

FACILITIES UPDATE 2019 - 2020

COMMUNITY SUPPORT

Thanks to the incredible support of our community, Lynwood Unified has repaired and improved campuses across the District, upgrading safety and instructional facilities. Projects have been funded by a mix of sources, including the \$93 million Measure K, a bond measure passed in November 2012, and the \$65 million Measure N, passed in November 2016. Together, the measures have funded \$68 million in projects, with \$25 million in new bonds issued in January 2020 for the next phase of improvements. Lynwood Unified is committed to following through on the promises made to our community and will continue to create better and safer learning environments for students. Thank you to our Lynwood Unified community for supporting projects that help our students to learn, play and grow.

COMPLETED PROJECTS

New Playgrounds

Lynwood Unified has renovated playgrounds at six elementary school campuses. Projects replaced playground equipment with new, accessible and child-safe apparatus and materials, including shade structures and rubberized surface material in fall zone.

Projects Completed in Spring 2020

- Abbott Elementary
- Mark Twain Elementary
- Will Rogers Elementary
- Rosa Parks Elementary
- Roosevelt Elementary
- Thurgood Marshall Elementary

COMPLETED PROJECTS

Lynwood High School

- **Marquee:** Replaced marquee at front of school with double-sided LED display with 281 trillion colors and new supporting structure.
- **Elevators:** Refurbished two elevator cabs in classroom building and one cab in the library building.
- **HVAC and LED Lighting:** Replaced 1990s air conditioning and heating equipment with modern, energy-efficient systems, including 130 water source heat pumps and a new rooftop central plant. Replaced close to 6,000 light fixtures to produce energy savings.

- **Gymnasium:** Replaced two 1,000-seat banks of aging bleachers; accessible upgrades to the parking lot and restrooms; upgrades to sound system for hearing impaired.
- **Adult School Restroom:** Repaired roof and water damage; upgraded plumbing; replaced all plumbing fixtures; replaced partitions; installed new light fixtures; and replaced sewer line. Interior finishes were replaced or repaired and painted.

Lynwood Middle School

- **Athletic Field and Track:** Field improvements, including replacement of electrical infrastructure, new synthetic track, new turf field, new goal posts and soccer nets, sprinkler system and controls, home team bleachers, fencing, landscaping, track event devices and new LED scoreboard.
- **Stormwater Facilities Improvement:** Addressed a corner region of the campus with flooding issues.

Pathway Independent Study

- **Facility Renovation:** Consolidated independent studies program into a new facility with three classrooms, two restrooms for students and two restrooms for staff. Includes a covered shelter for outdoor eating and other activities, a half-court basketball court, parking and a new marquee.

Additional Completed Projects

- **Chavez Middle School** received new paint, resurfacing of playgrounds and new gym floors.
- **Hosler Middle School** received a bleacher electrical system upgrade.
- **Lugo Elementary** received field, HVAC, playground and restroom improvements, and new flooring in classrooms.
- **Marshall Elementary** received playground repairs, facility painting and new window tinting.
