FOR IMMEDIATE RELEASE:

Leo Leffert named 2025 District Principal of the Year

Tecumseh Jr. High Principal Leo Leffert was named Middle School Principal of the Year for District 4 by the Indiana Association of School Principals.

“Mr. Leffert exemplifies what it means to be a student-centered leader,” says Katie Reckard, Assistant Superintendent. “His steadfast commitment to student success, inclusive practices and academic excellence has made an impact on the culture and success at Tecumseh Junior High School.

“It’s no surprise that he has been named the District 4 Middle Level Principal of the Year — this recognition is a testament to his vision, dedication and tireless advocacy for every learner.”

A dedicated principal, Leffert says his motivation is always to meet the needs of his students and staff and help them in any way he can.

"Honestly, I am really humbled," Leffert says. "The best thing you can do as a principal is encourage your educators to do the best they can do and then just get out of the way and let them do it.

"You don't go into this job for the accolades. You do it to help people."

Lafayette School Corp. is pleased to congratulate Leffert for his dedication, vision and impact on his school community.

The state Principal of the Year will be announced later this fall.
