ITEM TITLE:

Adopt 2024-25 Proposed Budget of the Chula Vista Elementary School District

 X Action

 Information

BACKGROUND INFORMATION:

Attached is an analysis of the Chula Vista Elementary School District's (District) Proposed Budget for 2024-25, and the estimated year-end revenues and expenditures for 2023-24. With the May 10, 2024, release of the Governor's Revised Budget Proposal (May Revise), the District's 2024-25 Proposed Budget is based primarily on the Governor's May Revise. Listed below are the major education budget items from the Governor's May Revise that are included in the District's 2024-25 Proposed Budget.

FISCAL IMPACT/FUNDING SOURCE:

The District's 2023-24 General Fund ending balance is projected to be \$144,850,792 and the Reserve for Economic Uncertainties (REU) is expected to be \$31,844,758, which reflects an increase of \$2,076,457 since the Second Interim Budget and represents a 7.52% REU. The District's 2024-25 General Fund ending balance is expected to be \$110,839,844, and the REU is expected to be \$26,948,914, a decrease in the REU of <\$4,895,844> from 2023-24 and represents an 6.46% REU. The District is projected to maintain a minimum reserve for economic uncertainties for the current and two subsequent fiscal years.

STAFF RECOMMENDATION:

Recommend conduct public hearing.

Executive Summary

The following is an analysis of the Chula Vista Elementary School District's (District) Proposed Budget for 2024-25, and the estimated year-end revenues and expenditures for 2023-24. Because the Governor's Revised Budget Proposal (May Revise) was not available in time to use as a basis for the Districts' 2024-25 Proposed Budget, the District's 2024-25 Proposed Budget is based on the Governor's Budget Proposal from January 2024. The May Revise was released on May 10, 2024. Listed below are the major education budget items included in the Governor's May Revise Proposal for 2024-25 that are included in the District's 2024-25 Proposed Budget.

- Local Control Funding Formula (LCFF) Cost-of Living Adjustment (COLA) – In January 2024 the Governor proposed a COLA adjustment of 0.76 percent. On April 25, 2024, the final 2024-25 statutory COLA was released at 1.07% and is included in the Governor's May Revise Proposal and in the District's 2024-25 Proposed Budget. Prior to the Governor's 2024-25 proposal, the District's Multi-Year Projection included a 3.94 percent COLA for the 2024-25 year.
- Learning Recovery Emergency Block Grant – The Governor's Budget does not include any cut to the Learning Recovery Emergency Block Grant. However, the Budget proposes to change the use of these funds to focus remaining dollars on students most impacted by learning loss.
- Reserves/Reserve Cap – The conditions to trigger the 10% reserve cap on district reserve caps is projected to be met and effective for the 2024-25 Adopted Budget.

The Senate and Assembly must officially adopt the 2024-25 State Budget by June 15, 2024, and Governor Newsom has until June 30, 2024, to sign the final Budget. Due to the timing of the State Budget process, the District's 2024-25 Proposed Budget is based primarily on the May Revise assumptions. Once the 2024-25 State Budget is approved by Governor Newsom, any necessary adjustments will be made by the District within 45 days after the State Budget is enacted.

The District's 2023-24 General Fund ending balance is projected to be \$144,850,792 and the Reserve for Economic Uncertainties (REU) is expected to be \$31,844,758, which reflects an increase of \$2,076,457 since the Second Interim Budget and represents a 7.52% REU. The District's 2024-25 General Fund ending balance is expected to be \$110,839,844, and the REU is expected to be \$26,948,914, a decrease in the REU of <\$4,895,844> from 2023-24 and represents an 6.46% REU.

The Budget Act of 2022 allowed for LCFF to be funded off the greater of the current year P-2 average daily attendance (ADA), the prior year P-2 ADA, or the average of the prior three years' ADA. ADA for 2024-25 is projected at 21,119.85. For 2024-25, the District is using the average of three prior years' ADA which equates to 21,137.33 funded ADA. The ADA growth or decline is recognized after each State attendance reporting period and will be adjusted in future years as ADA is recognized.

A detailed analysis of major changes to revenues and expenditures for the General Fund Programs is provided on the following pages. All Other Funds of the District, including Charter Schools financial data are also included.

Per Education Code 42127, commencing with budgets adopted for 2015-16, districts that propose budgets that include a combined assigned and unassigned ending balance in excess of the minimum recommended Reserve for Economic Uncertainties (REU) must provide the following information for public review and discussion:

- Minimum recommended REU.
- The combined assigned and unassigned ending balance that is in excess of the minimum REU.
- A statement of reasons that substantiates the need for an assigned and unassigned ending fund balance that is in excess of the minimum recommended REU.

District staff provided the required information at the May 22, 2024 Board meeting.

Fiscal Impact/Funding Source

2023-24 General Fund

Unrestricted Revenues

Revenues have increased by \$1,431,132 since the District's Second Interim Budget report (referenced on page 17 of the Summary of Unrestricted Revenues section). Following are the major changes affecting Unrestricted Revenues.

1. Local Revenues \$1,473,758

The majority of the increase is due to an increase in interest earned of \$1,433,000.

Unrestricted Expenditures

Unrestricted expenditures decreased by <\$3,273,400> from the 2023-24 Second Interim Budget to the 2023-24 Estimated Actuals Report. The decreases in 2023-24 expenditures are summarized below by the major objects of the most significant of these changes:

1. Certificated Salaries <\$802,242>

Most of the decrease is due to a reduction of <\$1,070,053> caused by unfilled vacant positions and replacement of various certificated positions at lower salary steps; and, the decrease due to the <\$184,953> estimated decrease in LCFF LCAP and site fund expenditures projected to be carried over to the 2024-25 school year. These decreases are partially offset by an increase of \$452,764 due to the reallocation of school site budgets from materials and supplies, to where sites have expended funds in certificated salaries.

2. Classified Salaries \$527,610

Most of the increase is due to the \$1,183,788 reallocation of school site budgets from materials and supplies, to where sites have expended funds in classified salaries. This increase is partially offset by a <\$509,081> decrease in LCFF LCAP and site fund expenditures that are projected to be carried over to the 2024-25 school year. Additionally, there is a projected decrease of <\$147,097> for position vacancies and substitute costs.

3. Employee Benefits <\$319,362>

The decreased cost in employee benefits is directly related to the changes in Personnel costs.

4. Books and Supplies <\$2,854,092>

The majority of the decrease is due to the <\$2,426,656> in reallocated expenditures in school site budgets from materials and supplies to salaries, benefits and services; and, the decrease of <\$846,670> in LCFF LCAP and site fund expenditures that are projected to be carried over to the 2024-25 school year. The decrease is slightly offset by an increase of \$429,234 in Operations and Education Technology supplies.

5. Services and Other Operating Expenses \$402,559

The majority of the increase is due to \$315,177 in reallocated expenditures in school site budgets from materials and supplies to services and other operating expenses, \$260,818 in various service agreements, which is partially offset by a decrease of <\$173,436> in LCFF LCAP and site fund expenditures that are projected to be carried over to the 2024-25 school year.

6. Capital Outlay <\$349,820>

The majority of the decrease is due to <\$365,000> for vehicle purchases that did not occur, which was partially offset by an increase of \$13,472 in reallocated expenditures in school site budgets from materials and supplies to capital outlay.

7. Other Outgo \$121,947

The decrease is due to the transfer of indirect costs which are directly related to restricted expenditures.

Unrestricted Other Financing Sources/Uses

Contribution to Restricted Funds \$702,075

The \$702,075 increase is due to the Unrestricted General Fund contribution to the Restricted Special Education program from \$39,529,959 to \$40,232,034 due to an increase in certificated salaries and benefits and an increase to services contracts with non-public agencies.

Restricted Funds

As part of the State and Federal governmental response to provide economic support to school districts during the COVID-19 pandemic, one-time restricted funding increased. The Federal and State one-time restricted funding provides funds for school districts to address the impact of COVID-19 on elementary and secondary schools for allowable costs incurred after March 13, 2020. The restricted one-time COVID-19 response funds will expire on June 30, 2024, and will be recorded in accordance with state and federal guidelines and requirements and are noted in the Restricted Program section of the Annual Financial and Budget Report on pages 19-21.

During the 2023-24 First and Second Interim Budget reporting periods, with the exception of the Expanded Learning Opportunities Program, California Universal Prekindergarten Planning and Implementation grant, Learning Recovery Emergency Block Grant, the Arts, Music, and Instructional Materials Discretionary Block Grant, Prop 28 Arts and Music, Restricted Lottery, restricted General Fund program revenues and expenditures are budgeted as revenue and expense neutral, thus having no impact on the District's General Fund ending balance. At the 2023-24 Estimated Actuals, the District can better estimate whether certain Restricted grant funds will not be fully spent in 2023-24 and estimate which restricted funds will have carryover funds for the 2024-25 District Budget. Listed below are the largest of the \$73,245,034 of Restricted fund balances projected to be carried over to the 2024-25 school year.

Fund Balance and Reserve for Economic Uncertainty (REU)

The total projected General Fund ending balance for 2023-24 is estimated at \$144,850,792. The 2023-24 REU is estimated at \$31,844,758 which provides a 7.52% reserve and meets the State's recommended minimum of 3% for the District.

Included in the ending balance are accounts for the following designated items.

1. Nonspendable (Inventory/Revolving Cash) \$835,000

Estimated cash value of \$700,000 in warehouse inventory at June 30, 2024, and \$135,000 in revolving cash fund for issuance of reimbursement checks or advances.
2. Restricted Fund Balances \$73,245,034

Represents restricted funds that will be carried over to the 2023-24 school year to be spent in accordance with Federal, State and Local requirements.
3. Unrestricted Assigned and Committed \$38,926,000

This represents \$1,926,000 in LCFF LCAP Site funds and Site Control allocations projected to be carried over to 2023-24, \$300,000 of school gifts/donations that can only be spent by schools, \$6,000,000 for textbook adoptions, and \$30,700,000 for post-COVID services and staffing, school site safety equipment, and classroom technology upgrades.
4. Reserve for Economic Uncertainties \$ 31,844,758

2024-25 General Fund

Unrestricted Revenues

Revenues are projected to decrease by <\$2,844,644> from 2023-24. Listed below are the major assumptions used in calculating the 2024-25 Proposed Budget Revenues.

1. LCFF <\$1,505,310>

The major cause of this decrease is due to declining enrollment and funded ADA.

2. Other State Revenues

\$698,046

The increase is due to \$881,007 in transportation reimbursement, which is partially offset by the decrease of <\$125,666> due to the removal of one-time lottery funds received for the 2022-23 fiscal year in 2023-24.

3. Local Revenues

<\$2,037,380>

The majority of the change in this category is due to the decrease of <\$1,895,000> for interest earned, and <\$142,380> for one-time revenues received in 2023-24 for Medi-Cal Administrative Activities (MAA).

Unrestricted Expenditures

Unrestricted 2024-25 expenditures are projected to increase by \$4,193,955 from 2023-24. The following assumptions are used in the development of expenditures for 2024-25:

1. For 2024-25, certificated salary costs are based on the actual step changes and projected class increases. Classified salaries are based on the actual step changes and projected class increases. Additional certificated and classified positions are anticipated for additional transitional kindergarten (TK) classes and the addition of Sonia Sotomayor Elementary School in 2024-25.
2. As a condition of LCFF funding for the Grade Span Adjustment of 10.4% to the LCFF Base Grant, a maximum Kindergarten through Grade 3 (K-3) site average of 24 students is required. The District meets the K-3 ratio of 24:1.
3. As a condition of the LCFF funding for the Universal Transitional Kindergarten Add-on of \$3,077 per UTK student, a maximum TK student to adult ratio must be 12:1. The District meets the TK ratio of 12:1.
4. Supplemental and Concentration Grants funding of \$31,400,899 is included in the Unrestricted expenditures.
5. A 5% increase for health insurance premiums beginning January 1, 2024, is factored into healthcare costs.
6. The required Routine Restricted Maintenance reserve is 3% of total expenditures.

Unrestricted Other Financing Sources and Uses Increase

Contributions to Restricted Funds

\$9,912,985

The increase in this category is primarily due to the increase in the 2023-24 Unrestricted General Fund contribution to Special Education by \$9,462,985 and an increase of \$450,000 to the Routine Restricted Maintenance Account based on 3% of total expenditures.

Fund Balance and Reserve for Economic Uncertainty (REU)

The total projected ending balance for 2024-25 is estimated at \$110,839,844. The REU is estimated at \$26,948,914, which is 6.46% and meets the State's recommended minimum of 3% for the District and is a decrease of <\$4,895,844> compared to the 2023-24 Estimated Actuals REU. Also included in the ending balance are accounts for the following designated items:

1. Nonspendable (Inventory/ Revolving Cash) \$835,000

Estimated cash value of \$700,000 in warehouse inventory at June 30, 2025, and \$135,000 in revolving cash fund for issuance of reimbursement checks or advances.

2. Restricted Fund Balances \$58,055,930

Represents restricted grants that will be carried over to the 2024-25 school year to be spent in accordance with Federal, State, and Local requirements. The largest restricted balances are \$18,410,293 for the Expanded Learning Opportunities Program, \$15,318,733 for the Learning Recovery Emergency Block Grant, \$9,655,949 for the Arts, Music, and Instructional Materials Block Grant, \$6,938,244 for Prop 28: Arts and Music in Schools, \$3,676,272 for Restricted Lottery, \$1,561,483 for Educator Effectiveness, \$1,544,981 for Community Schools Implementation Grant and \$942,567 for Medi-Cal Billing.

3. Unrestricted Assigned and Committed \$25,000,000

This represents \$6,000,000 for textbook adoptions, \$300,000 of school gifts/donations that can only be spent by schools, and \$18,700,000 for post-COVID services and staffing.

4. Reserve for Economic Uncertainties \$26,948,914

Multiyear Projections

The Board of Education must certify that the District will have the necessary resources to meet its financial obligations for the current year as well as two subsequent years. The estimated revenues, expenditures, and ending balances are summarized below.

	2025-26	2026-27
Funded ADA	21,119.85	21,119.85
Revenues/Sources	\$392,177,047	\$400,567,799
Expenditures/Uses	426,609,979	437,960,098
Net Increase/<Decrease>	<\$34,432,932>	<\$37,392,299>
Beginning Balance	110,839,844	76,406,912
Ending Balance	\$76,406,912	\$39,014,613
Designation	55,725,654	25,410,431
Reserve for Economic Uncertainties	\$20,681,258	\$13,604,182
REU Percentage	4.85%	3.11%
Criteria and Standards Minimum Reserve (3%)	\$12,798,299	\$13,138,803

Listed below are some of the major assumptions in the Multiyear Projections for fiscal years 2025-26 and 2026-27.

- LCFF Cost of Living Adjustment (COLAs)
 - 2025-26: 2.73%
 - 2026-27: 3.11%
 Based on Department of Finance estimates.
- Average Daily Attendance (ADA) Estimates
 - 2025-26: 21,119.85 (current year)
 - 2026-27: 21,119.85 (current year)
- Certificated salary cost increases are based on a 2.5% step and class increase, while classified salaries are based on a 1.75% step increase.
- 5% increase in health and welfare premium costs.
- 10% increase in utilities cost.
- Reserves/Reserve Cap – Based on Governor’s Budget, the conditions to trigger the 10% reserve cap on district reserve caps is projected to be met and effective for the 2024-25 fiscal year.

After further analysis of the May Revise or the final State Budget, the assumptions may be changed.

Other Funds Narrative

This narrative describes significant changes that have occurred in the Other Funds between the 2023-24 Second Interim Budget and the 2023-24 Estimated Actuals Budget at year-end as well as between the 2023-24 Estimated Actuals Budget and the 2024-25 Proposed Budget. The attached pages detail these budgets by fund in order to provide an overall financial summary of District operations not conducted through the General Fund.

Building Fund – Revenue and expenditure estimates for the 2023-24 Estimated Actuals Budget are not expected to materially change from the 2023-24 Second Interim Budget. Revenue and expenditure estimates for the 2024-25 Proposed Budget are expected to decrease by <\$21,755,666> from the 2023-24 Estimated Actuals Budget as no additional bond issuance is expected in 2024-25.

Bond Building Fund (Measure VV) – Revenue estimates for the 2023-24 Estimated Actuals Budget are expected to increase by \$765,097 from the 2023-24 Second Interim Budget mainly from interest income. Expenditure estimates are expected to decrease by <\$5,727,769> mainly due to the District Transportation Center construction project which is expected to be completed during in the summer of 2024. Revenue estimates for the 2024-25 Proposed Budget are expected to decrease by <\$104,394,308> from the 2023-24 Estimated Actuals Budget as no additional bond issuance is expected for Measure VV in 2024-25. Expenditure estimates are expected to increase by <\$68,248,214> mainly from the bond anticipation note repayment and cost bond issuance cost not expected in 2024-25.

Bond Building Fund (Measure M) – Revenue estimates for the 2023-24 Estimated Actuals Budget are expected to increase by \$1,093,463 from the 2023-24 Second Interim Budget mainly from interest income. Expenditure estimates for the 2023-24 Estimated Actuals Budget are not expected to materially change from the 2023-24 Second Interim Budget. Revenue estimates for 2024-25 Proposed Budget are expected to decrease by <\$63,173,463> from the 2023-24 Estimated Actuals Budget as no additional bond issuance is expected for Measure M in 2024-25. Expenditure estimates are expected to increase by \$4,366,073 mainly due the HVAC and Roofing project at Valle Lindo and artificial turf installation projects.

Developers' Fee-Capital Improvement Fund – Revenue estimates for the 2023-24 Estimated Actuals Budget are not expected to materially change from the 2023-24 Second Interim Budget. Expenditure estimates for the 2023-24 Estimated Actuals Budget are expected to decrease by <\$224,728> mainly due to lower than anticipated cost for construction projects. Revenue estimates for the 2024-25 Proposed Budget are expected to decrease by <\$515,000> as developer fees are anticipated to be lower from those received in 2023-24. Expenditure estimates are expected to decrease by <\$4,071,418> due to construction projects completed during 2023-24.

State School Facilities Fund-SB 50 Modernization – Revenue and expenditure estimates for the 2023-24 Estimated Actuals Budget are not expected to materially change from the

2023-24 Second Interim Budget. Revenue and expenditure estimates for the 2024-25 Proposed Revenues and Expenditures are not expected to materially change from the 2023-24 Estimated Actuals Budget.

Pupil Transportation Equipment Fund – Revenue and expenditure estimates for the 2023-24 Estimated Actuals Budget are not expected to materially change from the 2023-24 Second Interim Budget. Revenue estimates for the 2024-25 Proposed Budget are not expected to materially change from the 2023-24 Estimated Actuals Budget. Expenditures are expected to decrease by <\$232,466> as no expenditures are expected in 2024-25.

Cafeteria Account – Revenue projections for the 2023-24 Estimated Actuals are not expected to materially change from the 2023-24 Second Interim Budget. Expenditure estimated for the 2023-24 Estimated Actual Budget are expected to decrease by <\$293,649> primarily due to a decrease in salaries and benefits adjustments for mid-year hires. Proposed 2024-25 revenues are not expected to materially change from the Estimated Actual Budget. Expenditures estimates for the 2024-25 Proposed Budget are expected to increase by \$2,199,762 mainly for the purchase of new equipment and the impact of recent compensation agreements.

Child Development Fund – Revenue estimates for the 2023-24 Estimated Actuals Budget are expected to increase by \$302,093 from the 2023-24 Second Interim Budget mainly due to additional one-time temporary rate increase to the California State Preschool Program (CSPP). Expenditure estimates for the 2023-24 Estimated Actuals Budget are not expected to materially change from the 2023-24 Second Interim Budget. Revenue estimates for the 2024-25 Proposed Budget are not expected materially change from the 2023-24 Estimated Actuals Budget. Expenditure estimates for the 2024-25 Proposed Budget are expected to increase by \$760,596 mainly in salaries and benefits as a result of recent compensation agreements.

Charter Schools Fund (Arroyo Vista Charter, Chula Vista Learning Community Charter [CVLCC], Discovery Charter, Mae L. Feaster Charter, and Robert L. Mueller Charter) – Revenue estimates for the 2023-24 Estimated Actuals are not expected to materially change from 2023-24 Second Interim. Expenditure estimates are expected to decrease by <\$14,799,343> primarily due to a decrease of \$10,550,612 in budgeted expenditures for restricted funds; a decrease in certificated salaries of \$2,677,494; a decrease to employee benefits of \$89,780; and a decrease in services and other operating expenses of \$1,925,011.

Revenues estimates for the 2024-25 Proposed Budget are expected to decrease by \$13,296,991 from the 2023-24 Estimated Actuals primarily due to the loss of one-time ESSER funds \$6,921,515; expiring ELOP funds of \$6,805,789; and an increase in LCFF funds of \$646,195. Expenditures estimates are expected to decrease by \$4,682,146 primarily due a decrease in certificated salaries of \$2,323,602; a decrease of classified salaries of \$900,785; and a decrease of employee benefits of \$1,577,550.

Student Activity Special Revenue Fund - Revenue and expenditure estimates for the 2023-24 Estimated Actuals Budget are not expected to materially change from the 2023-24 Second Interim Budget. Revenue and expenditure estimates for the 2024-25 Proposed Budget are not expected to materially change from the 2023-24 Estimated Actuals Budget.

Self-Insurance Fund - Revenue estimates for the 2023-24 Estimated Actuals Budget are expected to increase by \$691,784 from the 2023-24 Second Interim Budget mainly due to the anticipated increase workers compensation contribution associated with the 2023-24 salary settlement and interest income. Expenditure estimates for the 2023-24 Estimated Actuals Budget are expected to increase by \$300,683 mainly due to the increase in employee workers' compensation claims. Revenue estimates for the 2024-25 Proposed Budget are expected to increase by \$108,216 from the 2023-24 Estimated Actuals mainly due anticipated increase in workers compensation contribution associated with the recent salary agreements. Expenditure estimates are expected to decrease by <\$193,053 > mainly from employee workers' compensation claims.

Community Facilities District Capital Projects Fund – Revenues estimates for the 2023-24 Estimated Actuals Budget are expected to increase by \$2,401,717 from the 2023-24 Second Interim Budget primarily due to mitigation payments received from developers and increase in interest income. Expenditure estimates are not expected to materially change from the 2023-24 Second Interim. Revenue estimates for the 2024-25 Proposed Budget are expected to decrease by <\$2,992,735> from the 2023-24 Estimated Actuals Budget as no mitigation payments from developers are expected in 2024-25 and interest income is not expected to decrease. Expenditure estimates for 2024-25 are expected to decrease by <\$33,892,332> from the 2023-24 Estimated Actuals Budget mainly due to the expected completion of Sotomayor Elementary which is expected to open in July 2024.

Community Facilities District Debt Service Fund – Revenue and expenditure estimates for the 2023-24 Estimated Actuals Budget are not expected to materially change from the 2023-24 Second Interim Budget. Revenue and expenditure estimates for the 2024-25 Proposed Budget are expected to increase by \$264,547 from the 2023-24 Estimated Actuals Budget mainly due to the increase in debt service payments. The Debt Service funds are transferred in from the Community Facilities District Capital Projects Fund.

Building Fund (21-09)

The Building Fund is used to account for capital facilities projects not funded by Community Facilities District (CFD) proceeds or General Obligation Bond funds. In 2013-14, the District sold Certificates of Participation (COP) to acquire and install classrooms at CVLCC for Grades 9-12 at Silver Wing and to acquire and install classrooms at Feaster Charter for Grades 7 and 8. Both charter schools will make transfers to this fund to cover the COP debt service payments. The 2021 COP refunded the 2013 Charter COP. In July 2023, the District issued the 2023 Refunding General Obligation Bond to refund the School District's outstanding Bonds of School Facilities Improvement District No. 1 of the Chula Vista Elementary School District (General Obligation Bonds, 2012 Election, Series A).

Bond Building Fund - Measure VV (21-33)

In November 2018, local voters approved Measure VV, a \$150 million general obligation bond to provide funds to renovate and modernize facilities and improve technology at the District's oldest schools. Education Code Section 15146 requires the District to establish a restricted bond building fund for the purposes of receiving, holding, investing, and disbursing funds for construction projects. In August 2019, the District issued a Bond Anticipation Note (BAN) for \$60 million which will be payable from proceeds of the sale of bonds pursuant to the authorization. Proceeds from the Bond Anticipation Note were deposited into the Bond Building Fund (21-33) was used to partially fund the summer 2019 modernization of Sunnyside, install lighting retrofit at 25 school sites and fund the summer 2020 Feaster Charter modernization. The funds was also used for other District modernization projects such as heating ventilation and airconditioning and roofing replacement at various sites and the Maxwell Transportation Center. In July 2023, the District issued a General Obligation bond for \$100 million which be used to pay-off the \$60 million BAN as well as fund other District modernization projects such as heating ventilation and airconditioning, roofing replacement, and network infrastructure upgrade at various sites.

Developers' Fees - Capital Improvement Fund (25-18)

The Capital Improvement Fund is used primarily to account for developer fees which are used to mitigate increased classroom requirements brought on by new housing developments. In addition, the District receives redevelopment funds that are used for improvements of schools that benefit the redevelopment area. In 2022-23, the District began the Transitional Kindergarten (TK) expansion to add 15 portable classrooms at various sites to support the TK program. The 15 classrooms were ready for the 2023-24 school year.

State School Facilities Fund-SB 50 Modernization/New Construction (35-00)

The State School Facilities Fund was opened in May 1999 in order to separately account for all revenues and expenditures under the Leroy F. Greene Facilities Act of 1988 (SB 50), which established a new state program for school facilities construction and modernization. In March and April 2023, the District received \$3M from the State School Facilities Program as partial reimbursement of the modernization of Harborside and Sunnyside Elementary. \$1M was transferred to the Bond Building Bond (21-33) which partially funded the Sunnyside modernization.

Pupil Transportation Equipment Fund (15-00)

In May 2000, the Pupil Transportation Equipment Fund was established to budget for the replacement of school buses and the purchase of buses needed to accommodate growth in the District. It is the intention that this fund receive revenue transfers from the General Fund so that sufficient funds are available as the need arises for new bus purchases. No transfers were made from 2008-09 through 2012-13. In 2013-14, the District transferred \$220,000 to purchase three mid-size buses in 2013-14. The District transferred \$400,000 during SY 2014-15, 2015-16, 2016-17 and 2017-18 to purchase buses. No transfers were made from 2018-19 through 2022-23. No transfer is planned for 2023-24. In March 2022, the District was awarded \$1,183,184 from California Air Resource Board (CARB) for the purchase of four (4) electric buses and three (3) CNG buses and will be partially funded with Pupil Transportation Equipment Fund.

Child Development Fund (12-06)

The Child Development program includes the State Preschool classrooms located at Allen, Cook, Finney, Harborside, Kellogg, Lauderbach, Loma Verde, Mueller Charter, Olympic View, Otay, Rice, Rogers, Rohr, Valle Lindo, and Vista Square. The sites run both a morning and afternoon session. In FY 2023-24, there will be 30 state preschool sessions with slots available for 668 students, ages 3-4. CSPP contractors will be reimbursed based on the lesser of 100 percent of the contract's maximum reimbursement amount (MRA) or net reimbursable program costs and revenue earned will not be based on attendance similar to the previous year.

Student Activity Special Revenue Fund (08-00)

In January 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 84 (GASB 84), Fiduciary Activities, which establishes criteria for identifying and reporting fiduciary activities for all state and local government. GASB 84 identifies that Associated Student Body (ASB) activities as non-fiduciary and should be reported in the District's governmental fund beginning in SY 2020-21. The Student Activity Special Revenue Fund accounts for the transactions associated with student fundraising activities and the expending of those funds to promote the general welfare, morale, and educational experiences of the student body. The Student Activity funds were previously accounted for in a special trust fund.

Self Insurance Fund (67-00)

The Worker's Compensation Insurance Fund (Fund 67-30) is used to pay employee workers' compensation claims that are a result of injuries suffered while working. The District is self-insured for workers' compensation. The District pays a rate per \$100 of each employee's salary as premiums. For FY 2013-14 through 2016-17 the rate was \$2.00 per \$100 and \$1.50 per \$100 for 2017-18 through 2019-20. For FY 2020-21, 2021-22, and 2022-23 the rate is \$1.00 per \$100. For FY 2023-24 the rate is \$1.50 per \$100 and will remain the same for FY 2024-25.
