

JERICO SCIENCE RESEARCH

Summer Assignments 2025

We will be using Google Classroom this summer for all our assignments, submissions, and where you will find all supporting information for your work.

Please join our google classroom ASAP - the code is **mm7fjgse**.

Be mindful that this classroom will have all of our Jericho Science Research students.

Juniors and Seniors - all our virtual meetings will take place using the google meet link on the left side.

Sophomores - there is a **Virtual Meeting on MONDAY June 23rd at 10 AM**. Use this link to join the meeting. **We will be discussing safety protocols, ISEF paperwork, and regulations** for experimentation in addition to the summer assignment.

All assignments can be found in the **classwork** tab of our classroom, within the "Full Summer Assignment" section.

Please note - sophomores, juniors, and seniors will have different supplemental assignments.

Seniors - the booking link for Regeneron STS appointments is posted here. Scheduling directions will be embedded in the STS timeline and milestones document that will be distributed after the applications open.

Open office hours will be scheduled here and announced on the stream.
