

ES School Governance Meeting Minutes

Monday, February 26, 2024

I. Old Business-

- Review January minutes
- Family Discovery night was a success, was on February 13, centered around character word “Kindness”
- Mentor program-space needs furnishing. A needs list will be given before next governance meeting on February 26 (still pending)

II. Principal’s Report-

- Budgets to be set for 2024-2025, items requested by CES:

Summer Maintenance:

- Replace music room, library, and office carpet (damaged during renovations)
- Stain the stage floor to match the door stain throughout the building
- Add BOYS and GIRLS painted signs on each student bathroom throughout the building
- Purchase new furniture for the main lobby and both main entrances
- Add/transfer basketball goals to the 300-hall gym

Safety:

- Add a new gate or speed limit signs to the road between us and the old CPS
- Add a wind screen to the fence on the playground adjacent to the disc golf course
- Add window coverings for lockdowns on interior classroom windows next to classroom doors.

Technology:

- Additional laptop cart for EIP
- ClearTouch panel on mobile stand for 300 hall gym
- ClearTouch panel on mobile stand for 500 hall gym

If additional allotments are approved:

- Spanish elective unit: Laptop cart, ipevo, etc.

- MAP results-to be elaborated upon by Floyd Braid

III. New Business-

- Floyd Braid attended meeting to present system level information about grad rates, future college/work choices, as well as map testing results
- In the class of 2023, 67% of students went to four-year colleges and another 17% went to two-year colleges
- Last year's graduation was 92.2% and was the fourth year in a row that the system level rate for five year students is over 92%
- Mr. Braid discussed map assessment as a good predictive assessment of GMAS performance; presented spreadsheet of scores going back to 2017; because map is taken three times a year teachers are able to catch problems earlier and fill instructional gaps
- Discussion about evaluating percentage of students above 3/4 versus all of those above 2/3/4 on GMAS and what a "Developing" learner looks like and needs
- System exploring performing map testing at primary school level next year in order to have data to bring to the elementary school

Remaining 2023-2024 Meeting Dates:

March 25, April 22, May 20
