Everything you need to launch a rewarding career.

Kubota® TECH

Why Kubota Tech?

The Kubota Tech program equips aspiring technicians with the knowledge and skills you need to successfully pursue a career in the off-road diesel equipment industry. This certification program will train you to inspect, diagnose and repair Kubota equipment with reliability and customer satisfaction. You will work with the most excellent schools and dealers in the country to gain the knowledge, skills and experience required to become an integral member of the Kubota team.

Requirements

This program requires you to have a high school diploma or equivalent. High school students enrolled in a comprehensive diesel program are also eligible.

Benefits

- Job placement
- Excellent earning potential
- Great benefits
- An excellent working environment

Opportunities

Successful graduates will have the opportunity to work as a Kubota Technician at dealerships across the country.

Every day, you will be using your newly acquired knowledge and skill to provide Kubota dealers and customers value. Kubota empowers our Technicians to be the best in the industry.

- Technicians will have the opportunity to work with sponsoring dealerships and participate in internship programs.
- Technicians working at a Kubota dealership are provided guidance from experienced Kubota Technicians learning how to repair equipment correctly and efficiently.

NC3 CERTIFICATIONS

Receive Kubota-endorsed NC3 certifications validating skills achieved. Certificates include:

- **Product Delivery Inspection (PDI) & Assembly**
- **Maintenance Procedures**
- **Engines**
- **Powertrain-Transmissions**
- **Electrical**
- **Preventative Maintenance Inspection**
- **Hydraulics**
- **Brakes, Steering, Suspension (BSS)**

Program Goals and Benefits

Kubota and NC3 help shape tomorrow's workforce through certification programs, industry supported curriculum and hands-on training. Kubota recognizes the need for highly-skilled Technicians to support customers. Kubota Tech certificates provide students with the knowledge and skills needed to fulfill these goals.

PROGRAM GOALS

- Meeting the needs of qualified early career technicians
- Help students get certified to begin a career with local Kubota dealerships
- Build local win-win partnership between dealers and participating schools

REQUIRED EQUIPMENT: B26TLB Tractor, ZD1021 Mower, RTV-X1140 Side-by-Side. The combination of these three units provides a good cross-section of the design and function of the Kubota product line in the US, establishing a foundation that can be built upon for more complex products in the future.

Dealer Benefits

- Opportunity to hire well-qualified candidates who have achieved the Kubota Tech certifications
- Confidence that curriculum is meaningful and relevant
- Opportunity to partner with a school that provides students with the skills necessary to succeed
- Ability to influence future programming through advisory boards
- Develop relationships with school leadership

School Benefits

- Collaboration with NC3 national network of leading educators and global industry partners
- Unlimited access to NC3 certification system & supporting materials for implementing NC3 industry-driven certifications
- Instructor participation in NC3's nationally recognized Train-the-trainer events
- Shape new certifications with respect to industry partner innovations and R&D

Student Benefits

- Placement and career opportunities as an early career Kubota Technician
- Student access to Kubota certifications
- Employment with a globally recognized brand
- Local dealership participation in Career Tech Student Organizations (CTSOs)

Kubota is a proud partner of the National Coalition of Certification Centers. Kubota Certifications are developed and administered by NC3 (National Coalition of Certification Centers) and are compatible with other industry recognized certifications. For more information please visit NC3.net.
