DON'T MISS OUT!

Our Magnet Programs shape globally minded learners via a unique, exceptional, world-class curriculum at a comprehensive high school. Students enjoy unparalleled opportunities for growth and acquire skills to succeed in today's job market while cultivating the versatility needed for future careers yet to be imagined. North Springs' exceptional approach ensures that students are ready to thrive in an ever-evolving world.

Apply via Fulton County School's Change of School Assignment (COSA) process. North Springs is welcoming in- and out-of-attendance zone students. Once accepted, students will apply to the Magnet Program or programs they choose.

MAGNET OPPORTUNITIES *at* NORTH SPRINGS

Students May Complete Multiple Programs

STEAM MAGNET

Our STEAM program fosters curiosity, creativity, and problem-solving by engaging students in exciting, project-based learning. We equip students with skills they need for careers through hands-on experiences in science, technology, engineering, arts, and mathematics.

Students discover the "why" behind what they learn and apply their knowledge to solve real-world challenges. This unique approach prepares them with critical skills to thrive in the future.

MATH & SCIENCE CLASSES

Dive into hands-on math and science courses that spark curiosity and problem-solving skills.

ENGINEERING PATHWAY

Discover engineering fundamentals and work on real-world, impactful projects.

INTEGRATED LEARNING ACROSS SUBJECTS

Enjoy a well-rounded, cross-curricular experience.

Students complete a capstone project to showcase to colleges. ***Plus, they earn a STEAM Certification from the state—a valuable credential.***
