## Summer Math Practice for Incoming 7<sup>th</sup> Graders

Dear Students,

In September 2024, you will be taking Algebra 1 as your mathematics course. Algebra 1 is the foundation of secondary math. You will skip 8<sup>th</sup> grade math.

To prepare you for the class, you are assigned the **Getting Ready for 8<sup>th</sup> grade** course in Khan Academy. This course must be **completed by September 20, 2024**. The percentage complete of the Getting Ready for 8<sup>th</sup> Grade course will be recorded in PowerSchool as a test grade.

For those of you that are ambitious, we suggest you complete the entire 8<sup>th</sup> grade course. Although this will better prepare you for the new school year it is not mandatory and will not be graded.

To receive credit, you must join our class. Please follow the instructions below.

If you do not have a Khan Academy account, go to <https://www.khanacademy.org> and create account. (Please use your school e-mail address when creating a new account.)

1. Once you are in your Khan Academy account, Click teachers
2. Click "Enter a Class Code"
3. Enter code MZEKTJW5

Sincerely,

Ms. Valdez and Mrs. Formoso-Adamcik
