District Honored with The Business-Education Connection Award

Recently, BVLS and Emergency Plumbing, Heating, and Air of Delaware were recognized with the Business-Education Connection Award by the Business Advisory Council. This recognition celebrates the powerful collaboration between educators and businesses who are deeply committed to preparing students for success beyond the classroom.

Recipients of this honor embody the spirit and purpose of the Business Advisory Council, where the future of our workforce is shaped through meaningful connection and shared vision.

Special thanks to Emergency Plumbing, Heating, and Air for their outstanding commitment to fostering strong partnerships between business and education. From job fairs to football game career booths, helping with CTE grants, launching shadowing and pre-apprenticeship programs, they are helping to build future career pathways for our students. We look forward to our continued partnership.
