

Child/Guardian Electronic Device Contract

This is a template device contract created by Eagle County School District Prevention Team to support families in monitoring their child's cell phone, smart watch, or other electronic device usage. As the parent, you are the ultimate decision maker in your child's relationship with technology and can use or ignore the below contract points as you see fit.

Child's Name: _____ Date: _____

The device belongs to the parent(s)/guardians(s). I/we allow you to use it, provided that you abide by the terms below. If you do not do so, I/we will take the phone away and you will have to earn it back.

I/we will always know the password for the device and any application installed on it. I/we will monitor your device regularly, including text messages, videos, and apps. If there's an issue, we will discuss it together.

You will always answer calls from your parent(s)/guardian(s). If you miss a call/text from me/us, return it immediately.

Usage Times:

- The device will be turned into a parent/guardian at _____ PM every school night and at _____ PM every weekend night.
- You will follow school rules about using your device.
- You will not use your device at mealtimes or while speaking with someone.

Device Responsibility

- If something happens to your device, you are responsible for the replacement costs or repairs. If anything happens to it in your possession, you are responsible. Even if a friend does something to it.
- If you can talk to someone in person, don't call or text them. Live in the moment, not on your device.
- Be kind and honest online, on your device, and in person. Do not text, email, or say anything to someone that you would not say out loud to them or their parents. If there's ever any doubt, do not send/post/share it.
 - _____ I will NOT use this device to bully another person or exhibit rude behavior.
- Keep private parts private. Do not search/view/share anything you wouldn't share at the dinner table.
- Do not take photos or videos of someone else without their permission.
- Remember that the internet is forever. What you do on the internet today can impact your life well into the future. If it seems questionable or risky, and you wouldn't want to explain it to a future boss, don't do it.

You are being permitted to use this device because I/we trust you and believe you are a good person capable of making good choices. I/We love you very much. My job/Our jobs are to help you be safe and responsible. If you have questions about anything, ask me/us. You will make mistakes, and there will be consequences, but we will deal with them together.

Child's Signature: _____
