A Guide to Your Plan D, E or G Health Savings Account

Updated: June 2025

Welcome to CCSD

Plans D, E and G

What is an HSA?

A health savings account (HSA) is a tax-exempt account set up with a qualified HSA trustee to pay or reimburse qualified medical expenses. CCSD contracts with ANB Bank to be the trustee for all school district HSAs. This guide is intended to assist you in understanding and using your HSA through CCSD and ANB Bank. **NOTE:** This guide is a reference tool only. It is not intended to provide legal, medical or tax advice.

Why would I want an HSA?

Your Plan D, E or G HSA offers many advantages including:

- Plan D, E or G has lower insurance premiums
- HSA balance rolls over year-to-year (no use-it-or-lose-it requirement)
- HSA is portable and always owned by you
- Save for future medical expenses or retirement
- Possible tax deductions for contributions
- Convenient claim payment options, including a debit card and/or checkbook

HSA eligibility

According to federal guidelines, you may open and contribute to an HSA if you meet all of the following criteria:

- Covered under a high-deductible health plan (HDHP) on the first day of the month
- Not covered by any other non-HDHP plan (with certain exceptions for plans providing certain limited types of coverage like vision and dental)
- Not enrolled in Medicare or TRICARE
- Not claimed as a dependent on another person's tax return
- Have not received medical benefits through the Department of Veterans Affairs (VA) during the preceding three months

NOTE: If you are unsure as to your eligibility to contribute to an HSA, please check with a qualified tax advisor for assistance.

What is a qualified medical expense?

IRS Publication 502 is available on the CCSD homepage under the Staff, Benefits & Insurance section. It can also be accessed on <http://www.irs.gov/pub/irs-pdf/p502.pdf>. This list includes both qualified medical expenses and expenses that are not qualified.

- In 2025, those age 55 or older can contribute an additional **"make-up" allowance of \$1,000** above the maximum to their HSA.
- Additionally, one-time rollover opportunities from other funds, such as an FSA, HRA and/or an IRA, are allowed in certain situations.

Contributions to an HSA can be made through **April 15th of the next year**. For example, contributions for 2025 can be made through April 15, 2026.

Frequently Asked Questions

How much does CCSD contribute to my HSA?

CCSD will contribute the following monthly amounts based on the coverage type you have elected:

Single	D - \$86 / E - \$99 / G - \$99
Employee + Children	D - \$153 / E - \$175 / G - \$175
Employee + Spouse	D - \$168 / E - \$192 / G - \$192
Family	D - \$213 / E - \$244 / G - \$244

Why would I want to contribute to my HSA in addition to the amount from the district?

HSA contributions provide a great incentive to plan ahead, prepare for big medical bills and save on health expenses. There are a number of benefits to contributing additional funds to your HSA account. Just a few of them are:

- Help meeting the deductible
- Pay for prescriptions
- Prefund healthcare costs for retirement years
- Pre-tax contributions lower taxable income
- Purchase glasses/contact lenses
- Earn interest on all contributions

How often can I change the amount I contribute to my HSA?

You can change your HSA contribution amount whenever you need to. An email to the Benefits Specialist is required.

How does the law affect reimbursable expenses?

With the CARES Act you may use your HSA to purchase over-the-counter medications without a doctor's prescription. You may also purchase non-drug over-the-counter items such as bandages, contact lens cleaner or diabetic supplies.

If I receive a check from a provider for services I have already paid for out of my HSA, how do I deposit it back into my account?

You will take the check to ANB Bank and let them know that you need to do a "return of mistaken distribution". This process requires a signature on an IRS-required form so you must go inside the branch to complete it. Please do not utilize the drive-thru.

I went to a doctor's appointment and paid for it out of my personal checking account. How do I reimbursement myself?

You can write a check to yourself out of your HSA account and deposit it into your personal checking account.

If my spouse and I are both 55 or older, can we each do the "make-up" contributions?

If you and your spouse had High-Deductible Health Plan (HDHP) coverage for the full year, you can do the full "make-up" contribution regardless of when your 55th birthday falls during the year. If only one spouse has an HSA in their name, only that spouse can do a "make-up" contribution. (See page 4)

What happens when HSA contributions exceed the maximum amount?

Contributions made to your HSA that exceed the contribution limits on December 31 are not tax-free and are included in your gross income. ANB Bank makes courtesy calls in December to all CCSD employees who are over their contribution limit asking them to come in by December 31st to withdraw the excess amount to avoid potential tax penalties.

What happens to my HSA if I leave the company?

The HSA account is yours, however you can only contribute to the HSA if you are covered by another qualified HDHP.

NOTE: A list of additional FAQs related to HSA accounts can be found on the Benefits & Insurance site under the "Related Files" PDF documents.
