## Minutes

All members of the SEAC were present. The meeting started on time. All agenda topics were covered. Some members had to leave before the meeting was over to pick up their children from the bus stop. However, prior to them leaving, we were able to establish that we should plan trips for just students with disabilities so that they can interact with one another away from the school setting. The parents also received the flyers from Families Helping Families so that they could contact them as needed.
