

How to Connect With Your Student Using the Canvas Parent Web Portal

(Computer View)

Version 9.24.18 by Technology Integration

1

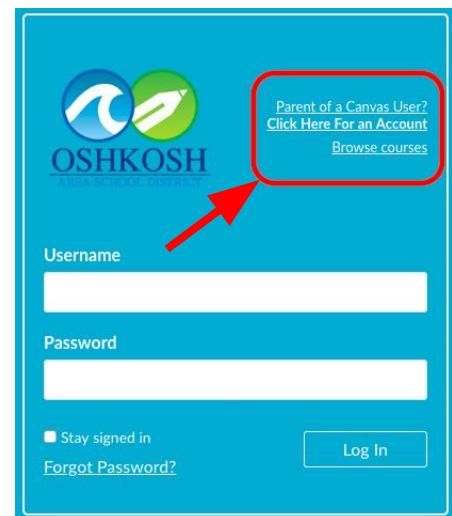

Access Canvas Parent Web Portal by visiting the [Oshkosh Area School District](http://OshkoshAreaSchoolDistrict.com) website. Hover over "QUICKLINKS" and select "Canvas Portal."

2

Create a Canvas account by clicking on the words next to the district logo.

If prompted to look up your institution, type in : **Oshkosh Area School District**

3

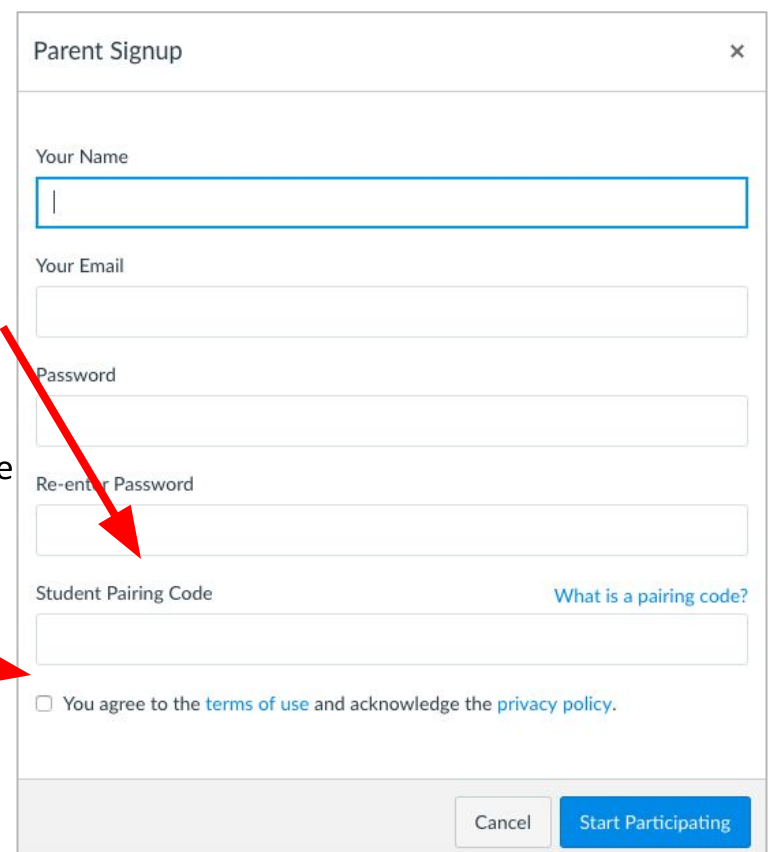

In order to pair with a student as parent observer, you will need a student generated pairing code. (See the next page of this document for instructions.)

4

Fill out the sign up form, including the pairing code that was shared with you, agree to terms, and click "Start Participating."

5

Now you're connected!

Create a Pairing Code as a Student

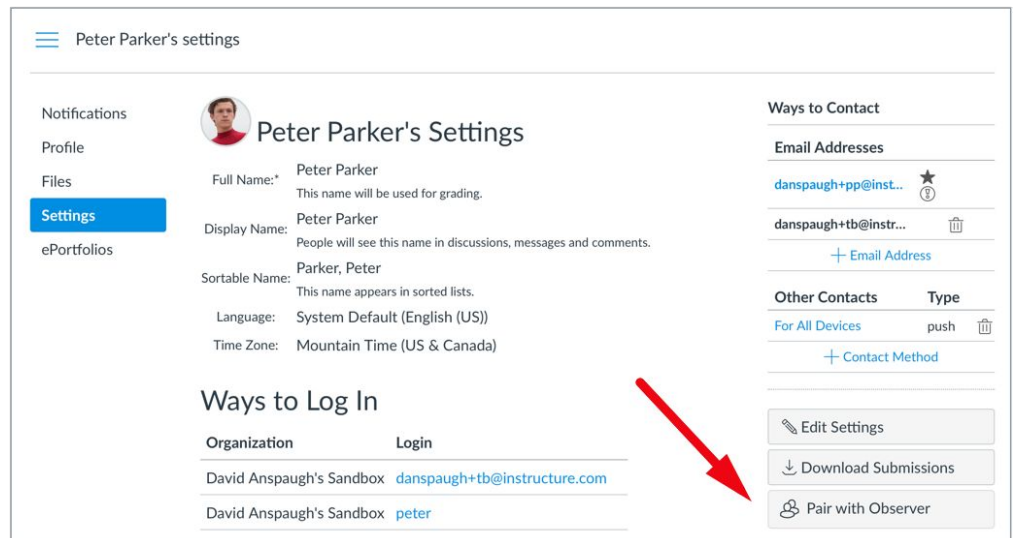

Students must log into their Canvas account

Version 11.05.18 by Technology Integration

- 1 The students need to go to their Canvas home page, select *Account*, then choose *Settings*.

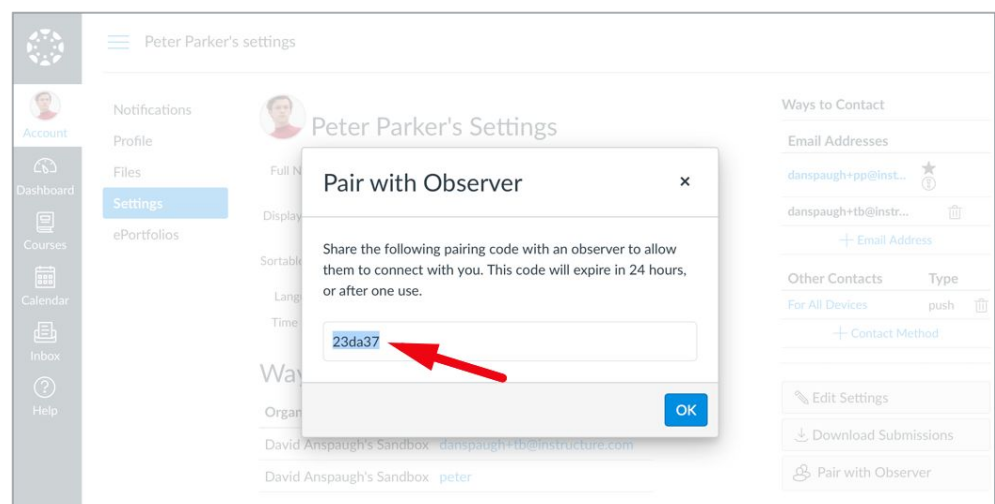

- 2 Select *Pair with Observer* from the right sidebar of the settings page.

- 3 Copy or share the pairing code with a parent observer to allow them to register.

If more than one observer account is being created, two codes will be needed. After the first account is completed, the student can back out of the pop up window. Click to Pair with Observer a second time to get a new code.

The pairing code is only good for 7 days or a new one will have to be created.

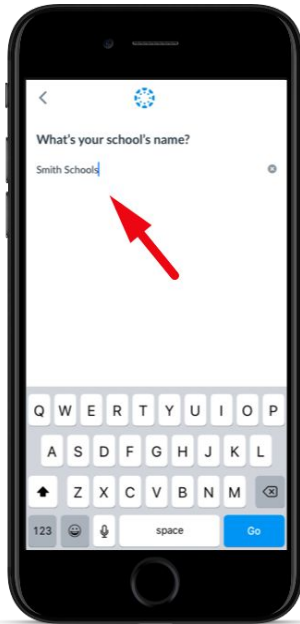

How to Connect with Your Student Using the Canvas Parent Mobile app

(Similar for both Android and iOS)

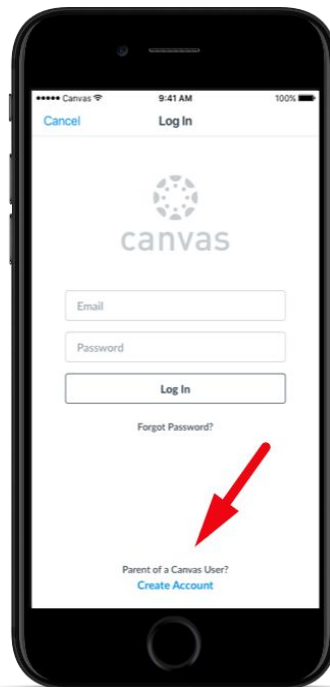

Version 9.24.18 by Technology Integration

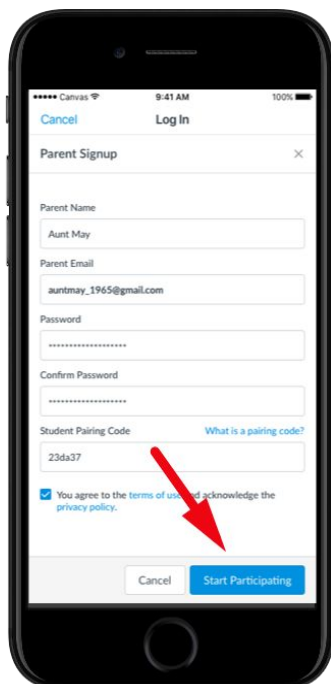

- 1 Download the Canvas Parent app from the App Store or Google Play.

- 2 Open the Canvas Parent app, tap the Find my School button, enter [Oshkosh Area School District], and proceed.

- 3 Tap Create Account link at the bottom of the login page.

- 4 Fill out the signup form, including the pairing code that was shared with you, and tap Start Participating.

(Directions for acquiring the pairing code from your student are on the second page)

- 5 You're now connected!
