

Spartan Newsflash

INVER GROVE HEIGHTS MIDDLE SCHOOL / MARCH 2021 / VOLUME 01, EDITION 02

Greetings Loyal Readers,

Our theme for this edition is a photojournalist perspective on "My Covid Life." We asked Spartan Newsflash journalists and IGHMS staff to contribute drawings and pictures that represent a snapshot of their life during the Covid-19 pandemic. We were grateful for everyone who contributed to this edition, especially the art submitted from Ms. Laurax and Mr. Xiong's classes. Our intention is that this edition would act as a time capsule for our school and community: a way to look back at our experiences.

This photo capsule was intentionally curated - photos and drawings were grouped together to tell a story that can resonate with all of us. As you view this edition, try and see the covid experience through

our community's eyes. While we understand that this edition is not representative of all IGHMS "covid life" experiences, our goal is that you will find something that connects with you. We hope this makes our community members feel less alone. Our staff feel less alone. Our students feel less alone.

We owe a huge thank you to Ms. Laurax who created the layout of this edition. Please reach out to Becky Momany (momanyr@isd199.org) or Jess Maloney (maloneyj@isd199.org) for any comments, or concerns!

Saludos lectores leales,

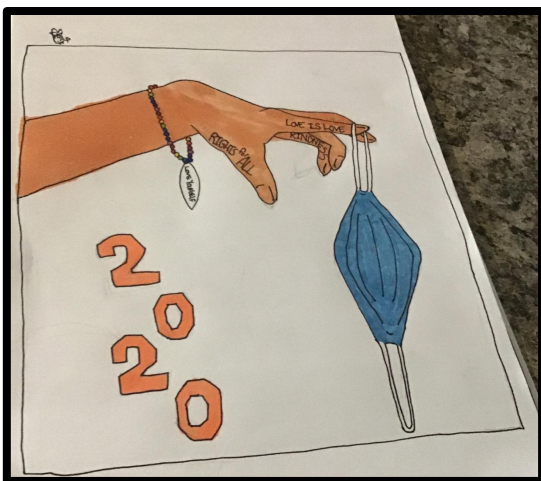

Nuestro tema para esta edición es una perspectiva de fotoperiodista sobre "Mi Vida Covid". Le pedimos a nuestros periodistas y personal de Spartan Newsflash que contribuyan con dibujos e imágenes que representen una instantánea de su vida durante la pandemia de Covid-19. Agradecemos a todos los que contribuyeron a esta edición, especialmente el arte presentado

por las clases de la Sra. Laurax y el Sr. Xiong. Nuestra intención es que esta edición actúe como una cápsula del tiempo para nuestra escuela y comunidad - una forma de recordar nuestras experiencias durante la cuarentena.

Esta cápsula de fotos fue seleccionada intencionalmente - las fotos y los dibujos se agruparon para contar una historia que pueda resonar en todos nosotros. A medida que experimente esta edición, intente ver la experiencia de covid a través de los ojos de nuestra comunidad. Si bien entendemos que esta edición no es representativa de

todas las experiencias de "vida covid" de la escuela intermedia, nuestro objetivo es que encuentres algo que se conecte contigo. Esperamos que esto haga que los miembros de nuestra comunidad se sientan menos solos. Nuestro personal se siente menos solo. Nuestros estudiantes se sienten menos solos.

¡Gracias por apoyar el Spartan Newsflash! Un gran agradecimiento a la Sra. Laurax que creó el diseño de esta edición. Comuníquese con Becky Momany (momanyr@isd199.org) o con Jess Maloney (maloneyj@isd199.org) para cualquier pregunta, comentario, o preocupación!

At the end of the day, tell yourself gently:
"I love you, you did the best you could today,
and even if you didn't accomplished all you
had planned, I love you anyway."

~ François
