

# Capital Planning

**FY24 -- FY27  
Phase 1**

# Capital Planning:

Facilities Assessment Plan: Ongoing work to keep facilities operational

E.g. HVAC, Roofing, etc...

Facilities Improvement Plan: Projects identified and prioritized to improve programming and campuses

E.g. MS Parking/Road Access, Turfing Athletic fields, Additional Gym space at ECC

Health Life Safety Plan: Decennial requirement from ISBE, mitigates issues related to safety/health of students and staff

E.g. Doors, Fire Systems, HVAC, etc...

## Reminder and Rationale:

The current agreement with Constellation ends on Dec. 31, 2026

That will be the last Levy (26) which will fund the FY28 (2027-28) school year

The Carbon Credit Legislation sunsets in June 30, 2027

Constellation has submitted a 20 Year License Renewal with the NRC

There is no guarantee the Dresden will remain operating if the Carbon Credit Legislation is not renewed OR their License is not extended OR at all...

That is why the aggressive capital project stance - while Constellation is paying half the bill...
