2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement
<p>Margaret Landell Elementary School is a dedicated community of staff, students, and parents who partner together to provide an engaging learning environment that fosters critical thinking, academic excellence, and diversity appreciation. Our goal is for students to develop a passion for learning and become leaders of the 21st-century.</p> <p>The staff at Margaret Landell Elementary School are dedicated to providing enriched learning opportunities to all students. Teachers endeavor to help our students develop deep conceptual understanding, apply their learning through real-world experiences, and effectively communicate both their solutions and their solution pathways when solving problems. We</p>

2024-25 School Description and Mission Statement

encourage our students to try their best, take risks, employ a growth mindset, and even have some fun! The nurturing and supportive environment we provide at Landell propels our students academically and supports their social-emotional development.

Our well-rounded approach to educating the whole child has led to numerous awards and recognitions; some most recent include:

- Gold Ribbon School Award from the California Department of Education
- California Distinguished School Award 2023
- California Honor Roll Recognition from the Campaign for Business and Education Excellence and the Educational Results Partnership
- Math and Science Field Day awards from the Orange County Department of Education

Building an inclusive and welcoming school climate is a significant area of emphasis at Landell, and we strive daily to cultivate a safe and positive learning environment for all students. Our P.A.W.S. values of Positive attitudes, Acting responsibly, Working and playing safely, and Showing respect are taught, practiced, and recognized daily. This emphasis on developing student character is strengthened by the strong partnership that exists between school and home. Landell families are highly involved in all aspects of their children's education and serve as role models for students. Their tireless efforts to support our programs enable us to provide unique learning opportunities for all students. The Landell community takes great pride in our school and is deeply committed to our students' success.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement
<p>The School Site Council (SSC) is an advisory group that meets regularly to receive information, discuss school programs, and provide input toward school-based decision-making. The SSC is composed of the principal, three classroom teachers, one other school staff member, and five parents of students or community members. A subcommittee of the SSC is the English Language Advisory Committee (ELAC), which delegates its authority to the school's established School Site Council per Education Code 52870. All meetings are open to the public.</p> <p>The school actively seeks parent involvement in school programs in a variety of ways:</p> <ul style="list-style-type: none">• Parent education opportunities are provided during the year to help parents actively engage in the educational process.• Parents participate at the district level by serving on various district committees, such as the District Advisory Committee (DAC), District English Learning Advisory Committee (DELAC), and the PTA Council.• PTA supports the school program by encouraging and organizing parent involvement, promoting students' self-esteem, and enriching the school program by providing specialized programs, services, and activities.• Parent/Guardian volunteers are welcome to be a part of their child's class and support the classroom teacher.

2024-25 School Safety Plan

Landell School has developed a Comprehensive School Safety Plan to provide appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety. The plan includes school-specific goals and activities that relate to the social and physical environment of our

school. Staff members are trained and assigned responsibilities for plan implementation. There are monthly drills that allow staff and students to practice incident responses required for emergency situations. Landell and the district also work in conjunction with the community-based School Community Alert Team (SCAT). School inspection reports rated the cleanliness, orderliness, and care of the school as satisfactory. Landell's Comprehensive School Safety Plan is reviewed and updated at least annually and was last reviewed May 14, 2024.

Professional Development

Professional development (PD) is provided through a districtwide coaching model, classroom observations, Professional Learning Communities, staff meetings, teacher-principal meetings, districtwide minimum days, and districtwide PD sessions.

Professional Development

Priorities for training are determined based on data analysis from multiple sources, including student assessment data, staff surveys, and districtwide needs assessments. The PD priorities for the 2022/23 school year focused on using small group instruction to provide differentiated Tier 1 instruction and targeted Tier 2 instruction and support. Teachers received training on analyzing data to determine the next steps for students, as well as training on Tier 2 resources, including newly developed assessment tools and processes. They were also introduced to the five CASEL social-emotional competencies. For the 2023/24 school year, teachers continued to receive training on the five social-emotional competencies, ways to implement PBIS Rewards with fidelity, and strategies for providing differentiated Tier 1 to maximize student achievement. Additionally, teachers received further training on analyzing student data to provide strategic Tier 2 support to students and training on utilizing progress monitoring tools to evaluate growth throughout the Tier 2 intervention cycles. In addition to the formal training opportunities, teachers were able to complete a TOSA Ticket to request 1:1 training in the form of consultations, demo lessons, or individualized coaching support from district Teachers on Special Assignment (TOSAs). Teachers in grades K-1 received training on the newly purchased Benchmark Phonics materials. Job-specific professional development occurred for other staff (speech therapists, instructional aides, special education staff members, etc.) during district meetings, minimum days, and districtwide professional development days. Additionally, specialists attended workshops, conferences, and received support from the Greater Anaheim Special Education Local Plan Area (SELPA). Classified employees attended in-services relevant to their specific assignments.

For the 2024/25 school year, teachers will continue to receive professional development on the social-emotional competencies as well as participate in training on the newly purchased Second Step curriculum. Second Step is a Tier 1 curriculum designed to provide all students with the skills required within all five social-emotional competency areas. With the approval of the newly adopted state framework for mathematics, teachers will be provided with multiple training opportunities focused on the big ideas from the framework, as well as gaining a better understanding of the Standards for Mathematical Practice. Teachers will work collaboratively to analyze their instructional practices as they relate to developing students' problem solving and critical thinking skills. These professional development offerings are designed to impact how teachers provide mathematics instruction and to position the teachers to effectively evaluate the materials that will be approved for the newest mathematics adoption cycle. Cypress School District will continue to offer job-specific professional development for other staff (speech therapists, instructional aides, special education staff members, etc.) during district meetings, minimum days, and districtwide professional development days.
