RE: Letter of intent to open Omega Academy Charter School

Dear Dr. Ralph Simpson:

In accordance with Georgia State Board of Education Rule 160-4-9-.04, please accept our letter of intent to submit a petition for Omega Academy Charter School in Clayton County Public School system.

The mission of Omega Academy is to provide students an environment of Holistic Health and Wellness and high performance learning through S.T.E.A.M. Omega Academy aims to develop future entrepreneurs which will produce successful outcomes within our communities.

Our vision for Omega Academy is to provide a first class Holistic Health and Wellness integrated S.T.E.A.M. model for an educational setting to prepare students with invaluable experiences, which will enable them to thrive in a therapeutic high performance academic milieu. The vision is accomplished through an environment that engages the entire family integrating a bio-psychosocial approach to early learning. The school will provide a safe educational setting where the behavioral health and wellness of a student is first and the academic milieu enhances Brain Architecture in early learning.

Omega Academy proposes to open for the 2022-2023 school year, serving grades K-5. Omega Academy is projecting an enrollment of 480 students.

We look forward to working with you towards the completion of our petition and the successful start of our school year.

Sincerely,

Lamar Harris,
Board Chair
