

CLASS of 2026 SENIOR PHOTO REQUIREMENTS FOR THE YEARBOOK

New London-Spicer High School

The New London-Spicer yearbook holds cherished memories from your high school years; we want to make sure you look spectacular in the senior section. Professional photos are not required, but all senior photos must adhere to the guidelines below or they will not be published.

YEARBOOK PHOTO

This must be a **vertical portrait pose, typically waist up**. Attire for both boys and girls must be appropriate – no shirtless, no strapless, one-shouldered or overly revealing tops, no inappropriate slogans, no costumes, no weapons, no pets, no sunglasses, no clothing containing racial, sexual, or otherwise inappropriate messages, etc. Hats can be worn but they must be appropriate, must meet the previously mentioned slogan/message requirements, and can not completely cover the face. Props are not allowed in the senior yearbook photos. Save the “fun” poses for your friends and be sure to have one standard shot taken for the yearbook. **No “selfies”**. We want to see your faces. Senior photos for the yearbook need to be **waist and up shots** only, not full body shots from a distance.

Please **submit photos digitally**. Most photographers have this capability. Please be sure the photo is high resolution (300 dpi minimum at 2 3/8" x 3 3/8") and a .jpg. You should email digital photos to the yearbook advisor at holmquistc@isd345.org or bring them in on a CD or USB drive. We have found the photos are the best quality in the yearbook if they are submitted digitally by email, CD, or USB. If we have to scan a wallet photo, the quality is not the best. The **deadline for senior photos for the yearbook is February 1, 2026**. Please have your senior photo submitted digitally by this time.

If you are unable to have a senior photo taken, we can take a standard pose for you, free of charge, for use in the yearbook. Prints will not be provided. Please contact me if you need a standard pose taken. The other option is to utilize your school photo taken at the beginning of the school year. If you are unsure whether you will have a professional photo taken, be sure to have one taken by the school photography company. We can use that portrait regardless of whether you purchase a package. We will have 100% of the Class of 2026 pictured in the yearbook.

COLLAGE PHOTO

We also create the senior collage that is displayed at graduation and in the hallways. **A printed vertical wallet photo needs to be submitted for this collage**. The dress requirements are the same as the yearbook photos, refer to #1. The deadline for the wallet photo for the collage is **April 1, 2026** but may be submitted earlier. I realize that wallet photos may be printed later in the spring, but please submit the collage wallet photo as soon as you can. **This must be a physical copy of a wallet photo, emails are not accepted for this collage photo. The size of a wallet photo is 2 3/8" wide by 3 3/8" tall. Walmart prints the exact size you need and will even cut them if you do 1-hour pick-up prints.**

We reserve the right to refuse publication or modify photos that do not meet the above criteria.

Please contact me if you have any questions.

Thank you,

Cammie Holmquist, NL-S Yearbook Advisor
