

Welcome to Fourth Grade!!

Dear Parents,

Welcome to Fourth Grade!

I am very excited about working with you and your scholar this school year! River's Edge Elementary is a wonderful school and a great place for your children to learn and grow.

My name is Mrs. Christie Young-Momon, and I am honored to be your child's fourth-grade math teacher for the 2025–2026 school year. I have been a teacher at River's Edge Elementary for seventeen amazing years. I earned my bachelor's degree from Michigan State University and my master's degree in Curriculum and Instruction from Central Michigan University.

I strive to make students feel welcome and comfortable in my class. The learning environment will be structured to meet the needs of each individual student. In addition, I create engaging and creative lessons to capture the interest of every student. I am looking forward to getting to know you and your child this year!

Volunteering Opportunities

We stay very busy at school with classroom projects, field trips, and other activities outside of the classroom. Throughout the year, there will be times when extra help is greatly appreciated. If you are interested in volunteering your time or sharing your talents with us, please complete the background check using the QR code below.
