IV. Presentation of Excellence: Book fair

Evan Hunt recognized the recent book fair that was held here at Caprock, and highlighted its success, particularly in providing a broad variety of books, especially for older readers. The event was commended for its focus on books rather than distractions like knick-knacks.

Special thanks were extended to Andrea Simons Cummings for her leadership in organizing the fair.

V. General Public Comments

Members of the public may address the Board during this portion of the agenda on any topic. This comment period is not limited to items on the agenda. **Public Comments are limited to three (3) minutes and the total general public comment time is limited to twenty (20) minutes total.**

The Board reserves the right to limit or end public comment that it deems to be defamatory, insulting, abusive, or does not comply with character expectations of the Caprock community.

Please note that this Public Comment time is separate and distinct from a parent's opportunity to seek Board review of a matter concerning a specific student and a particular class and/or a specific circumstance of administration of a policy (see the Family Handbook, Grievance Policy SE8.5).

Similarly, this opportunity is separate and distinct from a Caprock employee requesting Board review of a specific employment matter (see the Employee Handbook, Grievance Policy E 15.0).

VIII. New Business Discussion

- a. Policy SE 4.01 Administering Medical Marijuana to students

Deborah Spooner and Megan Murray presented proposed updates to ensure the policy is accurate and compliant with current regulations and laws. They addressed a new law requiring schools to permit staff members to volunteer as administrators of medical marijuana, outlining the proper procedures for storage and administration. The Board requested a thorough review of the policy to correct any verbiage errors

before it is presented at the next meeting. Emphasized having a legal team review the policy to ensure compliance.

b. Policy M 3.1 Health Services

Deborah Spooner and Megan Murray presented proposed updates to ensure the policy remains accurate and compliant with current regulations and laws. Key updates included revising the language regarding infection and disease guidelines to align with current guidance and clarifying the verbiage surrounding medication administration in the school setting. These updates were adapted from the Charter School Institute (CSI) policy to better suit the needs of our school community. Additionally, the revised policy specifies that the School Nurse is the sole authority responsible for designating staff members to administer medication to students. The Board requested a thorough review of the policy to correct any verbiage errors, or possible separation of policy into separate more specific policy for better clarification.

c. October count update

Evan Hunt provided an update stating that the window for October counts is still open, so we are waiting for this number to be provided. We should have these numbers by the next Board of Directors Meeting.

d. Head of School update

Evan Hunt updated the Board of Directors on the recent Parent-Teacher Conferences, noting their success and smooth operation across the school. He shared updates on staff and operational changes, including Rebecca Roseberry's departure as High School Dean, with Howard Butcher stepping into the role, and Jennifer Neely assuming the position of Director of Support Services while Don Christensen became the Middle School Case Manager. The school has also transitioned to a new custodial and facility services provider to better meet the needs of the campus and community. Additionally, Jennie Morris attended anti-bullying training, with plans to implement the program among staff in the coming months. The graduation committee proposed hosting this year's ceremony at Colorado Mesa University, but the Board raised concerns about moving away from the traditional on-campus event during school hours, which allowed younger students to participate. They requested the committee gather feedback from staff and families to ensure the change aligns with the school's values and community needs.

X. Old Business Discussion

a. Committee updates

i. Fundraising

The Fundraising Committee convened on September 30th and plans to meet again on October 21st at 1:30pm to continue consolidating and streamlining fundraising efforts across the school community. Mrs. Moore has implemented the use of Better World,

an online platform that facilitates efficient processing and collection of funds while supporting targeted events and campaigns, such as silent auctions. Currently, a STEM-focused campaign is underway to fund the purchase of Chromebooks for high school students, as well as essential equipment upgrades for the science lab, including new burners and an event hood. Additionally, Miss Allen has applied for several grants through local civic organizations and a private foundation to secure additional funding for school projects. Meanwhile, the Booster Club is in the early stages of planning its spring fundraiser and is actively seeking volunteers to support the initiative. The Booster Club's next meeting is scheduled for October 21st at 6:30 PM at the Warehouse, with planning efforts advancing to ensure the success of all upcoming fundraising activities.

ii. Facilities, Safety and Security

The Facilities, Safety, and Security Committee provided an update on their recent activities. Last month's meeting was productive, and the next meeting is scheduled for Friday, the 18th, at noon. Evergreen Consultants recently completed their comprehensive safety and security assessment and presented their findings. The report highlighted many areas where the school is performing well, particularly in staff adherence to procedures and protocols. It also included several recommendations regarding the grounds and facilities, some of which the school has already implemented successfully. The report serves as a thorough and valuable document for guiding future improvements, especially as the school considers potential facility expansions. Although the committee has only had two meetings so far, they are making great progress and continue to seek additional members to support their efforts.

iii. Strategic planning

The Strategic Planning Committee provided an update on their ongoing efforts. The next meeting is scheduled for Friday (10/18) at 10:30 AM, where the focus will continue to be on aligning the school's core values with its mission and vision. Upcoming steps include reviewing the SWOT analysis and identifying data to support the pros, cons, and KPIs that need to be addressed in the strategic plan. The committee has been meeting regularly, and while a new collaborative session is not yet finalized, January 10th has been proposed as a potential date for the next major planning meeting. Progress continues as the committee works to refine and implement the school's strategic goals.

iv. Governance

The Governance Committee provided an update on their recent activities. Although the meeting on the 27th saw limited progress due to the committee not being at full strength, plans are underway for a more productive session on October 25th, when the full committee is expected to be present. The committee has begun addressing procedural improvements, such as developing processes for reviewing and implementing policies. Upcoming priorities include reviewing the employee handbook and identifying key updates to address first, as well as tackling necessary revisions to the family handbook. Confidentiality agreements have already been signed by parents, and the committee anticipates additional topics, such as health-

related updates, to arise during these discussions. Progress is expected to accelerate as the committee works through these priorities.

- b. Board action Items from retreat
 - i. Communications procedure

Still in the review and editing process and will continue to keep the Board updated on the status of this procedure.

- ii. Board agenda Procedure

The Board discussed updates to the board agenda procedure, focusing on clarifications and adjustments to improve meeting efficiency. A key edit was implementing a 30-minute limit for public comment during board meetings, with the flexibility to adjust this at the board's discretion for special circumstances. Additional guidelines clarified that attendees may only speak during public comment or when called upon by a board member to address specific questions. The procedure, not a formal policy, will be added to the Board Manual, with plans to share it with the community for transparency. Suggestions included creating reminders for attendees and developing an online public comment submission process to address technical issues and streamline communication. The first draft of meeting agendas will continue to be prepared approximately seven days in advance, with updates finalized through coordination among board members. The updated procedure is expected to be fully implemented by December, allowing time for the community to adjust to the changes.

- c. Grading policy update

The Governance Committee provided an update on the grading policy, emphasizing the importance of a thorough review to ensure it is done correctly. Feedback from staff indicated a preference to delay implementation until next year to allow sufficient time for careful planning and revisions. The initial committee working on the policy has been tasked with completing their review and presenting it to the Governance Committee by January. The Governance Committee will then review and refine the policy before bringing it to the Board for approval by March. The extended timeline reflects the complexity of the policy and the need for due diligence to ensure it meets the needs of all stakeholders. The goal is to finalize a well-considered policy that does not require frequent revisions.

Caprock Academy School Accountability Committee:

Meets the responsibilities and duties set forth in the Education Accountability Act of 2009 (S.B. 09-163), which includes making recommendations to the Board and the Head of School, on school budget and finance matters, Head of School evaluations, the school's improvement plan, and family engagement. This committee reviews and evaluates the school's testing data, parent surveys, staff surveys, student surveys, and the Unified Improvement Plan. In addition to the statutory requirements, this committee also makes recommendations to the Board and Head of School regarding curriculum, instructional delivery, and staff professional development.

Caprock Academy Vision:

VISION: Strengthening the community through the involvement of parents, educators and community leaders working together to provide an environment that fosters academic excellence and develops strong character in our students. We shape global citizens who set life goals and practice lives of service and virtue.

1. Call to order: Candice Freeman, Co-Chair CASAC
2. Old Business:
 - a. Guest Speakers currently arranged:
 - a. October: Jennie Morris (K-12 Dean), November: Howard Butcher (Instructional Advisor), February: Lindsay Clayton (5th-8th Dean). Waiting to hear back from: Don Christensen Director of Support Services, Shane Chatfield Director of Analytics, Kathy Cantu Board of Directors/Finance Committee, Robin Dove K-4 Dean. Jennifer Heil is going to coordinate with Lindsay Dunkin and plan to come together.
 - b. Possip survey platform update – final stages of approval. Jessica & I will review the final platform details, set up process, cost with Jordan Jones.
 - c. Facebook update –
 - d. Comments/posts currently suspended on the Private CA Parent Group FB page. Open discussion on creating a path forward. Ideas brought to this committee: (1) allowing “authors” authority to post (i.e. leaders within approved groups (CAST, Booster, CASAC)) to relieve Director of Communications of having to manage all posting content and manually turn off posting capability for each post made. (2) Adding additional “moderators” to help manage comments if/when they are turned back on. Other ideas?

What is the purpose of FB page – consensus is to create a place for community & connection. Would the family directory be an avenue? Is there a way to improve class wide communication i.e. sending out class family information or making the directory more visible. Moderators can be time consuming. There is a clear grievance policy and ways to ask questions in place already. If we disband FB, pushback. The positive type of community in prior years on FB. Can there be clear guidelines stated and reinstated later. It is important for parents to feel heard. We don't want to lose that. Can there be follow up with parents that post with frustration. A “cooling off” period. When reinstated a reply: “Evan Hunt will be reaching out to you tomorrow”.

3. New Business:

- a. Jessica Derryberry gave an update on the BOD.

They have been working on getting committees up and running. Creating a governance committee will work on updating handbooks and getting a fundraising committee going. *These are both in the by-laws. Working on procedural items; Board meeting procedure, and communication. The board is having committees give monthly updates at the board meetings and plan to continue either in person or in writing. Links to the board meetings with agenda are in the announcements sent out prior to each meeting. Should the guidelines be reviewed – and refresh/ restart membership. Could parents volunteer to be moderators.

- b. I would like to request the following meeting date changes: October, 23rd vs the 30th (my son's 16th birthday is the 30th) and November 20th vs the 27th (Thanksgiving Holiday week). **Approved!**

- c. CAAT update (Mr. Hunt) **Described duties, purpose.**

- d.

Thank you to the parents that attended the meeting at Four Winds Coffee, to share concerns, ask questions, openly discuss the suspension of the CA Parent Group FB page.

- e. Open Discussion - Future Workshops/Town Halls proposal to the Board of Directors/Head of School.

Put CASAC in communiqué more visibly and that it is allowed to be attended by Caprock Community.

There are specific rules around meeting with the Board. Can CASAC make a proposal to the BOD to coordinate a workshop. Could CASAC serve a greater role in giving community a way to interact with BOD? And other facets of CA? Could there be a quarterly type of meeting with a strategic speaker(s)

- f. We have struggled to get parents engaged for the volunteer recognition board across from the front desk. Suggestions??

Lori Muhr has agreed to help but having trouble getting participation. It was suggested to use it as a CASAC bulletin board. Spotlight a staff member.

4. Any other items in need of discussion?
5. Adjourn

Respectfully submitted by Sydney Swaim

I. REPORT

The Finance Committee met on September 24, 2024 to review and approve the August 2024 financial reports. We also met to discuss other financial matters affecting the school.

1) August 2024 Financial Reports

Caprock's net loss for August was \$45,675.76. The school's fiscal YTD net income was \$42,608.65. We had budgeted income of right over \$60,000 at this point YTD, so we are almost \$18,000 behind the budget. Specific Account information for August:

- Athletic Booster (Acct 1710) – This account is negative for the month due to the purchase of the senior banners that are hanging in the gym.
- Payroll Taxes (Acct 0220) – This account is negative for the month due to a reclassification entry. We are working on getting additional coding details from the new payroll company to line up with our chart of accounts.
- Other Professional Services (Acct 0390) – This account has charges for refs and sped teachers/director payments.
- CDE Admin Overhead (Acct 0399) – This account fees are normally shown in account 0597 and that is where the budget is entered.

These monies will not affect the income statement and only reduce this account as well as reduce the bank account (both balance sheet accounts). These were monies received pre-COVID for certain expenses determined by the state, but we were not able to expend everything due to COVID.

2) 2024/2025 Budget

The 2024/2025 year budget was approved in the May 2024 board meeting. We are being paid on 877 FTE and they are paying us at \$10,791.65 per FTE. We have budgeted on 890 FTE at \$10,829.72 per FTE. INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

Opinions

We have audited the financial statements of the governmental activities and each major fund, of Caprock Academy (the "Academy") as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Caprock Academy as of June 30, 2023, and the respective changes in financial position and, thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Caprock Academy and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures of the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required budgetary and pension information on pages 40-44 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB) who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended June 30, 2024

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 664,671
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expense in the statement of activities. This is the amount depreciation expense (\$480,975), exceeded capital outlay \$175,695, for the year.	(305,280)
Repayment of long-term debt and related costs are reported as an expenditure in the governmental funds and decrease fund balance. For the Academy as a whole, however, these costs and payments reduce the liabilities or are capitalized in the statement of net position and do not result in an expense in the statement of activities. This amount includes bond principal payment \$460,000, and amortization of bond discount of (\$4,433).	455,567
Deferred Charges related to pensions are not recognized in the governmental funds. However, in the government-wide statements these amounts are capitalized and amortized.	<u>(1,088,558)</u>

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Caprock Academy (the “Academy”) was organized in 2007, pursuant to the Colorado Charter Schools Act to form and operate a charter school in of the State of Colorado. The Academy receives their primary funding from the Charter School Institute (the “Institute”).

The accounting policies of the Academy conform to generally accepted accounting principles as applicable to governmental units. Following is a summary of the more significant policies.

Reporting Entity

The financial reporting entity consists of the Academy and organizations for which the Academy is financially accountable. All funds, organizations, institutions, agencies, departments and offices that are not legally separate are part of the Academy. In addition, any legally separate organizations for which the Academy is financially accountable are considered part of the reporting entity. Financial accountability exists if the Academy appoints a voting majority of the organization’s governing board and is able to impose its will on the organization, or if the organization provides benefits to, or imposes financial burdens on the Academy.

Caprock Academy Building Corporation

The Caprock Academy Building Corporation (the “Building Corporation”) is considered to be financially accountable to the Academy. The Building Corporation was formed to support and assist the Academy to perform its function and to carry out its purpose, specifically to assist in the financing and construction of the Academy’s facilities. As the Academy made payments directly to the bond trustee, there are no transactions to report for the Building Corporation. Separate financial statements are not available for the Building Corporation. During the year ended June 30, 2024, the Academy paid \$876,230 and \$460,000 for interest and principal on behalf of the Building Corporation. Cash in the amount of \$168,384 has been restricted in the General Fund for payment of the Building Corporation debt service expenses and to provide funding for the Academy’s building expansion project.

Caprock Academy Building Corporation 2

The Caprock Academy Building Corporation 2 (the “Building Corporation 2”) is considered to be financially accountable to the Academy. The Building Corporation 2 was formed in June 2014 to support and assist the Academy to perform its function and to carry out its purpose, specifically to enter into an operating lease agreement for one of the Academy’s modular buildings. As the Academy will make payments directly to the lessor, there are no transactions to report for the Building Corporation 2. Separate financial statements are not available for the Building Corporation 2.

The Academy has not made any lease payments for the year ended June 30, 2024.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the Academy. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported in a single column.

The statement of activities demonstrates the degree to which the direct expenses of the given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment.

Program revenues include 1) charges to students or others who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Unrestricted intergovernmental revenues not properly included among program revenues are reported instead as general revenues.

Major individual governmental funds are reported in separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period, not to exceed 60 days. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)

Intergovernmental revenues, grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Academy.

Internally dedicated resources are reported as general revenues rather than as program revenues.

When both restricted and unrestricted resources are available for use, it is the Academy's policy to use restricted resources first and the unrestricted resources as they are needed.

The Academy reports the following major governmental fund:

General Fund – This fund is the general operating fund of the Academy. It is used to account for all financial resources except those required to be accounted for in another fund.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position and balance sheets will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflow of resources, represents a consumption of net position and fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position and balance sheets will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflow of resources, represents an acquisition of net position and fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Assets, Liabilities and Fund Balance/Net Position

Receivables – All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Capital Assets – Capital assets, which include property and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the Academy as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Depreciation of exhaustible capital assets is charged as an expense against operations, and accumulated depreciation is reported on the statement of net assets in the government-wide financial statements. Depreciation has been provided over the following estimated useful lives of the capital assets using the straight-line method: buildings and improvements 15 – 35 years; equipment 5 years.

Long-term Debt – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bond issuance costs are recognized in the current period. In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as current expenditures.

Net Position – The government-wide fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted. Net investment in capital assets is intended to reflect the portion of net position which is associated with non-liquid, capital assets less outstanding capital asset related debt. The net related debt is the debt less the outstanding liquid assets and any associated unamortized cost. Restricted net position is liquid assets, which have third party limitations on their use. Unrestricted net position represents assets that do not have any third party limitations on their use.

Fund Balance Classification – The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Academy is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable – This classification includes amounts that cannot be spent because they are either not in a spendable form (such as inventories and prepaid amounts) or are legally or contractually required to be maintained intact. The Academy reports its deposits as nonspendable as of June 30, 2024.
- Restricted – This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The Academy has classified Emergency Reserves as being restricted because their use is restricted by State Statute for declared emergencies. The Academy also reports funds as restricted for debt service and capital construction as required by bond covenants.
- Committed – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Directors. These amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Academy did not have any committed resources as of June 30, 2024.
- Unassigned – This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Fund Balance/Net Position (Continued)

The Academy would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources.

Compensated Absences

The Academy's policy allows employees to accumulate sick and vacation leave. Upon termination of employment, no financial compensation is paid for these unused compensated absences. Therefore, no liability for accumulated sick leave is reported in the financial statements.

Comparative Data

Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the Academy's financial position and operations. However, comparative data has not been presented in all statements because such inclusion would make certain statements unduly complex and difficult to understand. Also, certain amounts presented in the prior year data have been reclassified to be consistent with current year's presentation.

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgets and Budgetary Accounting

A budget is adopted for the General Fund on a basis consistent with generally accepted accounting principles.

Academy management submits to the Board of Directors a proposed budget for the fiscal year commencing the following July 1. The budget is adopted by the Board of Directors prior to June 30. Expenditures may not legally exceed appropriations at the fund level. Revisions must be approved by the Board of Directors. The budget includes proposed expenditures and the means of financing them. All appropriations lapse at fiscal year-end.

NOTE 3: **CASH AND INVESTMENTS**

Cash and Investments at June 30, 2024 consisted of the following:

Petty Cash	\$ 384
Deposits	5,937,574
Investments	<u>122,031</u>
Total	<u>\$ 6,059,989</u>

Deposits

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. At June 30, 2024, State regulatory commissioners have indicated that all financial institutions holding deposits for the Academy are eligible public depositories. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. PDPA allows the financial institution to create a single collateral pool for all public funds held.

The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. The Academy has no policy regarding custodial credit risk for deposits.

At June 30, 2024, the Academy had deposits with financial institutions with a carrying amount of \$5,937,574. The bank balances with the financial institutions were \$5,919,618. Of these balances, \$411,233 was covered by federal depository insurance and \$5,508,385 was covered by collateral held by authorized escrow agents in the financial institution's name (PDPA).

Investments

Interest Rate Risk

The Academy does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE 3: CASH AND INVESTMENTS (Continued)

Investments (Continued)

Credit Risk

Colorado statutes specify in which instruments units of local government may invest, which include:

- Obligations of the United States and certain U.S. Government Agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts

The Academy has no policy for managing credit risk or interest rate risk.

Fair Value

The Academy categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant observable inputs.

At June 30, 2024, the Academy held investments in a money market fund in the amount of \$122,031. The fund invests only in U.S. Treasury Obligations and is rated Aaa-mf by Moody's. Given the low risk of this type of investment, the Academy has not established a policy limiting the amount of investments in this type of security and deems it unnecessary at this time. These investments are valued with Level 1 inputs.

Restricted Cash and Investments

Investments in money market funds totaling \$122,031 are restricted in the General Fund for the payment of the Academy's capital construction and debt payments. This amount is held on behalf of the Building Corporation. Cash in the amount of \$46,353 is restricted for health insurance claims.

The Academy is obligated under a lease agreement to make monthly lease payments to the Corporation for the use of educational facilities. The Corporation is required to make equal loan payments to the Trustee, for payment of the bonds. The bonds accrue interest of 4.35% per annum. NOTE 6: **DEFINED BENEFIT PENSION PLAN**

Summary of Significant Accounting Policies

Pensions. The Academy participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado (PERA). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan description. Eligible employees of the Academy are provided with pensions through the SCHDTF—a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly.

PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided as of December 31, 2023. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA benefit structure is the greater of the:

- Highest average salary multiplied by 2.5% and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100% match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100% of highest average salary and cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: DEFINED BENEFIT PENSION PLAN (Continued)

General Information about the Pension Plan (Continued)

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50% or 100% on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

Upon meeting certain criteria, benefit recipients who elect to receive a lifetime retirement benefit generally receive post-retirement cost-of-living adjustments, referred to as annual increases in the C.R.S. Subject to the automatic adjustment provision (AAP) under C.R.S. § 24-51-413, eligible benefit recipients under the PERA benefit structure who began membership before January 1, 2007, and all eligible benefit recipients of the DPS benefit structure will receive the maximum annual increase (AI) or AI cap of 1.00% unless adjusted by the AAP.

Eligible benefit recipients under the PERA benefit structure who began membership on or after January 1, 2007, will receive the lesser of an annual increase of the 1.00% AI cap or the average increase of the Consumer Price Index for Urban Wage Earners and Clerical Workers for the prior calendar year, not to exceed a determined increase that would exhaust 10% of PERA's Annual Increase Reserve (AIR) for the SCHDTF. The AAP may raise or lower the aforementioned AI cap by up to 0.25% based on the parameters specified in C.R.S. § 24-51-413.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contributions provisions as of June 30, 2024: Eligible employees of the Academy and the State are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements for the SCHDTF are established under C.R.S. § 24-51-401, et seq. and § 24-51-413. Eligible employees are required to contribute 11.00% of their PERA-includable salary during the period of July 1, 2023 through June 30, 2024.

General Information about the Pension Plan (Continued)

Employer contribution requirements are summarized in the table below:

	July 1, 2023 Through June 30, 2024
Employer contribution rate	11.40%
Amount of employer contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208(1)(f)	(1.02%)
Amount apportioned to the SCHDTF	10.38%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411	4.50%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411	5.50%
Total employer contribution rate to the SCHDTF	20.38%

*Contribution rates for the SCHDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the Academy is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from Academy were \$1,033,482 for the year ended June 30, 2024.

For purposes of GASB 68 paragraph 15, a circumstance exists in which a nonemployer contributing entity is legally responsible for making contributions to the SCHDTF and is considered to meet the definition of a special funding situation. As specified in C.R.S. § 24-51-414, the State is required to contribute a \$225 million direct distribution each year to PERA starting on July 1, 2018. A portion of the direct distribution payment is allocated to the SCHDTF based on the proportionate amount of annual payroll of the SCHDTF to the total annual payroll of the SCHDTF, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. The direct distribution from the State was suspended in 2020. To compensate PERA for the suspension, C.R.S. §§ 24-51-414(6-8) required restorative payment by providing an accelerated payment in 2022. In 2022, the State Treasurer issued payment for the direct distribution of \$225 million plus an additional amount of \$380 million. Due to the advanced payment made in 2022, the State reduced the distribution in 2023 to \$35 million. Additionally, the newly added C.R.S. § 24-51-414(9) providing compensatory payment of \$14.561 million for 2023 only.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The net pension liability for the SCHDTF was measured as of December 31, 2023, and the total pension liability (TPL) used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2022. Standard update procedures were used to roll-forward the TPL to December 31, 2023. The Academy's proportion of the net pension liability was based on the Academy's contributions to the SCHDTF for the calendar year 2023 relative to the total contributions of participating employers and the State as a nonemployer contributing entity

At June 30, 2024, the Academy reported a liability of \$12,888,506 for its proportionate share of the net pension liability that reflected an increase for support from the State as a nonemployer contributing entity. The amount recognized by the Academy as its proportionate share of the net pension liability, the related support from the State as a nonemployer contributing entity, and the total portion of the net pension liability that was associated with Academy were as follows:

Academy's proportionate share of the net pension liability	\$12,888,506
The State's proportionate share of the net pension liability as a nonemployer contributing entity associated with the Academy	276,543
Total	\$13,165,049

At December 31, 2023, the Academy's proportion was .07288%, which was an increase of .01521% from its proportion measured as of December 31, 2022.

Actuarial assumptions. The TPL in the December 31, 2022, actuarial valuation was determined using the following actuarial cost method, actuarial assumptions, and other inputs:

Actuarial cost method	Entry age
Price inflation	2.30%
Real wage growth	0.70%
Wage inflation	3.00%
Salary increases, including wage inflation:	3.40%-11.00%
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25%
Discount rate	7.25%
Post-retirement benefit increases:	
PERA benefit structure hired prior to 1/1/07	1.00%

¹ Post-retirement benefit increases are provided by the AIR, accounted separately within each Division Trust Fund, and subject to moneys being available; therefore, liabilities related to increases for members of these benefit tiers can never exceed available assets.

The mortality tables described below are generational mortality tables developed on a benefit-weighted basis. Pre-retirement mortality assumptions were based upon the PubT-2010 Employee Table with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions were based upon the PubT-2010 Healthy Retiree Table, adjusted as follows:

- Males: 112% of the rates prior to age 80 and 94% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- Females: 83% of the rates prior to age 80 and 106% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled beneficiary mortality assumptions were based upon the Pub-2010 Contingent Survivor Table, adjusted as follows:

- Males: 97% of the rates for all ages, with generational projection using scale MP-2019.
- Females: 105% of the rates for all ages, with generational projection using scale MP-2019.

NOTE 6: **DEFINED BENEFIT PENSION PLAN**(Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Disabled mortality assumptions were based upon the PubNS-2010 Disabled Retiree Table using 99% of the rates for all ages with generational projection using scale MP-2019.

The actuarial assumptions used in the December 31, 2022, valuation were based on the 2020 experience analysis, dated October 28, 2020, for the period January 1, 2016, through December 31, 2019. Revised economic and demographic assumptions were adopted by the PERA Board on November 20, 2020.

The long-term expected return on plan assets is reviewed as part of regularly scheduled experience studies prepared at least every five years and asset/liability studies performed every three to five years for PERA. The most recent analyses were outlined in the Experience Study report dated October 28, 2020.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

The PERA Board first adopted the 7.25% long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the Board's November 15, 2019, meeting, to be effective January 1, 2020. As of the most recent reaffirmation of the long-term rate of return, the target asset allocation, and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
Global Equity	54.00%	5.60%
Fixed Income	23.00%	1.30%
Private Equity	8.50%	7.10%
Real Estate	8.50%	4.40%
Alternatives	6.00%	4.70%
Total	100.00%	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

Discount rate. The discount rate used to measure the TPL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.
- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including the scheduled increases in SB 18-200 and required adjustments resulting from the 2018 and 2020 AAP assessments. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including the scheduled increase in SB 18-200 and required adjustments resulting from the 2018 and 2020 AAP assessments. Employer contributions also include current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103%, at which point the AED and SAED will each drop 0.50% every year until they are zero.
- Additionally, estimated employer contributions reflect reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- As specified in law, the State, as a nonemployer contributing entity, will provide an annual direct distribution of \$225 million commencing July 1, 2018, that is proportioned between the State, School, Judicial, and DPS Division Trust Funds based upon the covered payroll of each Division. The annual direct distribution ceases when all Division Trust Funds are fully funded.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial FNP, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the FNP and the subsequent AIR benefit payments were estimated and included in the projections.

- Benefit payments and contributions were assumed to be made at the middle of the year.
- Beginning with the December 31, 2023, measurement date and thereafter, the FNP as of the current measurement date is used as a starting point for the GASB 67 projection test.

Based on the above assumptions and methods, the SCHDTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Sensitivity of the Academy's proportionate share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25%) or 1-percentage point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)

General Information about the OPEB Plan

Plan description. Eligible employees of the Academy are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended, and sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided. The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 et seq. specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

NOTE 7: DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN
(Continued)

General Information about the OPEB Plan (Continued)

Enrollment in the PERACare health benefits program is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

PERA Benefit Structure

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5% reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

For retirees who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, the HCTF or the DPS HCTF pays an alternate service-based premium subsidy. Each individual retiree meeting these conditions receives the maximum \$230 per month subsidy reduced appropriately for service less than 20 years, as described above. Retirees who do not have Medicare Part A pay the difference between the total premium and the monthly subsidy.

Contributions. Pursuant to Title 24, Article 51, Section 208(1) (f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02% of PERA-includable salary into the HCTF.

General Information about the OPEB Plan (Continued)

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the Academy is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from the Academy were \$51,723 for the year ended June 30, 2024.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024, the Academy reported a liability of \$311,205 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2023, and the total OPEB liability (TOL) used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2022. Standard update procedures were used to roll-forward the TOL to December 31, 2023. The Academy's proportion of the net OPEB liability was based on the Academy's contributions to the HCTF for the calendar year 2023 relative to the total contributions of participating employers to the HCTF.

At December 31, 2023, the Academy's proportion was .0436%, which was a decrease of .00024% from its proportion measured as of December 31, 2022.

For the year ended June 30, 2024, the Academy recognized OPEB income of \$133,645. At June 30, 2024 the Academy reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

premium rates for the UnitedHealthcare Medicare Advantage Prescription Drug (MAPD) PPO plan #1, the UnitedHealthcare MAPD PPO plan #2, and the Kaiser Permanente MAPD HMO plan. Actuarial morbidity factors are then applied to estimate individual retiree and spouse costs by age, gender, and health care cost trend. The 2023 Medicare Part A premium is \$506 per month.

All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and industry methods developed by health plan actuaries and administrators. In addition, projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services are referenced in the development of these rates. Effective December 31, 2022, the health care cost trend rates for Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

Actuarial assumptions pertaining to per capita health care costs and their related trend rates are analyzed and updated annually by PERA Board's actuary, as discussed above.

The long-term expected return on plan assets is reviewed as part of regularly scheduled experience studies performed at least every five years, and asset/liability studies, performed every three to five years for PERA. The most recent analyses were outlined in the Experience Study report dated October 28, 2020.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

The PERA Board first adopted the 7.25% long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the Board's November 15, 2019, meeting, to be effective January 1, 2020.

(Continued)**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB** (Continued)

As of the most recent reaffirmation of the long-term rate of return, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
Global Equity	54.00%	5.60%
Fixed Income	23.00%	1.30%
Private Equity	8.50%	7.10%
Real Estate	8.50%	4.40%
Alternatives	6.00%	4.70%
Total	100.00%	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

Sensitivity of the Academy's proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates. The following presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
Initial PERACare Medicare trend rate ¹	5.75%	6.75%	7.75%

Discount rate. The discount rate used to measure the TOL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2023, measurement date.
- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Estimated transfers of dollars into the HCTF representing a portion of purchase service agreements intended to cover the costs associated with OPEB benefits.
- Benefit payments and contributions were assumed to be made at the middle of the year.
- Beginning with the December 31, 2023, measurement date and thereafter, the FNP as of the current measurement date is used as a starting point for the GASB 74 projection test.

NOTE 7: **DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN** (Continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

- As of the December 31, 2023, measurement date, the FNP and related disclosure components for the HCTF reflect payments related to the disaffiliation of Tri-County Health Department as a PERA-affiliated employer, effective December 31, 2022. As of the December 31, 2023, year-end, PERA recognized two additions for accounting and financial reporting purposes: a \$24 million payment received on December 4, 2023, and a \$2 million receivable. The employer disaffiliation payment and receivable allocations to the HCTF and Local Government Division Trust Fund were \$1.033 million and \$24.967 million, respectively.

Based on the above assumptions and methods, the FNP for the HCTF was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on OPEB plan investments was applied to all periods of projected benefit payments to determine the TOL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Sensitivity of the Academy's proportionate share of the net OPEB liability to changes in the discount rate. The following presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net OPEB liability	\$367,573	\$311,205	\$262,983

NOTE 8: COMMITMENTS AND CONTINGENCIES

Claims and Judgments

The Academy participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Academy may be required to reimburse the grantor government. As of June 30, 2024, significant amounts of grant expenditures have not been audited, but the Academy believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the overall financial position of the Academy.

Tabor Amendment

In November 1992, Colorado voters passed the Tabor Amendment to the State Constitution, which limits state and local government tax powers and imposes spending limitations. Fiscal year 1993 provides the basis for limits in future years to which may be applied allowable increases for inflation and student enrollment. Revenue received in excess of the limitations may be required to be refunded. The Academy believes it has complied with the Amendment.

As required by the Amendment, the Academy has established a reserve for emergencies. At June 30, 2024, the reserve of \$329,847 was recorded as a restriction of fund balance in the General Fund.

NOTE 9: DEFICIT NET POSITION

The net position of the governmental activities is in a deficit position in the amount of \$7,218,822 due to the Academy including its Net Pension Liability and Net OPEB liability per the requirements of GASB Statement Nos. 68 and 75.

NOTE 10: SUBSEQUENT EVENTS

Potential subsequent events were considered through October xx, 2024. It was determined that no events were required to be disclosed through this date.

Caprock Academy
Management's Discussion and Analysis
Fiscal Year Ending June 30, 2024

As management of Caprock Academy (CA or the School), we offer readers of Caprock Academy's basic financial statements this narrative overview and analysis of the financial activities of the School for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information provided in the accompanying financial statements.

Financial Highlights

The year ended June 30, 2024 is the sixteenth year of operations for CA. As of June 30, 2024, net position decreased by \$273,600 to \$(7,218,822). Caprock Academy's governmental funds reported an ending fund balance of \$5,665,044, an increase of \$664,671 from the prior year.

The operations of the School are funded primarily by tax revenue received under the Colorado School Finance Act in Per Pupil Revenue (PPR). Tax revenue for the year from PPR was \$8,988,772.

Overview of Financial Statements

This discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The School's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The statement of net position presents information on the School's assets and liabilities, and deferred inflows and outflows, with the difference being reported as net position. Over time, the increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating.

The statement of activities presents information showing how net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future periods (for example, salaries and benefits earned but unpaid as of year-end).

The government-wide statement of activities distinguishes functions/programs of the School supported primarily by Per Pupil Revenue or other revenues passed through from the School's

authorizer (Colorado Charter School Institute). The governmental activities of CA include instruction and supporting services.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School keeps track of these monies to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The School maintains one governmental fund and adopts an annually appropriated budget for the fund. A budgetary comparison schedule is included to demonstrate that spending did not exceed the budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements.

Government-Wide Financial Analysis

As noted previously, net position may serve over time as a useful indicator of the School's financial position. For the fiscal year ended June 30, 2024, CA's net position was \$(7,218,822). This position includes a net pension liability in the amount of \$12,888,506, representing the School's proportionate share of the School Division Trust Fund pension liability, administered by the Public Employees' Retirement Association of Colorado (PERA). The School reports this net pension liability, and associated deferred inflows and outflows of resources, as required by GASB (Governmental Accounting Standards Board) 68. The School's net position also includes a net OPEB (Other Post-Employment Benefits) liability in the amount of \$311,205, representing the School's proportionate share of the defined benefit Health Care Trust Fund, administered by PERA. The School reports this net OPEB liability, and associated deferred inflows and outflows of resources, as requirement by GASB 75. More information regarding the net pension and OPEB liabilities may be found in the notes to the financial statements.

Of the School's total net position, \$(2,870,726) is invested in capital assets, \$329,847 is restricted to comply with Article X, Section 20 of the Colorado Constitution, known as the TABOR Amendment, and \$168,384 is restricted for debt service and capital construction.

Financial Analysis of the Government's Funds

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

The focus of the School's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the School's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the School's General Fund reported an ending fund balance of \$5,665,044, an increase of \$664,671 from the prior year.

The School also maintains two building corporations, formed to assist in the financing and construction of the School's facilities and to enter into an operating lease for a modular building. However, the School made payments directly to the bond trustee and lessor, so there are no transactions to report for either building corporation.

General Fund Budgetary Highlights

CA recognized \$65,392 more revenue than expected and spent \$584,372 less than planned, when compared to the final budget. There were budget amendments during the year, which reflected changes in revenues and expenditures. Overall, revenue and expenses were fine-tuned to account for changes to student enrollment and funding assumptions.

Capital Assets & Long-Term Debt

The School has invested in capital assets in the form of land, buildings and improvements, and machinery and equipment. Depreciation expenses for capital assets are booked under the supporting services program of the School's operations. More information regarding capital assets may be found in Note 4 to the financial statements.

The School has long-term debt in the form of Series 2018 Charter School Revenue and Refunding Bonds. Proceeds were used to refund bond and loan debt and to fund a facility expansion. More information regarding long-term debt may be found in Note 5 to the financial statements.

Economic Factors and Next Year's Budget

The primary factor driving the budget for Caprock Academy is student enrollment. Enrollment for the 2023-2024 school year was 895.00 funded students. Enrollment projected for 2024-2025 is 895.00 funded students. This factor was considered when preparing CA's budget for 2024-2025.

Requests for Information

This financial report is designed to provide a general overview of Caprock Academy's finances for all those with an interest in the School's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the School:

Policy SE 4.01 – Administering Medical Marijuana to Students

The Caprock Academy Board of Directors (“the Board”) strives to honor families’ private medical decisions while ensuring a learning environment free of disruption. To accomplish these goals, Caprock Academy restricts the administration of medications, including medical marijuana, unless administration cannot reasonably be accomplished outside of school hours

Administration of medical marijuana to qualified students shall be in accordance with this policy and state law (C.R.S. 22-1- 119.3). Administration of all other prescription and nonprescription medications to students shall be in accordance with applicable law and Caprock Academy's policy concerning the administration of medications to students.

Definitions

For purposes of this policy, the following definitions shall apply:

- 1) “Designated location” means a location identified in writing by the Head of School in his or her sole discretion and may include a location on the grounds of the school in which the student is enrolled, upon a school vehicle in Colorado, at a school-sponsored event in Colorado, or on other school property.
- 2) “Permissible form of medical marijuana” means non-smokeable products such as oils, patches, tinctures, edible products or lotions that can be administered and fully ingested or absorbed in a short period of time.
- 3) “Parent or legal guardian” means the qualified student’s parent, guardian, or primary caregiver that is identified on the student’s Registry identification card (as defined in Article XVIII, Section 14 of the Colorado Constitution). In no event shall another student be recognized as a primary caregiver. Any primary caregiver seeking access to the school or school property, a school vehicle or school-sponsored event for purposes of this policy must comply with the Board’s policy and/or procedures concerning visitors to schools and all other applicable policies.
- 4) “Qualified student” means a student who holds a valid registration from the state of Colorado (license issued by the Colorado Department of Public Health and Environment) for the use of medical marijuana and for whom the administration of medical marijuana cannot reasonably be accomplished outside of school hours as evidenced by a written recommendation signed by the student’s physician.
- 5) ~~“School personnel” means the school personnel designated by agreement between the Head of School or his/her designee and a parent or legal guardian pursuant to the student’s written plan for the administration of non-smokeable marijuana. School personnel are not allowed to administer medical marijuana to a qualified student.~~

Permissible administration of medical marijuana to a qualified student by a parent or legal guardian

A qualified student's parent or legal guardian may administer a permissible form of medical marijuana to a qualified student in a designated location if all of the following parameters are met (no student shall be allowed to self-administer, regardless of age or legal status):

1) The qualified student's parent or legal guardian provides the school with a copy of the student's valid recommendation for medical marijuana from a licensed physician and a copy of the valid registration from the state of Colorado in advance of requesting authorization to administer medical marijuana pursuant to this policy;

2) The qualified student's parent or guardian signs a written acknowledgement assuming all responsibility for the provision, administration, maintenance, and use of medical marijuana under state law, and releases the school from liability for any injury that occurs pursuant to this policy.

3) The qualified student's parent/guardian or primary caregiver must be responsible for providing the permissible form of medical marijuana to be administered to the qualified student;

4) Caprock Academy determines, in its sole discretion, that a location and a method of administration of a permissible form of medical marijuana are available that do not create risk of disruption to the educational environment or potential exposure to other students;

~~4) After administering the permissible form of medical marijuana to the qualified student, the student's parent or legal guardian shall remove any remaining medical marijuana from the grounds of a school, on a school vehicle, at a school sponsored event, or on other school property; and~~

5) Caprock Academy may determine, in its sole discretion, the location of a locked storage container to store the qualified student's medical marijuana that does not significantly delay access to or the administration of the medical marijuana in a medical emergency, or, after administering the permissible form of medical marijuana to the qualified student, the student's primary caregiver may remove any remaining medical marijuana from the grounds of the school, school bus, or school-sponsored event; and

6) Caprock Academy prepares, with the input of the qualified student's parent and legal guardian and Head of School or his/her designee, a written plan that identifies the form, designated location(s), and any protocol regarding administration of a permissible form of medical marijuana to the qualified student. The written plan shall be signed by the Head of School or his or her designee, the qualified student (if capable), and the parent or legal guardian.

~~Administration of medical marijuana to a qualified student by school personnel is not permissible under this policy.~~

Permissible administration of medical marijuana to a qualified student by school personnel

School personnel may volunteer to store, administer, or assist in the administration of medical marijuana to a qualified student in a designated location if the following parameters are met::

6. With the input of the qualified student's parent or guardian, Caprock Academy prepares, a written plan that identifies the permissible form of medical marijuana, designated location(s), instructions or treatment plan for administration from the student's recommending physician, and any additional protocols regarding administration of a permissible form of medical marijuana to the qualified student. The written plan must be signed by the school administrator, the school personnel who volunteer to store, administer, or assist in the administration of the medical marijuana, the qualified student (if capable), and the qualified student's parent/guardian.

Additional parameters

~~No school personnel will be allowed to administer medical marijuana to qualified students.~~

This policy conveys no right to any student or to the student's parents/guardians or other primary caregiver to demand access to any general or particular location on school property, a school bus, or at a school-sponsored event to administer medical marijuana.

This policy shall not apply to school grounds, school buses, or school-sponsored events located on federal property or any other location that prohibits marijuana on its property.

Permission to administer medical marijuana to a qualified student may be limited or revoked if the qualified student and/or the student's primary caregiver violates this policy, demonstrates an inability to responsibly follow this policy's parameters, or if the administration of medical marijuana creates a disruption to the educational environment or causes potential exposure to other students.

Student possession, use, distribution, sale, or being under the influence of marijuana inconsistent with this policy may be considered a violation of Caprock Academy's policy concerning drug and alcohol involvement by students or other school policy and may subject the student to disciplinary consequences, including suspension and/or expulsion, in accordance with applicable school policy

If the federal government indicates that Caprock Academy's federal funds are jeopardized by this policy, the Board declares that this policy shall be suspended immediately and that the administration of any form of medical marijuana to qualified students on school property, on a school bus, or at a school-sponsored event shall not be permitted. The school shall post notice of such policy suspension and prohibition in a conspicuous place on its website.

Keep school records up to date, especially phone numbers and emergency contacts. ~~Immunization records must be current for students to remain in school. Parents will be informed when a student reports to the office with a fever or has been injured seriously. This record includes proper shots for measles, rubella, diphtheria-pertussis-tetanus (DPT) and polio. (<https://cdphe.colorado.gov/school-required-vaccine-exemptions>). Students may not continue enrollment without up-to-date immunization records. This policy is in compliance with ~~the CDE Infectious Disease policy book.~~ **CDPHE's Infectious Disease Guidelines.**

~~No medication, whether prescription or over-the-counter medication (including aspirin, cough drops, vitamins, etc.), will be given to a student by any school personnel, including the health technicians, except on written orders of the parents and physician.~~

School personnel may not administer prescription or nonprescription medications to students unless appropriate administration cannot reasonably be accomplished outside of school hours and the student's parent/guardian is not available to administer the medication during the school day.

Medication may be administered to students by school personnel whom a registered nurse has trained and delegated the task of administering such medication. For purposes of this policy, the term "medication" includes both prescription medication and nonprescription medication, but does not include medical marijuana. The term "nonprescription medication" includes but is not limited to over-the-counter medications, homeopathic and herbal medications, vitamins and nutritional supplements.

Administration of Medication by School Personnel

If under exceptional circumstances a student is required to take medication during school hours, only the school nurse or the nurse's delegated designee may administer the medication to the student in compliance with the following regulation. In the alternative, the parent or legal guardian may come to the school to administer the medication.

Medication may be administered only when the following requirements are met:

1. Medication shall be in the original properly labeled container. If it is a prescription medication, The student's name, name of the medication, dosage, how often it is to be administered, expirations date and name of the prescribing health care practitioner shall be printed on the container.
2. The student's parent or legal guardian has completed and signed the school's medication agreement form, and either:
 - a. The student's health care practitioner with prescriptive authority in Colorado has completed the school's medication agreement form, or
 - b. The administration involves an over-the-counter medication that is on a standing order that is signed by a prescribing provider.
3. The parent or legal guardian is responsible for providing all medication to be administered to the student.
4. Written order from the student's health care practitioner with prescriptive authority under Colorado law must be on file in the school stating:
 - a. Student's name;
 - b. Name of medication;
 - c. Dosage;
 - d. Purpose of the medication;
 - e. Time of day medication is to be given;
 - f. Anticipated number of days it needs to be given at school; and,
 - g. Possible side effects.
5. The medication must be brought to school by the parent or legal guardian and must be in an original container appropriately labeled by the pharmacy or healthcare practitioner.
6. An individual record must be kept of any medications administered by school personnel in accordance with the schools's record retention schedule.
7. All medication must be stored in a clean, secure, or locked cabinet or container. Emergency medications (such as epinephrine) must be inaccessible to students, but immediately available to trained and delegated school personnel and not in a locked cabinet.

~~Students may not self-medicate at school. When medication is to be given at school a physician or dentist's instructions are required by the school prior to the administration of the medication.~~

Self-administration of Prescription Medication for asthma, allergies or anaphylaxis or other prescription medication

A student with asthma, a food allergy, other severe allergies, or a related, life-threatening condition or who is prescribed medication by a licensed health care practitioner may possess and self-administer medication to treat the student's asthma, food or other allergy, anaphylaxis or related, life-threatening or other condition for which the medication is prescribed. Self-administration of such medication may occur during school hours, at school-sponsored activities, or while in transit to and from school or a school-sponsored activity. A treatment plan for student possession and self-administration of medication to treat asthma, a food allergy, other severe allergies, or a related, life-threatening condition shall be approved in accordance with the regulation accompanying this policy, and shall be effective only for the school year in which it is approved.

Authorization for a student to possess and self-administer medication to treat the student's asthma, food or other allergy, anaphylaxis or other related, life-threatening condition, or other condition for which the medication is prescribed may be limited or revoked by the school principal after consultation with the school nurse and the student's parent/guardian if the student demonstrates an inability to responsibly possess and self-administer such medication.

~~All medications must be in a pharmacy labeled container including the student's name, name of the drug, dosage, name of the physician, and current date.~~ Medical Request Forms are available at Caprock Academy's front office.

Any medication not collected by the parent or legal guardian will be disposed of in accordance with applicable law.

Medical Marijuana

A student shall not possess or self-administer medical marijuana on school grounds, on a school bus, or at any school sponsored events. The purpose of this procedure is to provide specific rules of order to conduct meetings of the school board effectively.

Agenda Preparation:

The Board Chair will collaborate with the Vice Chair and the Head of School (HOS) to prepare the agenda.

School Board members may submit items to the Board Chair for inclusion in the agenda. Any board member has the privilege to request an item to be placed on the agenda. The Board Chair, Vice Chair and HOS will discuss requests and add as appropriate. Such requests need to be in the hands of the chair in time to be placed on the agenda.

School board agenda will be prepared as follows:

- Public comment time will be determined based on the number of attendees wishing to speak, with a limit of three-minutes per speaker. Not to exceed 30min per board meeting.
- Documentation for an agenda item must be provided to the Assistant to the Head of school no later than 4 days before the board meeting to ensure it can be included in the board packet.
- The agenda and support materials shall be provided to the school board no later than 4 days before the regular board meeting.
- For emergency meetings, the agenda and supporting materials will be distributed and posted at least 24 hours in advance.

 - The public comment period is designated for general comments from attendees. Each speaker is allowed three minutes. Attendees must sign up before the Pledge of Allegiance, and those who have not signed up will not be permitted to speak. Virtual attendees must submit comments via the designated form, as they will remain muted. A Board member will read any submitted comments. While the Board values public input, no discussion will occur during the comment period, but follow-up will happen as appropriate. Attendees are asked to refrain from personal comments to maintain meeting efficiency
 - Consent Agenda
 - Financials
 - New Business (Discussion/Action items)

Guidelines for meetings:

- A majority of the voting members of the school board constitute a quorum. The absence of a quorum may be noted by the board chair or any member. Any action taken in the absence of a quorum is null and void, except for setting the time for adjournment, adjourning, recessing, or taking measures to obtain a quorum.
- When a motion is made and seconded, the Board Chair will call for a vote.
- If the results of a voice vote are uncertain, the Board Chair may roll call vote, or the clerk may request a roll call vote.
- The Chair has the same voting rights and responsibilities as other Board members.
- A board member must recuse themselves from voting if a conflict of interest exists.
- A motion passes with a majority vote of the voting members.
- entering executive session requires a two-thirds majority vote.

Guidelines for presenters:

We greatly appreciate your willingness to present at our Board of Directors (BOD) meeting. Your time and effort in preparing and delivering this presentation are valued, and we look forward to your insights. Please follow these guidelines to help the meeting run smoothly:

- **Time Limit:**
 - The Board Chair or HOS will inform you of the time allotted for your presentation, which includes set up, presentation and concluding remarks
- **Engage with the board members:**
 - During the presentation, direct your communication primarily to the Board Members. Avoid engaging in question-and-answer conversations with other attendees.
- **Interaction with Attendees:**
 - If interaction with attendees is imperative to your presentation, please keep it brief and relevant. However, this should be the exception, not the norm.

Guidelines for Attendees:

- Please silence your cell phones
- To provide public comment, sign up on the form provided as you entered the meeting, prior to the Pledge of Allegiance. You will have three minutes to speak once called upon by a board member.
- Virtual attendees may submit your public comment via the form on the board webpage no later than 1 hour before the start of the meeting. A board member will read your comment.
- Do not speak during the meeting unless called upon by a Board Member.

CASAC October 2024 Agenda

Caprock Academy School Accountability Committee:

Meets the responsibilities and duties set forth in the Education Accountability Act of 2009 (S.B. 09-163), which includes making recommendations to the Board and the Head of School, on school budget and finance matters, Head of School evaluations, the school's improvement plan, and family engagement. This committee reviews and evaluates the school's testing data, parent surveys, staff surveys, student surveys, and the Unified Improvement Plan. In addition to the statutory requirements, this committee also makes recommendations to the Board and Head of School regarding curriculum, instructional delivery, and staff professional development.

Caprock Academy Vision:

VISION: Strengthening the community through the involvement of parents, educators and community leaders working together to provide an environment that fosters academic excellence and develops strong character in our students. We shape global citizens who set life goals and practice lives of service and virtue.

In attendance: Candice Freeman, Tracee Flenard, Laura Kligora, Marisa Bashard, Steven Kovacovics, Heather Thom, Caroline McGlade, Sydney Swaim, Bonnie Butler by Zoom - Anna Glinko, Jessica Derryberry, Miranda Cordova,

1. Call to order: Candice Freeman, Co-Chair CASAC
2. Old Business:
 - a. Guest Speakers currently arranged:
 - a. October: Jennie Morris (K-12 Dean) – Introduced herself. Responsible for serving student life K-12. Spearheading implementation of a comprehensive K-12 Anti-Bullying program – Olweus. She is recently certified to be an Olweus instructional coach. Focused on changing school norms. If anyone is interested in joining the BPCC (Bullying Prevention Coordinating Committee)
 - b. November: Howard Butcher (NEW HS Dean), February: Lindsay Clayton (5th-8th Dean). Waiting to hear back from: Jennifer Neely (NEW) Director of Support Services, Shane Chatfield Director of Analytics, Kathy Cantu Board of Directors/Finance Committee, Robin Dove K-4 Dean. Jennifer Heil is going to coordinate with Lindsay Dunkin and plan to come together.
 - c. Moving ahead with an upgraded Survey Monkey service. Survey details to follow. Previous survey questions attached, for review.

We are going to upgrade to a premium membership.

We will adjust the scale to “Yes – Neutral – No” (and N/A when applicable) or “Satisfied Neutral Dissatisfied” and limit comment boxes.

Parent Survey It was suggested to have an addendum to direct parents how to reach out for comments, praise, grievance. Add a question –“Do you have a student in K-5?” if they choose Yes – a comment box for student input will be offered. Goal is to have survey ready for October 31st and QR codes posted on History Day

Staff Survey – reviewed questions and will adjust.

Student Survey – Will adjust the middle school survey to include 6-8th. Discussed changes and adjustments to questions in both surveys. Will eliminate comment boxes.

Surveys will all be sent out ASAP.

We will start reviewing survey data at our November meeting.

- d. Facebook update – how does the committee feel about turning posts/comments back on for History Day? Continue discussion on creating a path forward. It was agreed to turn the CA Facebook platform on in time for History day with a reminder of the rules and reserve the right to remove if inappropriate.
- 3. New Business:
 - a. STAR/CMAS/CARS presentation with Shane Chatfield (Nov?)
 - a. Opening Quarterly CASAC meetings to the public, allowing an opportunity for the community to be heard. Is November too soon? Is January more appropriate? Vote on strategic speakers for public facing openings to a meeting. A format needs to be decided in advance for efficiency in gathering feedback and designating a specific timeframe for open dialogue.
 - b.
- 4. Any other items in need of discussion? Revisited the idea of an open forum style start to CASAC and allow the Caprock Community to join at the start of the meeting quarterly. We will move the start of this practice to January 2025.
- 5. Adjourn

I. REPORT

The Finance Committee met on October 29, 2024 to review and approve the September 2024 financial reports. We also met to discuss other financial matters affecting the school.

1) September 2024 Financial Reports

Caprock's net loss for September was \$127,318.36. The school's fiscal YTD net loss was \$178,509.82. We had budgeted income of right over \$90,000 at this point YTD, so we are almost \$269,000 behind the budget. Specific Account information for September:

- State Revenue ECEA (Acct 3130) – This account has been funded in full for the year.
- At Risk per pupil add funding (Acct 3235) – This account is typically funded in May.
- READ Act Funds (Acct 3259) – This budget was just approved at the state level so we have started to ask for reimbursement of the expenses that we have incurred that qualify for this fund via the RFF process.
- PERA On-Behalf (Acct 3898) – This account is a Governmental Accounting method presentation. There is a pension expense account (Acct 0280) that directly offsets this reimbursed amount.
- State MLE (Acct 3951) – This account is under budget for the month as these funds are now paid quarterly starting this year. Year to date you can see we are only \$24 under budget.
- IDEA Part-B (Acct 4027) – This account is reimbursement based and just opened up so we are submitting more items via RFF.
- Benefits (Acct 0200) – This account represents four months of expenses instead of just three as the amounts paid in July for June were not accrued on the prior year budget nor caught during the audit. We have a choice to get the audit restated and include those in the prior period as they typically would have been reported or wait until the mid-year budget is presented to see if we need to move these to make sure we hit the current debt service coverage ratio (DSCR). If we can still meet that we might forgo the additional costs of having that restated.
- Other Professional Services (Acct 0390) – This account includes payments for SPED teachers.
- Custodial Services (Acct 0423) – This account is over budget for the month as we paid out the final bill for our prior cleaning company. The new company will have similar fees but will be able to provide supplies at a much better rate which will hopefully put us back on track for the year. We will monitor this over the next few months to see if there needs to be an increase on the mid-year budget.
- Rental of Equip (includes IT) (Acct 0442) – This account includes multiple chair rentals and the payment on the copier.
- Promotional Expenses (Acct 0541) – This account includes expenses for language books from Classical Academic Press. These expenses should have been included in the budget.
- Online Services (Acct 0534) – This account includes annual and semi-annual fees for our Zoom account and the parent alert system. These amounts are in the budget.
- Travel, Registration, Entrance (Acct 0580) – This account has multiple car rentals for soccer, cross country and volleyball. These should be covered by the sports fees.

- Office Supplies (Acct 0612) – This account is over budget for the month mainly due to the booster club discount cards and multiple paper purchases from Staples.
- HS Basketball (Acct 0685bHS) – This includes fees for referees, entry fees and uniforms.
- HS Volleyball (Acct 0685e) - This includes fees for referees, entry fees and uniforms.
- Furniture and Fixtures (Acct 0733) – This account includes trophy cases, chairs and corkboards.
- Technology Equipment (Acct 0734b) – This account includes 10 laptops and some chrome books.
- Dues and Fees (Acct 0810) – This account includes our annual CHSAA fees which are in the budget.
- Misc Expenses (Acct 0890) – This accounts includes sales taxes paid on some purchases.
- Redemption of Principal (Acct 0910) – This is a modified accrual accounting presentation. This account should show and will only have amounts in it when the quarterly payments are made. This is in lieu of depreciation expense.
- Payroll Liabilities (Acct 7471) – This account is negative for the month as we are separating all of the different liability accounts out for ease of future reconciliations. This is just a presentational thing until we get these accounts tied out.
- Deferred Rev Concurrent enrollm (Acct 7481E) – The remaining monies left in this account are as of 6/30/22 will need to be repaid to the state. These monies will not affect the income statement and only reduce this account as well as reduce the bank account (both balance sheet accounts). These were monies received pre-COVID for certain expenses determined by the state, but we were not able to expend everything due to COVID.

2) 2024/2025 Budget

The 2024/2025 year budget was approved in the May 2024 board meeting. We are being paid on 877 FTE and they are paying us at \$10,791.65 per FTE. We have budgeted on 890 FTE at \$10,829.72 per FTE. The final October 1 count came in at 864.28 so this could be a reduction in revenue by \$143,000. We have not seen a final PPR number from the state yet.

3) Cash On Hand

1 PE Credit

Each season of competitive sports will count as .5 PE credits. Additionally, students may earn PE credits for participation in activities such as sports, cheerleading, dance, or marching band at another school or organized club. Participation must meet the requirements of 2 hours per week for 8 consecutive weeks for each .5 credits earned, not to exceed a total of 1 credit hour. Participation with organized clubs must be documented on the organized club's letterhead and signed by the individual in charge of the activity. Participation at other high schools is documented by the Caprock Academy Athletic and Activities Office.

Policy SE 4.01 – Administering Medical Marijuana to Qualified Students

The Caprock Academy Board of Directors (“the Board”) strives to honor families’ private medical decisions while ensuring a learning environment free of disruption. To accomplish these goals, Caprock Academy restricts the administration of medications, including medical marijuana, unless administration cannot reasonably be accomplished outside of school hours

Administration of medical marijuana to qualified students shall be in accordance with this policy and state law (C.R.S. 22-1- 119.3). Administration of all other prescription and nonprescription medications to students shall be in accordance with applicable law and Caprock Academy's policy concerning the administration of medications to students.

Definitions

For purposes of this policy, the following definitions shall apply:

1) “Designated location” means a location identified in writing by the Head of School in his or her sole discretion and may include a location on the grounds of the school in which the student is enrolled, upon a school vehicle in Colorado, at a school-sponsored event in Colorado, or on other school property.

2) “Medical marijuana” means a cannabis product with a delta-9 tetrahydrocannabinol (THC) concentration greater than 0.3 percent. Administration of cannabis products with a THC concentration of 0.3 percent or less to students is covered by the Medication Administration Policy, and not by this policy.

2) “Permissible form of medical marijuana” means non-smokeable products such as oils, patches, tinctures, edible products or lotions that can be administered and fully ingested or absorbed in a short period of time.

3) “Parent or legal guardian” means the qualified student’s parent, guardian, or primary caregiver that is identified on the student’s Registry identification card (as defined in Article XVIII, Section 14 of the Colorado Constitution). In no event shall another student be recognized as a primary caregiver. Any primary caregiver seeking access to the school or school property, a school vehicle or school-sponsored event for purposes of this policy must comply with the Board’s policy and/or procedures concerning visitors to schools and all other applicable policies.

4) “Qualified student” means a student who holds a valid registration from the state of Colorado (license issued by the Colorado Department of Public Health and Environment) for the use of medical marijuana and for whom the administration of medical marijuana cannot reasonably be accomplished outside of school hours as evidenced by a written recommendation signed by the student’s physician.

5) "School personnel" means the school personnel designated by agreement between the Head of School or his/her designee and a parent or legal guardian pursuant to the student's written plan for the administration of non-smokeable marijuana. ~~School personnel are not allowed to administer medical marijuana to a qualified student.~~

Permissible administration of medical marijuana to a qualified student by a parent or legal guardian

A qualified student's parent or legal guardian may administer a permissible form of medical marijuana to a qualified student in a designated location if all of the following parameters are met (no student shall be allowed to self-administer, regardless of age or legal status):

1) The qualified student's parent or legal guardian provides the school with a copy of the student's valid recommendation for medical marijuana from a licensed physician and a copy of the valid registration from the state of Colorado in advance of requesting authorization to administer medical marijuana pursuant to this policy;

2) The qualified student's parent or guardian signs a written acknowledgement assuming all responsibility for the provision, administration, maintenance, and use of medical marijuana under state law, and releases the school from liability for any injury that occurs pursuant to this policy.

3) The qualified student's parent/guardian or primary caregiver must be responsible for providing the permissible form of medical marijuana to be administered to the qualified student;

4) Caprock Academy determines, in its sole discretion, that a location and a method of administration of a permissible form of medical marijuana are available that do not create risk of disruption to the educational environment or potential exposure to other students;

~~4) After administering the permissible form of medical marijuana to the qualified student, the student's parent or legal guardian shall remove any remaining medical marijuana from the grounds of a school, on a school vehicle, at a school sponsored event, or on other school property; and~~

5) Caprock Academy may determine, in its sole discretion, the location of a locked storage container to store the qualified student's medical marijuana that does not significantly delay access to or the administration of the medical marijuana in a medical emergency, or, after administering the permissible form of medical marijuana to the qualified student, the student's primary caregiver may remove any remaining medical marijuana from the grounds of the school, school bus, or school-sponsored event; and

6) Caprock Academy prepares, with the input of the qualified student's parent and legal guardian and Head of School or his/her designee, a written plan that identifies the form, designated location(s), and any protocol regarding administration of a permissible form of

medical marijuana to the qualified student. The written plan shall be signed by the Head of School or his or her designee, the qualified student (if capable), and the parent or legal guardian.

~~Administration of medical marijuana to a qualified student by school personnel is not permissible under this policy.~~

Permissible administration of medical marijuana to a qualified student by school personnel

School personnel may volunteer to store, administer, or assist in the administration of medical marijuana to a qualified student in a designated location if the following parameters are met::

1. The qualified student's parent/guardian has provided the school with a copy of the student's valid recommendation for medical marijuana from a licensed physician and a copy of the valid registration from the state of Colorado authorizing the student to receive medical marijuana;
2. The qualified student's parent/guardian signs a written acknowledgment granting permission to the school personnel who volunteer to store, administer, or assist in the administration of medical marijuana under state law, and releases the school from liability for any injury that occurs pursuant to this policy;
3. The qualified student's parent/guardian or primary caregiver must be responsible for providing the permissible form of medical marijuana to be administered to the qualified student;
4. Caprock Academy determines, in its sole discretion, that a location and a method of administration of a permissible form of medical marijuana are available that do not create a risk of disruption to the educational environment or exposure to other students;
5. Caprock Academy determines, in its sole discretion, the location of a locked storage container to store the qualified student's medical marijuana that does not significantly delay access to or the administration of the medical marijuana in a medical emergency; and
6. With the input of the qualified student's parent or guardian, Caprock Academy prepares, a written plan that identifies the permissible form of medical marijuana, designated location(s), instructions or treatment plan for administration from the student's recommending physician, and any additional protocols regarding administration of a permissible form of medical marijuana to the qualified student. The written plan must be signed by the school administrator, the school

personnel who volunteer to store, administer, or assist in the administration of the medical marijuana, the qualified student (if capable), and the qualified student's parent/guardian.

Additional parameters

~~No school personnel will be allowed to administer medical marijuana to qualified students.~~

This policy conveys no right to any student or to the student's parents/guardians or other primary caregiver to demand access to any general or particular location on school property, a school bus, or at a school-sponsored event to administer medical marijuana.

This policy shall not apply to school grounds, school buses, or school-sponsored events located on federal property or any other location that prohibits marijuana on its property.

Permission to administer medical marijuana to a qualified student may be limited or revoked if the qualified student and/or the student's primary caregiver violates this policy, demonstrates an inability to responsibly follow this policy's parameters, or if the administration of medical marijuana creates a disruption to the educational environment or causes potential exposure to other students.

Student possession, use, distribution, sale, or being under the influence of marijuana inconsistent with this policy may be considered a violation of Caprock Academy's policy concerning drug and alcohol involvement by students or other school policy and may subject the student to disciplinary consequences, including suspension and/or expulsion, in accordance with applicable school policy

If the federal government indicates that Caprock Academy's federal funds are jeopardized by this policy, the Board declares that this policy shall be suspended immediately and that the administration of any form of medical marijuana to qualified students on school property, on a school bus, or at a school-sponsored event shall not be permitted. The school shall post notice of such policy suspension and prohibition in a conspicuous place on its website.

Policy M 3.1 – Health Services

~~Limited health services are available at school. Caprock Academy's health office is staffed by two health technicians. Please note that it is the parent's responsibility to notify the office if a child has been injured at home and may need special considerations at school. It is the responsibility of the parent/guardian to keep school records up to date, especially phone numbers and emergency contacts. Immunization records must be current for students to remain in school. Parents will be informed when a student reports to the office with a fever or has been injured seriously. If a parent cannot be reached, school personnel will determine what action needs to be taken. Please do not bring sick children to school. Caprock Academy adheres to CDPHE's Infectious Disease Guidelines for Schools and Child Care Centers and the How Sick is Too Sick Public Guidance Document~~

~~(<https://cdphe.colorado.gov/communicable-diseases/infectious-disease-guidelines-schools-childcare>). Any child with a fever, signs of potentially contagious or adverse health conditions including but not limited to diarrhea, vomiting, or excessive coughing, mucus, pink eye or requires antibiotic for 24 hour or period of being contagious as determined by a healthcare professional will not be allowed to remain in the classroom and must be picked up by a parent or designee. Student must be symptom free (fever, signs of potentially contagious or adverse health conditions including but not limited to diarrhea, vomiting, or excessive coughing, mucus, pink eye or requires antibiotic for 24 hour or period of being contagious as determined by a healthcare professional) for at least 24 hours before returning for school, without taking symptom reducing medications.~~

In compliance with state law, all children in Colorado schools must have a complete, up-to-date immunization record on file in the Caprock Academy office. ~~Required school vaccines can be found on CDPHE's website (<https://cdphe.colorado.gov/schoolrequiredvaccines>). Parents opposed to immunizations for personal, religious, non-medical or medical reasons must file an exemption form with the school office. This record includes proper shots for measles, rubella, diphtheria-pertussis-tetanus (DPT) and polio. (<https://cdphe.colorado.gov/school-required-vaccine-exemptions>). Students may not continue enrollment without up-to-date immunization records, an exemption on file, or being considered "in-process."~~ This policy is in compliance with ~~the CDE Infectious Disease policy book. CDPHE's Infectious Disease Guidelines.~~

If a head injury is sustained, or any injury requiring medical attention, the parents will be asked to come to school and determine what action should be taken. In case of more serious injuries, or in case the parent cannot be contacted, the school will immediately call 911 for emergency assistance.

~~No medication, whether prescription or over-the-counter medication (including aspirin, cough drops, vitamins, etc.), will be given to a student by any school personnel, including the health technicians, except on written orders of the parents and physician.~~

~~Students may not self-medicate at school. When medication is to be given at school a physician or dentist's instructions are required by the school prior to the administration of the medication.~~

~~All medications must be in a pharmacy labeled container including the student's name, name of the drug, dosage, name of the physician, and current date. Medical Request Forms are available at Caprock Academy's front office.~~

A student shall report to the school nurse or the school nurse's designee immediately after the student self-administers an epinephrine auto-injector or other emergency medication during school hours so that the school nurse or designee can provide appropriate follow-up care for the student, which must include making a 911 emergency call.

Authorization for a student to possess and self-administer medication to treat the student's asthma, food or other allergy, anaphylaxis or other related, life-threatening condition, or other condition for which the medication is prescribed may be limited or revoked by the Head of School after consultation with the school nurse and the student's parent/guardian if the student demonstrates an inability to responsibly possess and self-administer such medication.

Use of opiate antagonists in emergency situations

To the extent state funding and supplies are available, Caprock Academy shall have a stock supply of opiate antagonists to assist a student who is at risk of experiencing an opiate-related drug overdose event. Policy AP 7.0 – Grading Policy

Policy AP 7.1 – Grading Scales

Grades will be assigned in all subjects. Caprock Academy will assign grades in order to reflect accurately the range between true mastery and insufficient knowledge of a subject. In this scheme, the following letter grades have these meanings:

- A-Mastery
- B-Proficiency
- C-Sufficiency (Competence)
- D-Insufficiency
- F-Failing

In addition to these general parameters, we will be using the following grade scales for 2nd-8th and High School. High School courses taken in 8th grade 7th or 8th grade will be graded according to the High School grading scale. The letter and numerical grades for this system are listed below:

2nd-8th Grades

 C+ 77-79 ~~2.3~~
 C 74-76 ~~2.0~~
 C- 70-73 ~~1.7~~
 D+ 67-69 ~~1.3~~
 D 64-66 ~~1.0~~

F <64%	0.0	0.0

The grading scale as defined above is utilized for all students with the exception of kindergarten and first grade, where the scale will reflect A, B, C, and Needs Improvement. Incompletes will only be given under special circumstances as determined by the Head of School. To be in good academic standing the student must maintain a 2.0 Grade-Point Average. Advanced Placement and Honors classes are intended for those students with proven high academic performance. Students are encouraged to consider the higher standards and heavier workloads of Honors and AP classes before choosing them over traditional classes.

[Updated January 2023]

Policy AP 7.1.1 Concurrent Enrollment

Caprock Academy's primary aim for students in high school is to prepare them for post-secondary education. In light of this, Caprock does not support replacing its full curriculum at the high school level with concurrent enrollment classes. However, in recognition that students can benefit from earning college credit while in high school in order to pursue post high school goals more thoroughly, Caprock allows students to register for concurrent enrollment classes in either an on-campus or online format through the post-secondary institution(s) of Caprock's choosing. Students may only choose to take a concurrent enrollment class from an institution of higher education with whom Caprock Academy has partnered. Concurrent enrollment classes have collegiate level expectations and therefore great care should be taken when choosing to enroll in a concurrent enrollment class. Students interested in Concurrent Enrollment must meet the institution of higher education's enrollment requirements.

- Caprock will be financially responsible for tuition costs for concurrent enrollment classes.
- Students may be responsible for additional class costs, such as materials and books.
- Students who qualify for Free and Reduced Lunch status may be able to waive additional class costs that would otherwise cause there to be a barrier to concurrent enrollment.
- Required courses for graduation (traditional or Honors/AP) that may not be replaced by an online concurrent enrollment class:
 - English
 - Composition I, Classical Lit., British Lit., American Lit., World Lit., Rhetoric
 - Social Science/History
 - Western Civ. I, Western Civ. II, Eastern Civ. I
 - Language
 - Latin I
 - Philosophy
 - Moral Philosophy I
- All online concurrent enrollment courses must exceed what is offered on campus (e.g., Spanish II may not be taken online if Spanish II is offered on campus).
- All Concurrent Enrollment classes will have a value of 0.5 high school credits per semester, regardless of how many college credits are earned. Students will receive a separate college transcript that will detail the college credits the student has received.
- Grades earned through any concurrent Enrollment class taken through an institution of higher learning will translate to the weighted GPA scale.
