402 N. 7th Street, Olean, NY 14760
Generated by Jackie Reed on Thursday, April 24, 2025

1. OPENING ITEMS
A. Call to Order at 4:01 pm.

B. Present: Jennifer Kless, Dr. Genelle Morris, Jen Mahar, Kelly Keller, Betty Burrows, Lee Filbert, Angie Marconi, Mary Magro, Kris Ring, Jackie Reed Dr. Michael Irizarry (4:20)

2. CURRICULUM UPDATES
A. Jen Kless provided a Special Final Report of the Math Needs Assessment Committee

- The Math Needs Assessment Committee was made up of teachers from different levels from each building, Jen Kless, Lauren Stuff and Mark Carls (CA BOCES Math Specialist).
- A PK-7 Math Needs Survey was conducted in December-January, and the results were shared with the committee, broken down by sections, with an explanation of how the data was sorted (by similar topics).
- The Math Needs Assessment Committee then reviewed several programs and had presentations from various vendors: Savva (enVision), Big Ideas Learning (Math & You), and McGraw-Hill (Reveal Math).
- Grades K-5 Selected enVision math due to it's system of alignment for Grades K-5, Comprehensive Instruction, user friendly for teachers and students, and explicit and systematic instruction.
- The Curriculum Committee is going to recommend this program to the Board of Education for Adoption at the May 6, 2025 Board of Education meeting.

A discussion about the training was held, noting that K-5 teachers will get a full day of training in June and will be given hours to do PD with Mark Carls over the summer. Teachers who do not wish to do PD over the summer have the option to request training on the 1/2 days in June, but it is strictly optional, not required. Additional PD will be given on one of the Staff Development days provided at the beginning of the school year..

Grade 6-7 have not yet selected a program, noting different components missing from each program, and not wanting to start over. Jen Kless was meeting with OIMS administration and teachers to decide how to move forward.

The Committee members were given an opportunity to review the enVision materials and survey results.

B. Other
NYS has created Numeracy Briefs. On May 13th, Jen Kless and Mark Carls will attend a presentation focused on evidence-based practices for teaching mathematics.

The Curriculum Committee would like to thank the Math Needs Assessment Committee for their hard work.

3. ADJOURNMENT

A. Adjournment at 4:47 p.m.
B. Next Meeting wll be Thrusday, May 29, 2025 at 4:00 p.m. at the Professional Learning Center.
