Favorite Part of the Job: This is a difficult
question because there are so many
rewarding aspects to our profession.
However, at the top of my list is seeing
students gain confidence in their abilities academically as well as socially
throughout their high school years.

Favorite Outside of School Activity: I love sports and physical activity, whether it's
participating, coaching or watching. I also relish the times I travel with my family
to the beach, Disney World, or many of our other short getaways. That time is
priceless.
