SEACOAST COLLEGIATE HIGH SCHOOL & NORTHWEST FLORIDA STATE COLLEGE DUAL ENROLLMENT AND WORKFORCE CENTER

A community-wide, county-wide project for students of today, tomorrow, and generations to come.

With a legacy of successful graduates, Seacoast and NWFSC are ready to serve Walton County families as the top choice seeking a high-quality, results-driven high school and college education.

250+
ADDITIONAL WALTON COUNTY DUAL ENROLLED STUDENTS

The Project is On Time and On Budget: Maintained strict project management, keeping the expansion of our Dual Enrollment Center and campus facilities both on schedule and within budget (**opening August 2025**).

Beyond just Seacoast Collegiate High School students, the College will serve an additional 250+ dual enrolled high school students in Walton County through the expanded campus.

Over the last 12 months we have...

$9.5 MILLION

Secured Major Regional Investment: Successfully applied for and received a $9.5 million Triumph Gulf Coast Grant over five years to support programming, equipment, and personnel—further amplifying the impact of your legislative investment.

500+ STUDENTS

Expanded Capacity for Students: Created space to serve over 500 additional students annually—tripling the College's previous dual enrollment capacity and significantly increasing the number of college graduates in our region.

Launched Career-Aligned Pathways: Built new high school academic tracks tied to workforce needs—including healthcare, information technology, business, and entrepreneurship—ensuring students graduate with marketable skills.

Secured Business Partnerships: Engaged local healthcare providers, tech companies, and business leaders to host students through internships, externships, and mentorships—connecting learning to real-world employment.

Increased Access to Certifications: Integrated industry-recognized certifications and Associate Degree pathways into our high school programs, enabling students to earn professional credentials while still in high school.

Accelerated Workforce Readiness: Equipped students with both academic and technical skills to meet current labor market needs—helping close workforce gaps and fast-track job placement ***which further exemplifies your return on investment.***

Strengthened Public-Private Collaboration: Leveraged legislative and Triumph funding to form powerful partnerships between education, industry, and community stakeholders.

Established a Statewide Model: Created a replicable, scalable blueprint for how Florida can reimagine high school and college integration to meet the demands of tomorrow's economy.

BRIDGING EDUCATION & EMPLOYMENT TO BOOST REGIONAL TALENT

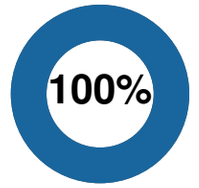

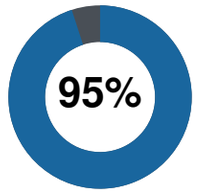

For the Class of 2025:

- **65 graduates earned over 3,200 college credits, saving students and families more than $2MM in college costs.**
- **52 Members of the National Honor Society**
- **51 Associate Degrees Earned through NWFSC**
- **41 Bright Future Recipients**
- **37 Awarded the Florida Scholar Designation**
- **$4MM+ in Scholarships**
- **200+ College and University Acceptances in more than 30 States**
- **40,000+ Volunteer Hours**

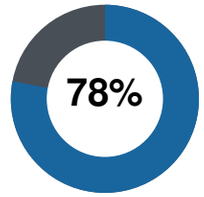

SEASIDE SCHOOL™ is not only **the oldest Florida public charter school in operation**, but also the **highest performing academic school in the region** and ranks among the top public schools in the area having **earned an "A" for 21+ consecutive years** according to FLDOE Report Card.

100% college or university acceptance rate in 30+ states across the country. 100% high school graduation rate for the eleventh year in a row.

95% of SCHS seniors have been accepted into four-year universities since the initial graduating class in 2016 - a total of 365 total graduates.

78% of our high school graduates also earned their Associate Degree.

Melanie Sabbion Morel, one of many first generational college students who graduated this spring, earned a full scholarship to Stanford University.

NATIONAL BASEBALL HALL OF FAME
INDUCTED 2014

Tom Glavine

"An investment in knowledge pays the best interest" Benjamin Franklin

As members of The Seaside School Foundation board and residents of Walton County, my wife Chris and I invite you to join us in support of the SCHS Dual Enrollment Expansion Project.

We believe this transformational project will have a lasting impact not only on our son but on residents of this region for generations to come.

This expansion project will serve as a national model for bridging Secondary and post Secondary education.

Tom Glavine

A VISION FOR THE FUTURE

The high school received 616 student applications in 30 days for the Fall of 2025 - the highest number in the school's history.

Our 2025 incoming freshman class will be the largest in the school's history - 134 students - filling every possible seat with a strong waitlist.

As early as Fall 2026, the College will launch another program on site: an Associates in Science Business Administration degree that will equip students with practical business knowledge and management skills enabling them to start their careers earlier and gain valuable work experience.

Seacoast Collegiate High School is excited to announce the addition of secondary certifications in Cybersecurity, Artificial Intelligence, Entrepreneurship and Small Business, Master Entrepreneurship, Bookkeeping, and QuickBooks Certified User to its students who are also enrolled in the College's Associate degree dual enrollment program.

The newly expanded campus will also serve an additional 250+ dual enrolled high school students in Walton County.
