Anne Rauso

September 27, 2024

Dear CRES Parents and Guardians,

*Please note that next week is a shortened week with Thursday and Friday off for Rosh Hashanah.

*Our first cycle of CRES clubs are available for your review. [Please click here to review the instructions for selecting a club \(or 2\) for your child to join.](#) The dates and details for each club are listed. Happy clubbing CRES!

*Schoolwide Math Enrichment: All CRES students are invited to join Ms. Becker's "Mathletes" schoolwide Enrichment Google Classroom. Here students will have opportunities to complete challenges and activities kept current by Ms. Becker. This is a great opportunity for extension work available to all of our mathematicians! **The Class Code for the Google classroom is gcls3q4**

*Data is a very important tool for instruction here at CRES. We utilize all forms of data (both formative and summative) to guide our planning and implementation of lessons. One of the primary ways in which classroom teachers utilize data is to form small groups for more personalized levels of instruction. We try to minimize whole group instruction in favor of small groups where we can tailor the conversations to the skill and readiness levels of our students in each respective classroom. For more information about how your child's teacher utilizes data to support the growth of each student in their class, please reach out to them directly or ask about this during parent teacher conferences which are coming up October 21-24

Upcoming events...

October 3-4 - Schools closed - Rosh Hashanah

October 14 - Schools Closed for students - Columbus Day - Staff in-service

October 18 - Picture day at CRES

October 21-24 - Parent/Teacher conferences

Enjoy the weekend,

Jim Osmond and Merri Milano
