

# COLOR OUR WORLD™

**June 21st - August 16th, 2025**

The Matawan-Aberdeen Public Library invites you to participate in our Summer Reading Program. Color Our World by checking out books, attending fun programs, and winning prizes all summer long!

## What is Summer Reading at your public library?

Summer Reading is an incentive program to keep kids reading all summer long. This year we will be celebrating art, colors, and all things beautiful! Patrons can sign up in the library, log their books, get raffle tickets, and win prizes! Prize winners are selected and contacted every Monday.

## What else is happening at the library?

There are story times for all age groups as well as parties and special presenters. Check our calendar online at [mapl.org](http://mapl.org) to see all of our events. For some programs, a valid library card is required for registration.
