End-of-Year Vaccine Requirement and Medication Pick-up

Hello parents! It's almost SUMMER! Please note the following as we close out the school year:

- 1) If your student has had any medication at school this year, we need you to pick it up from the Parkway office **on or before the last day of school (June 12th)**. After that, it will be available at the **Glen Hills office (2600 W. Mill Rd.) until Thursday, June 19th**. **After that date, your student's medication will be disposed of.** **If your student is attending Summer Academy**, their medication will be kept at Glen Hills for them to take as indicated throughout Summer Academy unless you instruct otherwise.
- 2) Additionally, **if your student is going to be going into K5 in the 2025-2026 school year**, they may have additional vaccines to receive before the next school year. The Wisconsin Student Immunization Law requires that all students entering K5 receive additional doses of polio, MMR, and Varicella vaccines, and potentially another DTaP vaccine. Please consult your child's physician about the vaccines they may need. As most pediatrician offices are scheduling weeks if not months in advance, please schedule an appointment earlier than later to be ready in the Fall when school starts back up again.

Thank you so much! Please feel free to reach out if you need anything at all!

Kimberly Hess
