

Pittsburgh Public Schools

FACILITIES UTILIZATION PLAN

UPDATE

MAY 19, 2025

WHAT'S NEW?

Superintendent Delivers Updated Feasibility Report

Earlier this month, Superintendent Wayne N. Walters provided the Board an updated version of the Feasibility Report originally presented in March. The updated report provides a more detailed look at the financial impact, transportation considerations, and capital investment needs. It also highlights how these factors connect to instructional practices that support student learning and success.

As a result of this deeper analysis, the report includes revised recommendations and a proposed timeline to phase in changes over three school years.

WHAT'S NEXT?

Sharing the Updated Report to the Public

A public presentation of the updated report will be held immediately following the Agenda Review Meeting, which takes place at 6:00 PM. During this time, the Superintendent and District Leadership will provide an overview and answer questions.

The presentation will be streamed on the District's website and Facebook.

“We remain committed to a process that centers on student needs, values community input, and ensures every school is a place of opportunity. Together, we move forward with care and purpose, always putting our students first.”

— Dr. Wayne N. Walters

STAY ENGAGED!

We encourage parents and community members to stay informed and engaged as we collaborate to create a stronger future for our students. For more information, visit pghschools.org/facilitiesuplan or contact us. 412-529-8280 | community@pghschools.org.

Students first
Always, in all ways.
