

Pocono Mountain School District

CHROMEBOOK LOGIN INSTRUCTIONS

Every student can access one of the district Chromebooks by signing into it using their PMSD Google email address that is created by the district.

Open the Chromebook and power it up.
Make sure that you're connected to your home wireless network.

The login screen will look similar to this

A screenshot of a Chromebook login screen. It has a blue background. At the top, there's a text input field containing '123456@students.pmsd.org' with a red arrow pointing to the '@' symbol. To the right of the field is a blue button with a white 'X'. Below this is another text input field containing 'Js=12345' with a red arrow pointing to the '=' sign. To the right of this field is a blue button with a white right-pointing arrow. At the bottom, it says 'Sign in to: pmsd.org'.

Enter the following information:

Sample Student:

Jane Smith
ID # 123456

Username:

123456@students.pmsd.org

Password:

Js=12345

Please note the following:

You must type your child's ID # in exactly followed by **@students.pmsd.org**, as shown in the example above. **When entering the password; you **MUST** use your child's first initial (the first initial needs to be an uppercase letter) and last initial, the equal sign and the first five digits of your child's ID #.**

***Once you have successfully logged in, if your Wi-Fi is password protected you will most likely need to enter the password in order for the Chromebook to connect to the internet.
