FY25 Foster Care Transportation Plan

The Georgia Department of Education (GaDOE) is required to ensure the educational stability of children in foster care. (ESEA section 1111(g)(1)(E)). In coordination with state and tribal child welfare agencies, the GaDOE must ensure that its LEAs implement the Title I educational stability requirements for children in foster care, including ensuring that:

- A child in foster care remains in his or her school of origin, unless it is determined that remaining in the school of origin is not in that child's best interest;
- If it is not in the child's best interest to stay in his or her school of origin, the child is immediately enrolled in the new school even if the child is unable to produce records normally required for enrollment; and,
- That the new (enrolling) school immediately contacts the school of origin to obtain relevant academic and other records. (ESEA section 1111(g)(1)(E)(i)-(iii)). In fulfilling this role, the SEA should coordinate with the state or tribal child welfare agency to develop and disseminate uniform guidelines for implementing the Title I educational stability provisions. Developing uniform statewide policies and procedures for ensuring educational stability for children in foster care, as many States have already done under the Fostering Connections Act, will facilitate successful implementation at the local level. This is particularly important given the shared agency responsibility for educational stability under Title I and the Fostering Connections Act, and because a single LEA or local child welfare agency will likely have to collaborate with multiple partner agencies in implementing these provisions.

Additionally, the SEA must conduct regular monitoring and oversight to guarantee appropriate implementation of these provisions at the local level. (See 2 C.F.R. §§ 200.331(d), 200.328(a); 34 C.F.R. § 76.770).

On the state level, the Georgia Department of Human Services (DHS), which houses the Division of Family and Children Services (DFCS) periodically sends a list of children in foster care that are flagged in the GaDOE's student information system for information sharing and reporting purposes. On the local level, LEAs are now able to retrieve a list of children in foster care to better identify and provide services. LEAs are to continue collaborating with their local child welfare agencies and may periodically receive information directly from foster parents, Court Appointed Special Advocates (CASA), DFCS case workers, or Education Support Monitors (ESM), within the Educational Programming, Assessment and Consultation (EPAC) unit of DFCS. Once identified, LEAs must implement its plan to ensure educational stability for children in care. For the best interest of the children in care, LEAs should follow all mandated regulations under FERPA and keep the status of these children confidential.

As a result, the GaDOE is requiring all LEAs, including virtual schools and charter schools that function as an LEA, to complete a Foster Care Transportation Plan. The plan should be completed in addition to the development and implementation of written transportation procedures and the identification of a Foster Care Point of Contact. Please complete this plan and return it by:

Friday, June 30, 2024

Instructions for submission:

- After the LEA superintendent signs the assurances, scan the entire document as a PDF and save it as the "FY25 Foster Care Transportation Plan".
- Upload the signed PDF version of the document to the CLIP online portal via the Consolidated Application for FY25.

FY25 Foster Care Transportation Plan

NOTE: In order to answer the questions below, refer to the Non-Regulatory Guidance: Ensuring Educational Stability for Children in Foster Care.

I. Foster Care Transportation Plan: PLANNING

A. The LEA's role is to have a transportation plan in place for children in foster care to their school of origin. Describe your plan to:

1. Coordinate transportation with the local child welfare agency.
2. Implement steps to be taken if additional costs are incurred.
3. Execute the local dispute resolution process.

Include the roles of key players (e.g. LEA Foster Care Point of Contact, LEA Superintendent, LEA Federal Program Director, EPAC Unit Education Support Monitor, Case Worker, Court Appointed Special Advocate, Juvenile Court representative, etc.) *Please limit the response to 1,000 characters.*

Coordination will occur between DFCS personnel, LEA Foster Care Point of Contact, foster parent, and, when applicable, LEA Homeless Liaison and CASA to determine "best-interest" school placement, ensure timely enrollment, coordinate transfer of records, and organize transportation to designated school. All participating parties will strictly follow FERPA guidelines during the coordination process. Because Telfair County has only one school at each grade span, transportation cost issues would only arise if student was placed in a different county. In that case, the following plan will be implemented:

1. LEA will pick up and deliver child at agreed-upon point at county line.
2. Child will be transported to county line pick-up point by foster parent or by DFCS-contracted transport company.

Disputes will be resolved by LEA Federal Programs Director/Foster Care Point of Contact and DFCS Custody County Director.

B. What steps should an LEA and local child welfare agency take to ensure that transportation is provided immediately, even if they face difficulty reaching agreement on how to pay for additional transportation costs? *Please limit the response to 1,000 characters.*

LEA will be responsible for costs associated with any bus re-routing; DFCS will be responsible for costs associated with transportation of child to county line. Disputes will be forwarded to LEA Foster Care Point of Contact and DFCS Custody County Director for resolution. Final determination of payment will be made by the LEA Superintendent. Transportation of foster child to appropriate school will begin immediately and continue without delay or interruption while payment disputes are resolved.

C. The LEA must designate a Foster Care Point of Contact that coordinates with the local child welfare agency. Describe the point of contact's role and responsibilities. *Please limit the response to 1,000 characters.*

The LEA Federal Programs Director will serve as the LEA Foster Care Point of Contact. This individual will assume responsibility for communication and coordination with DFCS personnel, foster parents, LEA transportation department, and LEA Superintendent to ensure best-interest placement, immediate school enrollment, timely records transfer, and un-delayed transportation.

It is the responsibility of DFCS to notify LEA Foster Care Point of Contact if a Telfair County student is placed in a home outside of the county so plan outlined in IA and IB can be implemented. In the case that a Telfair County student is placed in a home within the county, DFCS will notify LEA Foster Care Point of Contact, who will notify school personnel so student(s) can be transferred to appropriate bus route immediately.

II. Foster Care Transportation Plan: GUIDING QUESTIONS

Richard Woods, Georgia's School Superintendent
"Educating Georgia's Future"

FY25 Foster Care Transportation Plan

A. If a child is placed within the LEA's school attendance area and projected transportation cost are negligible, transportation should be immediately provided without supplemental assistance from the local child welfare agency. If there are additional costs incurred in providing transportation to maintain children in foster care in their schools of origin, the LEA will provide transportation to the school of origin if:			
	YES	NO	N/A
1. The local child welfare agency agrees to reimburse the LEA for the cost of such transportation.	No		
2. The LEA agrees to pay for the cost of such transportation.	No		
3. The LEA and local child welfare agency agree to share the cost of such transportation.	Yes		
Describe the agreement the LEA has made with the local child welfare agency regarding transportation costs. <i>Please limit the response to 1,000 characters.</i> The LEA will assume costs related to re-routing buses to county line. DFCS will assume costs related to transport of child to county line (reimbursement to foster parent or contracted transport company).			
B. All LEAs must meet the requirement to provide transportation for children who are in foster care to their schools of origin (<i>Similar to the McKinney-Vento requirement for students experiencing homelessness</i>). Does your LEA currently provide transportation services? If no, describe your plan to meet this mandate.		Yes	
<i>Please limit the response to 1,000 characters.</i> N/A			

FY25 Foster Care Transportation Plan

ASSURANCES

By checking the box beside each statement and by affixing my signature to these Assurances, I certify that I have read each and agree to be held accountable for the content of each of the following statements:

- ☒ The LEA will collaborate with state or local child welfare agency to develop and implement clear written procedures governing how transportation to maintain children in foster care in their school of origin when in their best interest will be provided, arranged and funded for the duration of time in foster care.
- ☒ The LEA ensures that children in foster care needing transportation to the school of origin promptly receive such transportation in a cost-effective manner.
- ☒ The LEA ensures that children in foster care remain in the school of origin while any disputes regarding transportation costs are being resolved.
- ☒ The LEA will collaborate with State or local child welfare agency to provide transportation if a child is placed in foster care placement across district, county, or State lines.
- ☒ In accordance to the Every Student Succeeds Act (ESSA) and the Fostering Connections Act, the LEA will continue to provide transportation to children that exited foster care for the remainder of the school year, if it is in the best interest of the student.

I am authorized to sign and submit this application on behalf of the applicant. My signature certifies that all information included in the application is accurate. I understand that all information submitted is subject to verification.
