### Recurring Annual Capital Costs

Tax Cents	000's	
3.37	\$ 850	Roofing estimated future annual average cost
2.77	700	Bus cost per year for 5 buses (16 year life)
1.29	325	Asphalt parking lot maintenance
1.78	450	IT Equipment
	variable	Building Security
	variable	Other Building Needs
9.22	\$ 2,325	Recurring Annual Capital Costs / Tax levy cents equivalent

3.26	Prop A through FY26; how to utilize for the future
2.40	Debt service levy estimated to be available after FY26; how to utilize for the future
5.66	Total levy to determine for future use

\$ 252.3	FY25 estimated revenue per 1 cent tax levy
----------	--

\$ 17,036	HVAC cost since Prop R began FY17
\$ 2,130	Average per year cost for HVAC 8 years

Note1 This is the estimated tax levy amount needed to support a significant portion of predictable recurring capital needs. Actual costs will vary from estimates. Of the 9.2 cents, 3.26 cents are provided from Prop A capital levy.

Note 2 HVAC is more variable from year to year and requires a longer term planning approach to funding large costs in certain years.

## Mehlville School District

### Components of the FY24 Tax Revenue Increase and HVAC Replacement Timeline

#### Local Tax Revenue Increase

81.6M	FY23 Total Actual
101.1M	FY24 Total Forecast
100.2M	FY24 Total Actual
18.6M	FY24 Total Increase

#### Local Tax Revenue Increase Components

	FY24 Budget	FY24 Actual	
Note 1	7.0M	6.7M	Increase due to Assessed Value (AV) increasing 5.0% in calendar year 2023
Note 2	7.2M	6.9M	Increase due to Prop E 31 cent tax levy increase
Note 3	4.7M	4.5M	Increase real estate tax due to AV increasing above 5.0% (normally limited by the Hancock Amendment)
Note 4	.6M	.6M	Increase personal property tax due to AV increasing above 5.0%
	19.5M	18.6M	Total FY24 Increase

Note 1> If Prop E had not passed, AND, if AV had only increased 5.0% for all asset classes, tax revenue was budgeted to increase 7.0M, but lower than normal collection %'s resulted in actual collections of 6.7M.

Note 2> Due to Prop E passing a 31 cent tax rate increase, the tax revenue budget increase was 7.2M and the actual increase is 6.9M.

Note 3> Since Prop E passed, it eliminated the 5.0% AV increase limit. Since residential AV increased 18.2% and commercial AV increased 9.5%, tax revenue increased due to AV increases > 5.0%. The budget increase was 4.7M (18.5 cents tax levy), and the actual increase was 4.5M (17.9 cents tax levy).

Note 4> Personal property tax is never subject to Hancock 5.0% limitations. Since personal property increased 6.2%. This additional 1.2% AV increase caused tax revenue to increase another \$.6M.

### Proposed HVAC Replacement Timeline and Funding

	Note 1	Note 2	Note 3	
	HVAC Reserve			
Fiscal Yr	Funding Plan (000's)	Summer Replaced	Project Cost Est. (000's)	Locations for HVAC Replacement
FY23	\$ 9,400	(amount is the actual HVAC reserve balance at the end of FY23)		
FY24	11,100		3,669	actual
FY25	13,000	2024	12,611	Bernard, OES, Point, Wohlwend, Pool
FY26	3,000	2025	10,474	OHS, OMS, WMS, Blades, Trautwein, Rogers' chillers, John Cary boilers
FY27	454	2026	10,200	MHS, Beasley, Bierbaum
Total	\$ 36,954		\$ 36,954	

\$ - Estimated funding shortfall can be funded with regular capital funds or Prop R funds.
--

Note 4> \$ 12,100 Estimated interest expense saved by funding HVAC replacement from operating funds instead of a \$24M bond
---

Note 1> Current forecast is to allocate these amounts each year to the HVAC capital reserve if approved by the Board. These are estimates that will change periodically as revenue funding and expense forecasts change, but this is the best estimate for now. These funds would otherwise be either allocated to General Fund operating gains or given back to the community by voluntary tax rate reductions. However, if voluntary tax rate reductions were taken, see Note 4 below.

Note 2> This represents the summer that HVAC is to be replaced at the indicated locations. Work should be completed before school starts in August each year.

Note 3> This is the cost estimate for replacing HVAC at the locations listed. Cost estimates can change.

Note 4> The District saves an estimated \$12.1M interest expense, per L.J. Hart calculations, by funding HVAC replacement from operating funds instead of issuing a \$24M G.O. bond (only \$24M is needed since the District already had \$9.4M cash by the end of FY23). The District CFO held discussions with the BOE, Finance Committee, and both outgoing and incoming Superintendents about the existing additional local tax revenue and options to either address critical district financial needs or roll back all or a portion of the tax revenue resulting from AV > 5.0%. These discussions occurred from April 2023 through September 2023. The Finance Committee presented to the BOE in August 2023 that they deemed it most financially prudent to use the additional tax revenue for critical needs. If the BOE follows the plan to use these funds for HVAC, then \$12.1M interest expense may be saved.

## Mehlville School District FY26 Government Funding & Budget Issues

### 1 Missouri state income tax rate - revenue is reduced due to declining tax rates. The impact is uncertain.

4.80% 2024 tax rate collected in FY25

4.70% 2025 tax rate collected in FY26 - this reduces tax revenue 2.1%

### 2 SB190 property tax frozen for residents eligible for social security. The impact is uncertain.

St. Louis County SB190 freezes a portion of residential real estate tax revenue. Local taxes are > 60% of total revenue.

The revenue impact is unclear, but it will be significant since residential property is 70% of total district value.

The County estimates are based on county-wide data and are prorated to our district without district specific calculations, so their estimates may vary significantly from actual results.

### 3 Local Tax Revenue for FY25 and FY26

FY25 tax revenue depends on the collection %. The adjusted budget is based on 96.72% collection of total levied tax.

Every .1% variance equals \$104K revenue. Historical collections averaged 97.13% over 10 years versus 96.26% in FY24.

Thus, FY25 budget variance will be \$427K favorable if 97.13% is collected, and \$480K unfavorable if 96.26% is collected.

FY26 budget will also be based on 96.72% collections, and therefore, face the same risk of variances.

### 4 Formula/Classroom Trust Revenue for FY25 and FY26

The district has the option to use the most optimal WADA from either FY23, FY24, or FY25. Weighted threshold changes make **FY25 the most optimal** to use. FRL threshold decreased from **30.95% to 16.73%** which adds almost **400 WADA**. Also, LEP threshold decreased from **2.39% to 2.09%**, adding about **40 WADA**. However, regular term ADA is unknown until after the school year, so it must be estimated for this year, then true'd up in FY26. WADA estimates for FY25 are based on actual September membership, estimated January membership, and estimated attendance %. Attendance is estimated at **91.2%**. Attendance was **91.98%** in FY24, **92.35%** in FY23, **91.59%** in FY22, **88.82%** in FY21, and **94.04%** in FY20. The average for these years is **91.76%**. So, the 91.2% estimate is conservative.

However, small attendance % deviations can result in large budget variances. A **deviation of .1%** changes revenue about **\$69.5K**. If actual FY25 attendance is **88.82%** as it was in FY21, a **\$1.65M unfavorable** variance occurs. If actual FY25 attendance is **94.04%** as it was in FY20, a **\$1.97M favorable** variance occurs. If actual FY25 attendance is **91.76%** as is the average noted above, a **\$390K favorable** variance occurs.

Furthermore, in addition to the "FY25 correction" in FY26, it is probable that the actual FY25 variance will also occur in FY26 since FY26 revenue budget will probably have the same assumptions and will most likely be using FY25 WADA estimates as the basis for the FY26 budget. So, whatever variance occurs will **not impact FY25 revenue**, but will be a **double impact to FY26 (FY25 true up plus adjusted FY26 revenue)**.

### 5 Prop A Revenue after FY26

Prop A tax levy is 3.26 cents in FY25 (2024 calendar year taxes) and generates about \$820K capital fund revenue.

This revenue will cease after FY26 if the 10 year temporary tax levy is not renewed.

## **BUDGET MESSAGE FY25 - KEY BUDGET COMPONENTS & ASSUMPTIONS**

### **Introduction**

The budget message discusses key budget assumptions and estimates, cash flow, operating results, revenues, expenses, and forecast comments. **Key points are highlighted in the executive summary section.**

### **EXECUTIVE SUMMARY**

1. **FY25 operating net gain** is zero compared to FY24 forecast operating loss of **<\$.2M>**. Operating funds are at **break-even due to reducing revenue allocated to the Capital Fund** by \$1.2M, otherwise a \$1.2M operating loss would occur (see footnote #2 on page 1 of the Cash Flow section).
2. **FY25 tax collection %**. **Local tax revenue** increased **\$1.8M**, or 1.8% from FY24. \$.9M of the increase is due to a **collection % of 97.13% in FY25 versus 96.21% forecast for FY24**. The other \$.9M is due to increased assessed value of personal property and new construction. The lower FY24 collection % is assumed to be due to higher assessed values that led to protested tax more than doubling and **unpaid tax increasing \$.9M**. The **assumption is to budget the normal collection % for FY25 but do not budget for increased delinquent tax collection**. This is a “middle of the road” approach. If \$.9M of FY24 unpaid taxes are collected in FY25 then there will be a **favorable budget variance**. However, if the FY25 collection % continues at lower rates, there will be another **unfavorable budget variance**. It is **uncertain to predict** which direction collections will go.
3. **FY25 and FY26 debt principal repayment and capital funding beyond FY26**. Due to passing Prop E, the voluntary **12 cent reduction** (that offset the 12 cent Prop S bond levy starting FY22) **became permanent** and is embedded in the tax rate (starting FY24). Due to AV increases, it is estimated 9.6 cents debt levy is needed in FY25 for principal and interest. The additional **2.4 cents could be used to prepay principal and reduce \$281K interest expense**. Similar action could be taken in FY26 for additional savings. The debt service portion used for **principal prepayments** (currently estimated at **2.4 cents**) could then be used in conjunction with the **Prop A renewal** (currently **3.2 cents**) for a **no-tax increase in April 2026** (Prop A expires after FY26). This **could produce annual funding of \$1.4M** for restricted use capital funding **similar to current Prop A restrictions**. This amount would fully cover annual funding needed for roof and bus replacement schedules for many years.
4. **FY26 real estate tax freeze**. Beginning FY26 (tax year 2025), it is uncertain how much revenue will decrease from the **real estate tax freeze** for senior citizens. Currently there is **no revenue decrease** in the forecast due to **lack of sufficient data**.
5. **FY26 Prop A renewal**. After FY26, about \$820K annual Prop A revenue will end if it not renewed. Prop A is currently 3.19 cents of tax levy. The Prop A revenue is restricted to be used for roofing and HVAC, however **annual roofing needs average about \$850K annually so the revenue is mostly used for roofing**. The **forecast for FY27 and beyond includes this capital revenue**, but if Prop A is not renewed, revenue must **decrease over \$.8M**.
6. **Capital funding** (excluding food service and ESSER) was **\$9.4M for FY23, \$23.3M for FY24, and \$22.1M for FY25, so funding is still significantly more than FY23**.
7. **Local tax benchmarks**. The estimated tax rate is **\$3.9603**, similar to FY24, which ranks **18<sup>th</sup> lowest** of 22 county districts. AV estimated increase is **1.1%**. CPI is **3.4%**. Collection rate is **97.13%**. One cent of tax levy generates **\$257K revenue**. Finally, any **voluntary rollbacks taken in 2024 cannot be reversed until 2026** (see page 1, footnote #2 in the Revenue section).

8. **Finance dashboard benchmarking** (see cash flow page 5) is DESE data showing how the district ranks among all 22 St. Louis County school districts for FY22 data in key categories. The district **rank 18<sup>th</sup> in tax rate, 20<sup>th</sup> in operating expense per student** (daily operations), and **21<sup>st</sup> in debt per student** (capital projects for infrastructure).
9. **Cash reserve history.** Historically, reserves are 23.7% (FY14), 21.3% (FY15), 25.0% (FY16), 26.7% (FY17), 28.8% (FY18), 30.3% (FY19), 36.2% (FY20), 35.9% (FY21), 34.3% (FY22), 37.0% (FY23), 33.2% (FY24 forecast), and 32.1% (FY25 budget) (see cash flow page 2).
10. **ESSER funding ceases after FY24.** FY25 19 of 34 ESSER funded interventionists were retained and absorbed into the operating budget, although 19 At Home teachers were eliminated (see page 5 in the Expense section that details staff increases and decreases).
11. **Prop S** bond proceeds of \$37.7M were received FY21. Cost of issuance is \$325K paid in FY21. Over \$22M has been spent on Prop S projects and over \$8M is budgeted for FY25, but this **may significantly fluctuate** based on project timing (see Capital section, pages 1 & 2).
12. **Health insurance** nets almost break-even. Cost increases \$1.1M due to a **6.0%** rate increase January **2024** and a **budgeted increase of 13.0%** for January **2025, but** the General Fund transfer reduces from \$1.3M to \$650K, and net 31 reduced staff reduces \$.4M cost (see page 6 in the Expense section). **However, if current year trends of 21% claims increase does not improve, rate increases may be significantly higher than the budgeted 13.0%.**

NOTE: Cash balances in operating funds and capital funds that exceed \$5M are invested in bank repurchase agreements.

- (1) Investment amount is money market/term investments (commercial paper/banker acceptances) with MOSIPS, MOCAAT, and Midwest Bank.
- (2) Arbitrage interest is related to disallowed interest from G.O. bond proceeds from Prop S. Interest in excess of 1.22% average yield of outstanding bond proceed balances must be repaid. Therefore, this portion of disallowed interest is recorded as a liability instead of revenue to avoid overstating income.
