

KEEP READING ALL SUMMER LONG WITH

Program runs from
May 24th - June 30th

To support our goal of increasing summer reading and access, students will have the opportunity to engage with Amira Learning throughout the summer!

For the best experience with Amira, students should have a quiet space and be reminded that Amira listens and records their reading. A device with a working microphone is required, and while a headset with a microphone is recommended, it is not mandatory.

- ✓ Personalized support at your child's reading level
