used to fund the salaries, pensions or benefits of any board members, administrator, and/or teachers or for other school operating expenses.

To upgrade outdated Murrieta K12 classrooms, labs, career-training facilities, and education technology, rehabilitate deteriorated roofs, plumbing, electrical, lighting, HVAC, flooring, buildings and grounds; acquire/construct/equip sites, classrooms, and facilities; upgrade safety/security systems; and improve science, technology, engineering, and math instructional facilities; Murrieta Valley Unified School District will issue $98,000,000 of bonds at legal rates, with independent citizen oversight, no money for administrator salaries, and all funds benefitting Murrieta Valley K12 schools.

Authority for the Audit

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities", upon approval by 55% of the electorate. In addition to reducing the approval threshold from two-thirds to 55%, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in *Education Code* sections 15278-15282:

1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIIIA, Section 1(b)(3)(C) of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

2. The school district must list the specific school facilities projects to be funded in the ballot measure and must certify that the governing board has evaluated safety, class size reduction and information technology needs in developing the project list.

3. Requires the school district to appoint a citizen's oversight committee.

4. Requires the school district to conduct an annual independent financial audit and performance audit in accordance with the Government Auditing Standards issued by the Comptroller General of the United States of the bond proceeds until all of the proceeds have been expended.

5. Requires the school district to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed.

Objectives of the Audit

1. Determine whether expenditures charged to the Building Fund have been made in accordance with the bond project list approved by the voters through the approval of Measure BB.

2. Determine whether salary transactions, charged to the Building Fund were in support of Measure BB and not for District general administration or operations.

Scope of the Audit

The scope of our performance audit covered the period of July 1, 2019 to June 30, 2020. The population of expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2020, were not reviewed or included within the scope of our audit or in this report.

Methodology

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2020, for the Building Fund (Measure BB). Within the fiscal year audited, we obtained the actual invoices, purchase orders, and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Article XIIIA, Section 1(b)(3)(C) of the California Constitution and Measure BB as to the approved bond projects list. We performed the following procedures:

1. We identified expenditures and projects charged to the general obligation bond proceeds by obtaining the general ledger and project listing.

2. We selected a sample of expenditures using the following criteria:
    a. We considered all expenditures recorded in all object codes, including transfers out.
    b. We considered all expenditures recorded in all projects that were funded from July 1, 2019 through June 30, 2020 from Measure BB bond proceeds.
    c. We selected all expenditures that were individually significant expenditures. Individually significant expenditures were identified as individual transactions (expenditures) that exceeded approximately two percent of the total expenditures incurred.
    d. For all items below the individually significant threshold identified in item 2c, judgmentally selected expenditures based on risk assessment and consideration of coverage of all object codes, including transfers out, and projects for period starting July 1, 2019 and ending June 30, 2020.

3. Our sample included transactions totaling $2,892,489. This represents 62% of the total expenditures of $4,641,975, including transfers out.

4. We reviewed the actual invoices and other supporting documentation to determine that:
    a. Expenditures were supported by invoices with evidence of proper approval and documentation of receipting goods or services.
    b. Expenditures were supported by proper bid documentation, as applicable.
    c. Expenditures were expended in accordance with voter-approved bond project list.
    d. Bond proceeds were not used for salaries of school administrators or other operating expenses of the District.

5. We determined that the District has met the compliance requirement of Measure BB if the following conditions were met:
    a. Supporting documents for expenditures were aligned with the voter-approved bond project list.
    b. Supporting documents for expenditures were not used for salaries of school administrators or other operating expenses of the Districts.

Conclusion

The results of our tests indicated that, in all significant respects, Murrieta Valley Unified School District has properly accounted for the expenditures held in the Building Fund (Measure BB) and that such expenditures were made for authorized Bond projects.

None reported.

There were no audit findings reported in the prior year's Schedule of Findings and Questioned Costs.
