# WHAT OUR GRADUATES ARE SAYING:

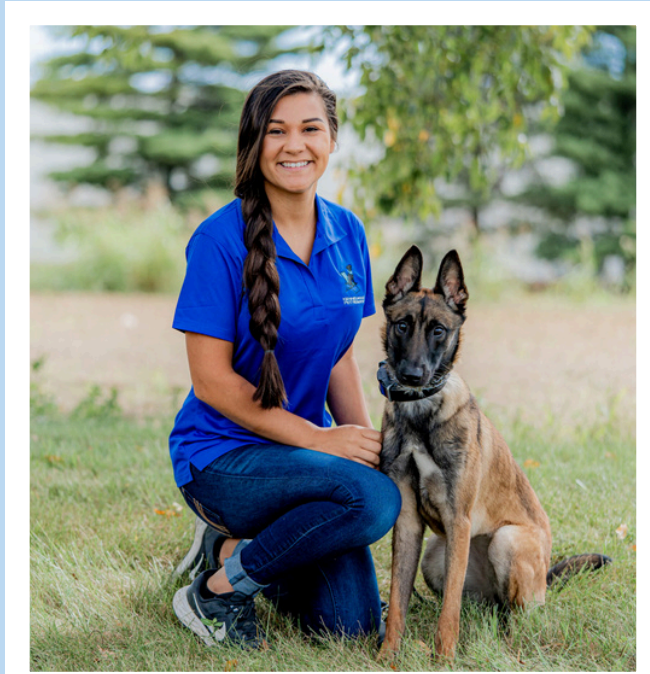

**KATHRYN S.**

I was in college pursuing a career that wouldn't bring me happiness or fulfillment. That's when I chose to trust my gut and leave college to attend the Academy that following January. During my time at the Academy, I learned more in 6 months and truly learned what it meant to be a sponge. Whether you are focusing on dog sports, pet obedience, hunt training, or one of the other many avenues Kennelwood Academy shows you. There was never a shortage or information, support, and guidance from the instructors Dave and Jeremy. They pushed me when I needed it, built me up when I was struggling, and did anything they could to make sure I had the best education. My time at the academy was the best 6 months of my life and I would do it all over if I could!

# WHAT OUR GRADUATES ARE SAYING:

**SELENA S.**

**Kennelwood Academy provided me with hands-on training and expert mentorship I needed to turn my passion for dogs into a thriving career. The comprehensive curriculum and supportive community built my confidence and honed my skills in dog training. I am proud to say that the education and experience I gained at Kennelwood Academy have been the cornerstone of my success as a professional dog trainer.**

# WHAT OUR GRADUATES ARE SAYING:

**KATELYN P.**

In high school I wasn't too sure of what career path I wanted to pursue but I knew I wanted to work with animals. The only career field I knew that worked with animals was becoming a veterinarian, vet technician, wildlife biologist, or a marine biologist. But for me I didn't really like school even though I made straight A's and being on the honor roll. I wanted to pick a school that was hands on, and I wanted to learn a skill that I could use the rest of my life.

During my favorite chapter in life, which was being a student at Kennelwood Academy, I learned so much. I didn't just learn how a dog's mind works but also how to work with people and how to start your own business. The instructors Dave, Jeremy, Matt, and Megan as well as Emily, the administrator, will help you with your career and they will continue to help you even when you graduate!

If you want a career that you can meet new people from all over the world, a career that you can do so many things in that field & never get bored, never stop learning, and to make a decent amount of money. You should definitely look into becoming a dog trainer at Kennelwood Academy!
